**DALE COUNTY SCHOOL SYSTEM VISION**

Destination: Excellence

**DALE COUNTY SCHOOL SYSTEM MISSION STATEMENT**

The mission of Dale County Schools is to develop life-long learners who have personal, economic, technological and social skills needed to be members of a global society.

**DALE COUNTY SCHOOL SYSTEM GOALS**

1. We will provide a safe and supportive environment for learning opportunities.
2. We will develop college and career ready students through multiple approaches.
3. We will demonstrate and promote being responsible, respectful and resourceful citizens.
4. We will provide opportunities to build relationships with parents, students, teachers, and community stakeholders.
5. We will utilize a rigorous and relevant curriculum to meet the needs of all students.

**DALE COUNTY SCHOOL SYSTEM BELIEFS**

1. Every person on each campus is a valued individual with unique physical, social, emotional, and intellectual needs worthy of respect.
2. Every teacher and student has the right to a safe and enjoyable learning environment that promotes student learning, fosters self-worth, and enhances his or her potential.
3. All students have the ability to learn; therefore, they should be provided with a variety of instructional approaches to support different learning styles.
4. Students have a greater opportunity for success when they are actively engaged in the learning process in a well-disciplined environment.
5. Students develop to their full potential when there is a harmonious relationship among the school, the home, and the community.
6. Students need to demonstrate their understanding of essential knowledge and skills and need to be actively involved in higher order thinking, problem solving, and quality work production in order for them to become life-long learners.
7. Students are provided opportunities for students to practice principles and qualities of self-discipline needed for democratic citizenship and responsible participation in a multicultural, multi-ethnic society.
8. Schools need to function as a learning organization in which teachers, administrators, students, parents, and the communities share the responsibility for advancing the system's mission while demonstrating dedication, a positive attitude, and a willingness to change.

## MESSAGE FROM THE PRINCIPAL

Dear Parents and Students,

Welcome to South Dale Middle School! Our faculty and staff are looking forward to an exciting and productive school year. We are committed to the success of every student. It is our duty and privilege to foster the skills that will enable every student to learn, serve, and lead on their road to becoming lifelong learners.

This handbook is published so that all students, parents, teachers, and community stakeholders may have a ready reference to information that is necessary for an understanding of the daily operation of our school. Please read and review the handbook with your child and sign all documents on page 34. South Dale has a rich heritage and we wish to continue that tradition by serving the academic and social needs of your child while providing a safe and invigorating learning environment. We promote this through a diverse curriculum, a dedicated and knowledgeable staff that establish high expectations and a school/community partnership. Collaboration, cooperation, and open communication between home and school are keys to building a strong foundation for a successful school year.

We encourage and invite parents to get involved at South Dale. We offer many opportunities for you to be involved throughout the academic year. It is important that we all share in the responsibility of shaping our young people to be productive citizens. I hope you will join me as we work together to make this a fantastic year at SDMS!

Sincerely,

Perry Dillard, Principal

## FOREWORD

The South Dale Middle School Student/Parent Guide should not be considered solely as a rulebook, but rather as an information booklet to help you in all aspects of student life at school. Anytime that a large group of people have come together to live and work, it has been necessary that some rules of conduct be formulated to protect the best interests of all concerned. It is in this spirit that this booklet has been formulated. No handbook can be all-inclusive. There may be situations that arise which are not covered in this handbook. These situations will be addressed on an individual basis.

## JURISDICTION OF THE BOARD OF EDUCATION

Students enrolled in the Dale County School System are subject to the policies of the Dale County Board of Education and to the rules and regulations of the schools. This authority applies to all school sponsored activities including, but not necessarily limited to, the following:

- \*Transportation on School Buses,
- \*Field Trips,
- \*Club and/or Organization Meetings,
- \*Occupants in an automobile driven or parked on school property,
- \*School groups, representing the school system in educational events,
- \*Other school-sponsored events including, but not limited to, athletic events on or off campus, dances, plays, proms etc., and usual and customary parking area of facilities used for school sponsored activities.

The *Code of Conduct* is in effect during the time a student is transported under the sponsorship of the school system and during the time he/she is attending school. The pupil shall be under control and supervision of school administration, or school personnel, or the bus driver as assigned.

## PARENT – STUDENT – TEACHER COMPACT

We at South Dale Middle School believe that children are our most valuable resource. It is our goal to provide the best education possible in a risk free environment promoting academic success through quality instruction. We know that learning can take place if there is a combination of effort, interest, and motivation on the part of the student, school, home and community. This compact is an agreement and a commitment to help the student be successful in middle school. We believe that this agreement can be fulfilled through our team effort. This student-parent-teacher compact is in effect during school year 2020-2021.

