## Secretary's Day

National Administrative Professionals' Day, also known as Secretaries Day or Admin Day, recognizes the professionals who keep an office running smoothly every day. We celebrate these professionals on the Wednesday of the last full week in April of each year. The day recognizes the work of secretaries, administrative assistants, receptionists, and other administrative support professionals. Central to any business, these professionals keep an office organized and efficient.

## Happy National School Secretary's Day

### Mrs. Delena Allen!

You are making a difference in the lives of the students, staff and families you work with each and every day! Thank you for being our school secretary!
