

SCHOOL DISTRICT ORGANIZATION

WELLNESS POLICY

- 1. Philosophy.** The Chadwick-Milledgeville C.U.S.D. #399 School Board believes that children and youth who begin each day as healthy individuals can learn more and learn better and are more likely to complete their formal education. The Board also believes that a healthy staff can more effectively perform their assigned duties and model appropriate wellness behaviors for students. This policy encourages a holistic approach to staff and student wellness that is sensitive to individual and community needs.

- 2. Leadership.** The superintendent will lead and monitor Wellness Plan implementation and all reviews. The Wellness Review Committee will consist of the: Superintendent, Principal, Nurse, Head Cook, P.E./Health Instructor, Parent, and student input. The Wellness Plan/Policy will be reviewed every three years at a minimum. We will communicate revisions through board meeting, staff meetings, student informational meetings, and Health class updates, notices on the website.

- 3. Nutrition.** Academic performance and quality of life issues are affected by the choice and availability of good foods in our schools. Healthy foods support student physical growth, brain development, resistance to disease, emotional stability and ability to learn.
 - A. Nutrition guidelines that require the use of products that are high in fiber, low in added fats, sugar and sodium, and served in appropriate portion sizes consistent with USDA standards shall be established for all foods offered by the district's Nutrition Services Department or contracted vendors. Menu and product selection shall consult healthy dietary guidelines.
 - B. Nutrition services policies and guidelines for reimbursable meals shall not be less restrictive than federal and state regulations require.
 - C. A la carte offerings to students shall be nutritious and meet federal recommended guidelines.
 - D. **Vending Machines.**
 1. No food/snack vending machines will be on school grounds.
 2. Vending machines where student meals are served or eaten shall not include carbonated beverages.
 3. All beverage vending machines in student areas and all faculty/staff areas at school and district sites shall include:

- i. Water
 - ii. non-carbonated drinks with less than 150 calories per container
 - iii. no more than 1/3rd of the choices will be carbonated drinks
 - A. Nutrition services shall support classroom activities for all elementary students that include hands-on applications of good nutrition practices to promote health and reduce obesity.
 - B. Nutrition services will utilize **SMARTER LUNCHROOM TOOLS** to promote health and wellness.
 - C. Nutritional standards: See attached item A.
- 4. Health Education and Life Skills.** Healthy living skills shall be taught as part of the regular instructional program and provides the opportunity for all students to understand and practice concepts and skills related to health promotion and disease prevention.
 - A. Each school shall provide for an interdisciplinary, sequential skill-based health education program based upon state standards and benchmarks.
 - B. Students shall have access to valid and useful health information and health promotion products and services.
 - C. Students shall have the opportunity to practice behaviors that enhance health and/or reduce health risks during the school day and as part of before or after school programs.
 - D. Students shall be taught communication, goal setting and decision-making skills that enhance personal, family and community health.
 - E. Nutrition education goals will be taught in the health class. Some of the nutrition standards taught are as follows:
- 5. Physical Education and Activity.** Physical education shall be taught by a certified specialist. Physical activity shall be provided by a qualified staff member. Physical education and physical activity shall be an essential element of each school's instructional program. The program shall provide the opportunity for all students to develop the skills, knowledge and attitudes necessary to participate in a lifetime of healthful physical activity.
 - A. Goal 30 minutes of vigorous activity each day in P.E.
 - B. Students introduced to lifetime sports and activities.
 - C. Wellness/fitness Wednesday incorporated.
 - D. Heart rate monitors track student progress.
- 6. Physical Education Program.** The physical education program shall be designed to stress physical fitness and encourage healthy, active lifestyles. The physical education program shall consist of physical activities of at least moderate intensity and for a duration that is sufficient to provide a significant health benefit to students, subject to the differing abilities of students.