### DALE COUNTY SCHOOL SYSTEM STUDENT CODE OF CONDUCT FOR SCHOOLS

#### SYSTEM-WIDE DISCIPLINARY POLICY

The Dale County Board of Education Student Code of Conduct represents system-wide disciplinary policy as required by Alabama law and Federal Court Decree. It is fundamental that orderly schools have clearly defined behaviors to which students must conform. Non-conformity to these behaviors results in violations of the Code of Students Conduct. Violations are grouped into three classes that range from least to most serious. Appropriate school personnel shall investigate, verify, and take necessary action to resolve student misconduct. After determining a violation and the classification of violation, the teacher, principal or designee shall implement the appropriate sanction. Violations apply to student conduct on a school campus, at school related events, and while being transported to or from school or school related events. The principal or his/her designee, in accordance with the classifications in the Code of Conduct, will handle bus referrals. **The Dale County School Code of Conduct applies while student is attending a school related or school-sponsored activity on or off campus.**

#### PARENT RESPONSIBILITY

Any parent, guardian, or other person having control or custody of any child enrolled in public school who fails to compel the child to properly conduct himself/herself as a pupil in accordance with the written policy on school behavior adopted by the local Board of Education and documented by the appropriate school official which action may result in a suspension of the pupil, shall be reported by the principals to the Superintendent of Education of the school system in which the suspected violations occurred. The Superintendent of Education or designee shall report suspected violations to the district attorney within ten days. (Alabama Code 16-28-12)

#### DEMERIT SYSTEM

Disciplinary violations are grouped into four categories. Demerits are assigned to each category as shown below:

- Class I: 1 demerit per referral
- Class II: 3 demerits per referral
- Class III: 6 demerits per referral
- Class IV: 12 demerits per referral

**Accumulation of Demerits:** When a student receives a disciplinary referral, the school administrator or designee reviews the student's disciplinary record. The school official then calculates the total demerits accumulated by the student during the current eighteen-week term. Disciplinary action is then determined by the total demerits received by the student during the current eighteen-week term. There are several concepts to keep in mind concerning the demerit system and disciplinary action assigned.

1. Demerits are cumulative throughout each eighteen-week term.
2. Disciplinary actions are assigned based on the total demerits accumulated during each eighteen-week term (not on the individual violation).
3. The severity of disciplinary actions increases as the student accumulates demerits.
4. Demerits are removed from consideration at the beginning of each eighteen-week term (generally in August and January).

5. Only those demerits accumulated during the current eighteen-week term are considered in assigning disciplinary action.

**Disciplinary Actions Based on Accumulated Demerits:** When a student is determined by a school official to be guilty of a disciplinary violation, a school official assigns disciplinary action(s) based on the total demerits accumulated by the student during the school term in which the violation occurred. The table below shows possible disciplinary action that school official may assign as a result of accumulated demerits.

**1-4 demerits:** Conference with the student, parental contact, parental conference, before school detention, break detention, after school detention written assignments, apology to appropriate persons, corporal punishment, in-school suspension, and/or other disciplinary action(s) as deemed appropriate by the principal or designee.

**5-8 demerits:** Parental contact, parental conference, in-school suspension for up to three days, out-of-school suspension of up to five days, corporal punishment, Saturday school, Alternative School, complaint filed with the Department of Youth Services, referral to the school counselor, other disciplinary action(s) as deemed appropriate by the principal or designee.

**9-11 demerits:** Parental conference (required), in-school suspension for up to five school days, out-of-school suspension for up to five school days, corporal punishment, Saturday school for up to three days, Alternative School, complaint filed with the Department of Youth Services (required), other disciplinary action(s) as deemed appropriate by the principal or designee, other legal action as deemed appropriate by the principal with possible consultation with legal and/or court officials.

**12 or more:** Removal from campus by legal authorities, out-of-school suspension for up to ten school days, Alternative School, referral to appropriate court system, and/or referral to the Dale County Board of Education for possible expulsion, and/or other disciplinary action(s) deemed appropriate by the principal or designee.

No persons shall knowingly with intent to do bodily harm carry or possess a deadly weapon on the premises of a public school. Possession of a deadly weapon with intent to do bodily harm on the premises of a public school or school bus is a Class C felony.

In compliance with Federal Gun Free School Act of 1994 and with Alabama law, it is the policy of the Dale County Board of Education that any student determined to have brought a weapon/firearm to school be expelled from the regular school setting.

