

5TH GRADE ART LESSON WEEK 1

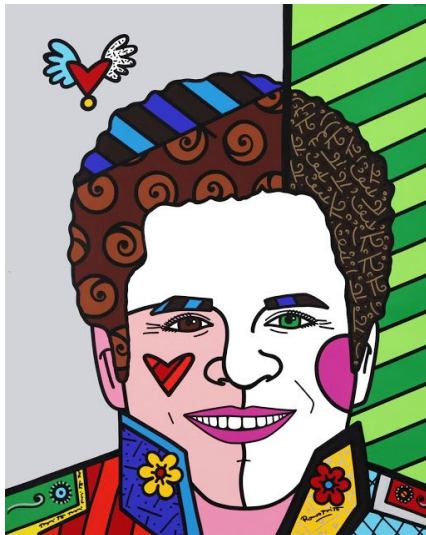

In this lesson you will be creating a self portrait! Remember a portrait is a picture of a person so a self portrait is a picture of yourself! You will be creating this self portrait in the style of Brazilian artist Romero Brito. He uses bright colors and bold patterns. This is a self portrait with a colorful twist a lot like the filters you use on social media apps!

Supplies:

Paper
Pencil
Sharpie
Crayons or markers or paint
Colored pencils

[Here](#) is a link to the video. This video was created by Cassie Stephens who is an amazing art teacher in Tennessee. The video caption says it's for fourth grade artists but I think my amazing 5th grade artists will do an awesome job!

Optional: Create a pet portrait in this style.
