

Meet Mrs. McKenzie  
Welcome to   
 Second Grade!

Dear Parent/Guardian/My New Students,

Hello! Welcome to 2<sup>nd</sup> grade here at PHES. My name is Mrs. McKenzie and this is my second-year teaching here at PHES. I am so excited to have your child in my class this school year. As we begin this school year together, I want you to know that I am looking forward to meeting each of you and building a relationship with you. This year we are going to learn and grow together.

I wanted to tell you a little bit about myself. I was born in Germantown, TN but I was raised here in Olive Branch, MS. I graduated high school from Desoto Central and then went on to Mississippi State University to get my Bachelor's Degree in Elementary Education. I come from a family of educators and always wanted to be a teacher. I love the outdoors and sports. I am married to my amazing husband Kevin and we have a golden retriever Jack and a German shepherd pit mix Ellie. I am an easy going and patient person.

I am excited to be teaching your child math and science this year and will do everything I can to provide the best instruction to help your child be successful. I believe that every child is different and unique in their own way. I will strive to go the extra mile to help each individual need of every student in my class. I want us to be a team to help your student. I am open and want to hear from you. Please do not hesitate to reach out to me with any concerns or comments about your child's academic progress.

I look forward to working with you and your child throughout this 2021/2022 school year!