Expulsion is defined, at a minimum as the removal from the student's regular program. However, the expulsion requirement may be modified for a student on a case-by-case basis by the Board. Also, discipline of student with disabilities who violate this policy shall be determined by the Board on a case-by-case basis in accordance with the requirements of Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act.

### **SUSPENSION/EXPULSION/ALTERNATIVE PLACEMENT**

Students found to have committed the following offenses on school property, school-sponsored transportation or during a school-sponsored activity shall be brought before the Board for expulsion or alternative placement:

- homicide (murder, manslaughter);
- sexual battery;
- armed robbery;
- aggravated battery;
- battery, aggravated battery or threats to teacher or other school personnel;
- kidnapping or abduction;
- arson;
- possession, use or sale of any firearm or weapon;
- possession, use or sale of any explosive device;
- possession, use or sale of controlled substances;
- threat or false report to do harm related to bombs or explosive devices.

The expulsion limit is a minimum mandatory one (1) full year. (See subsection IV in reference to procedures for Students with Disabilities.)

Prior to taking such action against any student, the School Board shall ensure that appropriate due process procedures are followed. If a student committing one of the offenses outlined in subsection (1) of this rule is identified as disabled and participating in a program for exceptional students, then the system shall follow procedures as outlined in the Code of Student Conduct pursuant to applicable law and Board policy. This provision shall not be construed to remove a School Board's discretion in cases where mitigating circumstances may affect decisions on disciplinary action.

Local law enforcement authorities shall be notified immediately when one of the offenses listed above is committed on school property, on school-sponsored transportation, or during a school-sponsored activity. Additionally, if the offense involves a victim, school officials shall notify the victim and the victim's parents/legal guardian if the victim is a minor, of the offense and of the victim's rights to press charges against the offender. School personnel shall cooperate in any investigation or other proceedings leading to the victim's exercise of rights as provided by law.

Upon notification by juvenile authorities that a *no contact order* has been issued by the court for the purpose of a juvenile offender not attending the same school or riding the same bus as the victim of a crime committed or as the siblings of the victim, the Superintendent or his/her designee will determine the appropriate setting for delivery of educational services to the offender. If the delivery of educational services requires transportation which is beyond the existing transportation and which would incur additional costs to the school system, then the offender or the parents/legal guardians of the juvenile offender shall be responsible for arranging and paying for transportation.

If it is determined that it is not possible to deliver educational services to the offender at a different school site from the victim or the siblings of the victim, then the school system and the principal will take steps such as the use of in-school suspension of the offender and the scheduling of classes, lunch, or other school activities of the victim and the offender to keep the offender separated from the victim.

The school principal shall monitor the administration of discipline of students to ensure that discipline is administered equitably without regard to race, color, religion, gender, sexual orientation, age, ethnicity, linguistic preference, marital status, disability, political or religious beliefs, national or ethnic origin, or social and family background. Annually, the principal shall review school discipline data with the school advisory council in developing school improvement plans to maintain a safe and healthy school environment that protects the civil rights of all students.

### **PENDING CRIMINAL CHARGES**

Any student charged with violating a local, state, and/or federal law which constitutes a felony offense, or which involves any violent crime, uses of any type of weapon or illegal drug shall not be allowed to return to a regular classroom setting until all legal proceedings are completely resolved and no such charges are pending. In the event that such criminal charges are dismissed, *not prosed*, or the student is found "not guilty" by a court of law, the charged student will be allowed to re-enter a regular classroom setting and allowed to make up work missed according to school policy. Any other disposition of such criminal charges will be considered on a case by case basis to determine whether and on what conditions the student will be allowed to return to the regular class setting. In all cases, the student or parent shall present the Superintendent with

all court orders and other documentation showing that the criminal charges have been completely resolved before being allowed to return to the regular classroom.

IDEA students who violate this policy shall be dealt with in accordance to the discipline methods outlined in the IDEA and Alabama Administrative Code.

### **DUE PROCESS**

A student must know what conduct is appropriate and what is forbidden. Therefore, the rules and regulations of the Board of Education governing student conduct shall be distributed to the students and parents. Essentially, due process of law means fairness. Therefore, all students are entitled to be treated fairly under every circumstance.

Before being punished for violation of Board policies or school regulations, a student shall have the right of the following minimum due process procedures:

- The student shall be given oral or written notice of the charges against him/her.
- The evidence against the student shall be explained to him/her.
- The student shall be given the opportunity to present his/her own version of the facts concerning the charges.

