Parents/Guardians,

Marion County Board of Education requires that all schools maintain current records on students with legal/custody issues. With over 450 students, Whitwell Elementary School wants to make sure our records are up-to-date. If there are legal/custody issues, please come to the school office and bring your most current copy of court documentation/parenting plan. The documents must be an original copy with a seal; we will need to make a copy of the documents as soon as possible. If we have the most current copy on file, then no action is required at this time. Please remember that if there are any changes throughout the school year, we need a copy of those as soon as possible.

*Thank you,
WES Administration*
