& Cloze Passages

Dear Educator,

Thank you for downloading this product. I created this Decodable Story Pack so my students would have lots of meaningful practice with the CVCe pattern. I have included cloze passages because I find that they really help my students engage with the text more effectively. I like to print these and laminate or use page protectors and wipe-off markers to save on paper and ink.

If you have questions please feel free to contact me through the Q and A tab

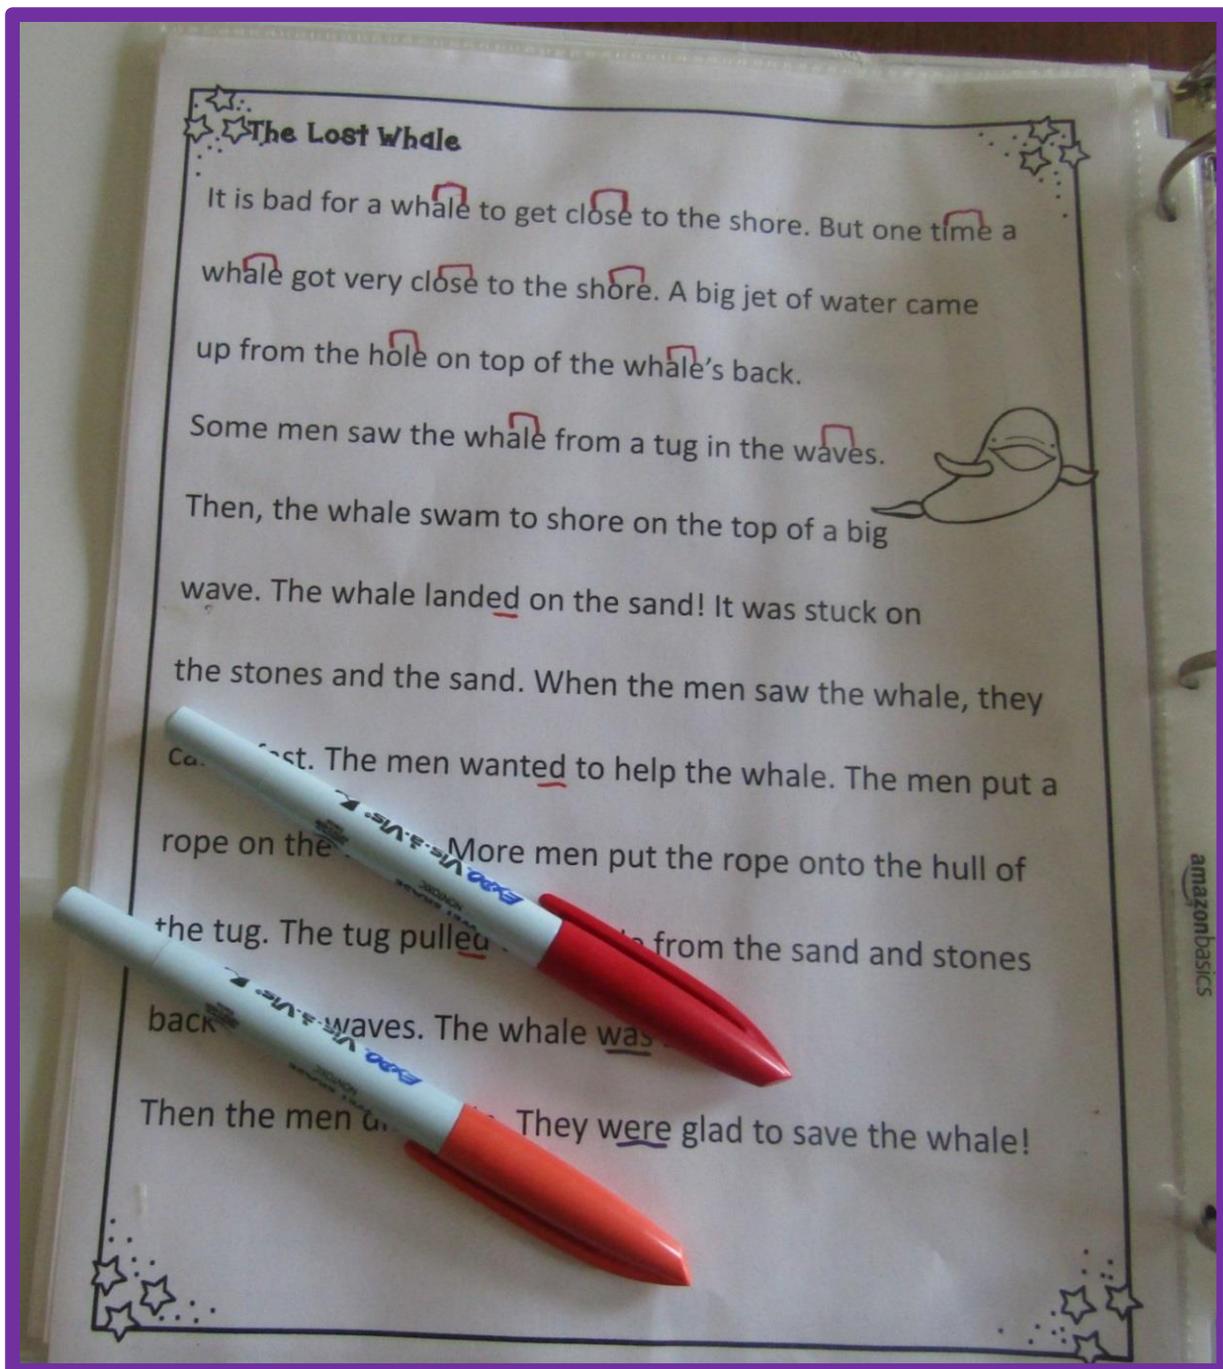

at my [store](#) or at my [blog](#). Please if you find a problem with my product or have a suggestion do contact me through the TPT Q and A tab. I will respond and fix anything quickly. Please don't give bad feedback without giving me a chance to rectify things.

Thanks

Happy SMART and Special Teaching

Jake and Luke Fish

Jake thinks there is nothing as fun as when he gets to fish. He will fish when the sun shines or when it is wet. He does not care. He likes to fish with his best friend Luke. Luke came to Jake's, and they went to camp by the lake. They put up a small tent. Then when the sun rose, they went to get some bugs to fish with. Jake got a mesh net but could not get any bugs. Jake said, "This is bad, my net has a big hole in it. I cannot get any bugs." Luke says, "I have another plan. Just put your pop can down here. I bet the bugs will go in it." The bugs did go in the can, and then the friends got lots of fish. It was a fun trip!

A Snake Scare

Jane has many pets. She has dogs, cats, and fish. One time Jane had a white rat. Jane thinks there is nothing that can scare her. One time she was by the shed with a big pile of logs. She saw a small thing in the logs. Jane thinks the thing could be another pet. But this time it was not a pet. Jane said, "Dad can you help me with these logs? I think there is a pet in them." Dad said, "Jane take your time. It could be a snake and that could bite you." So Dad got a stick to poke the log pile. A small snake came from the pile.
