

ACTIVITIES - What we will be doing?

To improve in a language, you will need to use it as much as possible in a variety of ways. We are also going to develop the other standards too (cultures, communities, connections, comparisons). Here are some of the main ways we will use it in class:

Daily Conversations - Challenge yourself to use Spanish as much as possible during class.

In-class Experiences - There will be lots of “trying” in this class including anything from new foods to new dance moves to conversations with new people.

Projects/Independent Research - Your new knowledge and expertise will be an important part to share with the class.

Out-of-class Experiences - You will have homework choices for each unit to explore Spanish and the culture beyond the classroom.

Performance Assessments - This is where you will show off what you can do in Spanish at the end of each unit and the end of the year.

Units - Each unit will include a variety of activities that will assess your evidence for the 5 C’s Standards.

Homework Experiences

Projects/Independent Research

Performance Assessments

Final Assessments - This will be a combination of assessments that will cover topics from the entire year. This will be 20% of your overall grade.