When a student is facing possible expulsion, the Board shall afford the student the following:

- The right to counsel,
- The opportunity for cross examination of witnesses,
- A written record of the hearing,
- A written record of the decision.

#### **Procedural Due Process**

Procedural due process as mandated by the 14<sup>th</sup> Amendment, federal law, and state law includes the following:

- Notice of charges
- Prompt, fair hearing
- Impartial tribunal,
- Right to present defense, evidence, and rebuttal
- Right to counsel
- Right to records of the proceeding
- Right to appeal

### **SEARCH AND SEIZURE**

In conformance with State Board of Education Resolution 1-2g of Alabama State Board of Education Administrative Regulation 290-010-020-01, and the code of Alabama 16-424.1 (1975), law enforcement agencies shall be allowed to make periodic unannounced visits to any local public school for the purpose of detecting the presence of drugs. Such visits may include the use of drug-sniffing dogs. Searches may be conducted in the school facilities, classrooms or parking lots.

School officials may conduct searches or use other detection devices within the facilities, on the school grounds, or at any school functions any time that is believed that alcohol or other drugs, weapons, or any other object or substance considered harmful to the school environment may be present. Students are subject to search by school officials with reasonable cause.

### **PHYSICAL RESTRAINT**

The principal or designee has the authority to use reasonable physical force to restrain a student from abusing or attempting to abuse himself or herself, other students, teachers, administrators, parents, guardians, or other staff members. This action may be necessary to stop the behavior and to ensure to the extent possible the care, welfare, safety, and security of students and staff members. This must be done in a reasonable manner to protect all parties involved. Law enforcement may assist in this action.

### **LAW ENFORCEMENT**

Law enforcement officers have the right to come on campus to interview students as suspects or witnesses. The Board of Education authorizes building administrators to release minor students into the custody of a law enforcement officer upon presentation of a court order or warrant for the student's arrest. The student may be removed from school premises if the officer or school administrator has reason to believe that the student has violated the law. The police department, juvenile services, or other law enforcement agencies may be informed regarding the misconduct of a student. Such notification may result in an arrest, a petition, a complaint, a warrant, a conference with law enforcement officials and/or other actions deemed appropriate by the agencies involved.

### **CORPORAL PUNISHMENT**

The Dale County Board of Education permits reasonable and proper use of corporal punishment (paddling/spanking). "No student has the right to be unruly in his/her classroom to the extent that such disruption denies fellow students of their rights to

learn. The teacher in each classroom is expected to maintain order and discipline. Teachers are hereby given the authority and responsibility to use appropriate means of discipline up to and including corporal punishment as may be prescribed by the local board of education.” (AL Law 16-28a-1) Corporal punishment will be administered under the following guidelines:

1. The student will be given the reason for the punishment and the opportunity to explain his/her actions.
2. Corporal punishment will be administered by the principal or his/her designee in the presence of a school board employee.
3. A written report will be prepared for each incident and copy will be sent to the parent/guardian.

#### **TOBACCO POLICY**

The use of tobacco products and the illegal possession, distribution, and sale of tobacco products in a school building, on school grounds, on Board property, on school buses, in Board-owned vehicles, or at school-sponsored functions is prohibited. These prohibitions also apply to electronic cigarettes, vape pens, hookah pens, e-hookahs, vape pipes and any similar type of device designed to deliver nicotine, flavor, and other chemicals via inhalation or simulated smoking.

Students violating this policy shall be disciplined in accordance with the Code of Student Conduct. Employees violating this policy shall be subject to adverse employment action as defined in the employee handbook. Other persons violating this policy, including visitors and guests, may be denied re-entry to school property or Board property.

#### **ALABAMA SAFE AND DRUG-FREE POLICY**

The principal shall notify appropriate law enforcement officials when any person violates state policies concerning drugs and alcohol. If a student violates the drug-free policies, that student shall be immediately suspended from attending regular classes. The student may not be readmitted to the public schools of this state until 1) Criminal charges or offenses arising from the conduct have been disposed of by appropriate authorities, and 2) the student has satisfied all other requirements imposed by the local board of education.

Any student found to have violated school system and/or state policy concerning drugs may be referred to the Dale County Board of Education for appropriate disciplinary action to include expulsion.

If any criminal charge is warranted arising from the conduct, the principal is authorized to sign the appropriate warrant. Any decision to suspend or initiate criminal charges against a student shall include a review and consideration of the student's exceptional status, if any, or appropriate federal statutory or case law.
