

KY-951 Cadet Guide

2019

SASI ACKNOWLEDGEMENT

This manual was transported from MS-934 with the original author (Major Marlow), with the arrival to his new unit, KY-951 for the Fall of 2015 (SY). It was praised by the Region 1 Director during the 2014 Unit Inspection and listed as a “**Best Practice**” with the following statement:

“The unit's cadet guide serves as model for any unit and as a result, I've selected to distribute to all units. Cadet guide includes all required items as well as the unit's course syllabus, uniform issue form, chain of command, national and unit awards, eight-year curriculum plan and more...”

Many hours were initially spent by the SASI to ensure at least 90% or more of a cadet's career in JROTC could be answered within the pages of this guide. Every cadet that embraces this guide, will be prepared beyond measure, if they make this their number one reference seeking guidance/answers for AFJROTC.

Since 2014, the SASI and Group Leadership of MS-934 & KY-951 review this manual over the summer months, to ensure that items are updated annually, and growth of the unit is secured with the most accurate and detailed information scribed into this living book. A committed cadet's success could be endless in AFJROTC with this knowledge.

On May 2018, HQ AFJROTC released an update to JROTC guidance & Cadet Operations supplements. Many changes went into effect, and I want to release an updated “**Cadet Guide**” to you effective immediately. All previous editions of the KY-951 are obsolete and the only cadet guide that should be used from this day forward will be dated “**2019.**”

This manual will be printed and kept in the AFJROTC classrooms at all times. It will be posted on the CCHS School website for retrieval by cadets at any time. Cadets that do not have internet access, can request a copy be issued electronically (**a PDF file electronically on CD**). Good Luck.

ROBERT R. MARLOW, Major, USAF (ret.)
SENIOR AEROSPACE SCIENCE INSTRUCTOR (SASI)
KY-951 CHRISTIAN COUNTY HIGH SCHOOL