- A. Participation in such physical activity shall be required for all students in kindergarten through grade five for a minimum of thirty minutes, five days a week, or the equivalent.
 - B. Such instruction may be provided for grades 6-8 through formal physical education courses, integration into other courses, regularly scheduled intramural activities, and/or regularly scheduled school-wide activities.
 - C. High schools shall require one (1) credit for graduation, to include one semester of Personal Fitness (.5 credit) and one semester of an approved Physical Education course (.5 credit).
 - D. Students electing one of the three-year, 18 credit graduation options do not have to meet the high school requirement and may use the physical education courses listed as elective credit. Students may waive a portion or all of these requirements only to the extent permitted by state law.
 - E. Students shall be supported in setting and meeting personal fitness goals that result in the achievement and maintenance of a health enhancing level of physical fitness.
 - F. Students shall be provided varied opportunities for enjoyment, challenge, self-expression and social interaction that will lead to a physically active lifestyle.
 - G. Other activities that promote wellness: athletics, SADD, independent P.E., fitness center.
- 7. Healthy and Safe Environment.** A healthy and safe environment for all, before, during and after school supports academic success. Safer communities promote healthier students. Healthier students do better in school and make greater contributions to their community.
- A. School buildings and grounds, structures, buses and equipment shall meet all current health and safety standards, including environmental air quality, and be kept inviting, clean, safe and in good repair.
 - B. Schools and district offices shall maintain an environment that is free of tobacco, alcohol and other drugs.
 - C. Safety procedures and appropriate training for students and staff shall support personal safety and a violence and harassment free environment.
 - D. Each work site, school and classroom shall work to create an environment where students, parents/guardians and staff are respected, valued and accepted with high expectations for personal behavior and accomplishments.
- 8. Social and Emotional Well-Being.** Programs and services that support and value the social and emotional well being of students, families and staff build a healthy school environment.

- A. Each school shall provide a supportive environment that includes guidance, counseling, and school social work services that encourages students, families and staff to request assistance when needed and links them to school or community resources.
- B. Students shall be provided the skills to express thoughts and feelings in a responsible manner and give and receive support from others.
- C. Students shall be taught to understand and respect the differences in others and how to build positive interpersonal relations.
- D. Students and staff shall be encouraged to balance work and recreation and helped to become aware of stressors which may interfere with health development.

9. Health Services. An effective health care delivery system that promotes academic achievement by providing a broad scope of services from qualified health care providers will improve the mental and physical health of students and staff.

- A. Primary coordination of health services shall be through a trained school health care practitioner with the support and direction of the Chadwick-Milledgeville C.U.S.D. #399 School District and the Carroll County Health Department.
- B. Chadwick-Milledgeville C.U.S.D. #399 School District shall collaborate with community health liaisons and resources to promote health and wellness for students, families, staff and community.
- C. A coordinated program of accessible health services shall be provided to students and staff and shall include violence prevention, school safety, communicable disease prevention, health screening, including Body Mass Index (BMI), community health referrals, and immunizations, parenting skills, first aid and other priority health education topics.

10. Family, School and Community Partnership. Long term effective partnerships improve the planning and implementation of health promotion projects and events within each school and throughout the community.

- E. Family, student and community partners shall be included on an ongoing basis in school and district wellness planning processes.
- F. The equality and diversity of the school and district community shall be valued in planning and implementing wellness activities.
- G. Community partnerships shall be developed and maintained as a resource for school and district programs, projects, activities and events.
- H. Schools and the district shall actively develop and support the engagement of students, families and staff in community health enhancing activities and events at the school or throughout the community.

- I. Student feedback will be garnered through surveys and classroom input.

11. Staff Wellness. The district and each work site shall provide information about wellness resources and services and establish a staff committee to assist in identifying and supporting the health, safety and well being of site staff.

- J. Each school and district site shall be in compliance with drug, alcohol and tobacco free policies.
- K. Each school and district site shall provide an accessible and productive work environment free from physical dangers or emotional threat that is as safe as possible and consistent with applicable occupation and health laws, policies and rules.
- L. Employees shall be encouraged to engage in daily physical activity during the workday as part of work breaks and/or lunch periods, before or after work hours in site sponsored programs.
- M. Annual weight loss competition.
