## **New Milford's Mission Statement**

The mission of the New Milford Public Schools, a collaborative partnership of students, educators, family and community, is to prepare each and every student to compete and excel in an ever-changing world, embrace challenges with vigor, respect and appreciate the worth of every human being, and contribute to society by providing effective instruction and dynamic curriculum, offering a wide range of valuable experiences, and inspiring students to pursue their dreams and aspirations.

## **Journalism II**

Journalism II is a semester course for students who wish to continue their studies in journalism. Emphasis in this course is on producing the school paper, *The Wave Review*, as well as writing and reporting school news on Wave TV. Students work with In Design and journalistic style guides and learn proofreading, editing, and story development. Students continue to critically examine electronic news media for topical concerns. All senior electives include the core text reading requirement and, in the fall semester, the “writing the college essay” assignment. Students may also choose to participate in the summer reading activity.
