

4.85 - Placement and Follow-Up of Career Technical Graduates

4.85

PLACEMENT AND FOLLOW-UP OF CAREER/TECHNICAL GRADUATES

4.85

Each Alexander City School System career/technical teacher is responsible for assisting graduates in job placement or entry into post-secondary education. Active files will be maintained in each school of opportunities for employment and graduates who are seeking employment. The principal shall designate school personnel to serve as a placement coordinator to maintain records of student placement and to serve as a liaison with businesses and industry representatives when career/technical teachers are not available.

School counselors will maintain active files available to students on colleges, junior colleges, technical schools and other post-secondary training possibilities. In addition, scholarship information will be made available to students.

Each career/technical teacher is responsible for the implementation of a follow-up system to determine employment and/or post-secondary education placement of graduates. A purpose of the follow-up of graduates is to solicit feedback regarding the appropriateness and effectiveness of career/technical programs.

Formal follow-up reports of graduates shall be completed according to schedules established by the Alabama State Department of Education. In addition, career/technical teachers should use informal contacts with employers of graduates to gain information and suggestions for improving instruction in career/technical classes.
