

800.1L RESALE SUPPLIES TO STUDENTS AND PUBLIC

- A. It is the policy of this school district not to purchase and resell items to the public. Exceptions to this policy are for convenience reasons whereby items may be purchased by the district and resold to students of elementary, secondary or community classes.

- B. In all situations of extra curricular or co-curricular resale, all items must be pre-approved by the administration and ordered on a school district purchase order. The items being ordered are the property of the school district, and are to be held in the office, until the point of resale is complete. In situations where personal items are being ordered, 100% of the dollars, including any shipping fee, will be requested before the order is signed.

Memo: Sales tax is applicable at the time of resale as per current Minnesota Law.
