

## Hunter's Hope

“If you can't learn to be friends with everyone, you can't be friends with anyone” – Hunter Scofield

This scholarship was established in honor of Hunter Scofield who was a promising HLCS student who passed away in July 2014. Hunter was a typical teenager, smart, athletic, funny and kind. Hunter wasn't perfect, but tried his best. He had the hope of everyone being friends and accepting of each other. This scholarship will be awarded by chance, as everyone is deserving of some help. We only ask that you try to remember to pass along Hunter's vision as you go through life. We all have the potential to make a difference in someone's life.

Please provide the information below to be considered for the Scholarship
