Specifically, the Taylor County School District collects your social security number for the following purposes: employment application, criminal history check (FDLE, FBI, local law enforcement agencies), Department of Homeland Security Federal I-9 form, Federal W4, W2, 1099 and other IRS documents, Federal Social Security taxes (FICA), unemployment reports (Florida Department of Revenue), Florida Retirement System documents and reports, Workers' Compensation documents and reports, Direct Deposit documents, authorizations and other documents for optional retirement programs such as 403(b) and FICA Alternative Programs, documents and reports related to Group benefits such as health, dental and life insurances, documents and reports related to supplemental deductions, documents and reports for the Florida Department of Education, Bureau of Educator Certification, Florida Department of Education, Office of Professional Practices Services and other FL-DOE departments as required, documents and reports for the Florida Department of Children and Families, Florida Department of Labor, Florida Department of Revenue and other local, state and federal agencies as required, other purposes specifically required or authorized by local, state or federal law. Benefits Notification

You are a valuable employee to the Taylor County School Board (TCSB). We appreciate our employees and have designed "Employee Benefits" to show you that appreciation.

For discussion, here, we will divide Employee Benefits into several categories. These categories are as follows:

1. Legally Required Board Paid Benefits
2. Voluntary Board Provided Benefits
3. Optional Payroll Tax Deferred Benefits
4. Paid Leave Benefits

Legally Required Board Paid Benefits

Benefits that are required by State or Federal Law are referred to as Legally Required Board Paid Benefits. Benefits you receive in this are:

1. Membership in the Florida Retirement System
2. Social Security Contribution
3. Workers' Compensation Coverage
4. Unemployment Compensation Coverage

Florida Retirement System

With your TCSB employment, you have membership in the Florida Retirement System (FRS). For this benefit, the Board pays FRS \$7.92 for each \$100 earned, and beginning July 1, 2011, all members are required to pay \$3.00 for each \$100 that they earn.

Highlights and benefits of FRS include 8 years of service starting on July 1, 2011, or 6 yrs for those hired before July 1, 2011, to vest or guarantee your membership and benefits upon retirement. Years of service may be gained while working with the TCSB, another Florida School District, a State agency, or some Florida counties and cities. Any time credited to you at FRS will remain in your account even if you leave the state to live and/or work elsewhere. In other words, under current law, once you accumulate 8 years of service under FRS, you have a retirement benefit. For more information about the Florida Retirement System, please contact Chris Olson at 838-2500.

DROP (Deferred Retirement Option Program)

The Deferred Retirement Option Program became effective 7-1-98. The DROP Program is an alternative method for payout of retirement benefits for up to 60 months for non-instructional staff and 60 months for teachers after a member reaches his or her normal retirement date. The DROP allows an employee to save (accumulate with interest) all retirement benefits payable during the DROP, while continuing employment and receiving a salary as if no retirement had occurred. For more information on DROP participation, contact Chris Olson, Superintendent's Office, Administrative Complex, (838-2500).

Social Security

For each \$1.00 that you pay into the Social Security Administration, the School Board contributes \$1.00 towards your benefits. The total amount contributed by the School Board is \$7.65 for Every \$100.00 you earn, up to a maximum of \$7,886.40.

Social Security has a number of benefits available to you and/or your dependents, including a retirement benefit, disability benefits and Medicare with hospital and medical insurance. Contact the local Social Security Administration office for more information.

Workers' Compensation

Florida law requires that TCSB provide Workers' Compensation protection for you. If you have a job-related injury or illness while on the job or while traveling on District business, Workers' Compensation will pay your medical expenses and part of your salary if you must be off work after the accident occurs. When an injury occurs, it must be reported to the employee's supervisor, and a "Notice of Injury" form must be signed by the immediate supervisor and the employee. This form must be submitted online within 24 hours to Carol Harden, Finance Office, 838-2585

Family Medical Leave Act of 1993

The Family Medical Leave Act of 1993 requires covered employers to provide up to 12 work weeks of unpaid, job-protected leave to “eligible” employees for certain family and medical reasons. Employees are eligible if they have worked for a covered employer for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles.

Unemployment Compensation

If you are laid off or your employment is terminated through no fault of your own, you may be eligible for Unemployment Compensation benefits. The Unemployment Compensation program pays you a portion of your salary for that period of time whenever you are between jobs and actively seeking employment. Your nearest office of Unemployment Compensation (WORKFORCE, 850-973-4291) can provide you with information

Voluntary Board Provided Benefits

Insurance

Insurance benefits are provided to all Taylor County School Board employees who are employed in regular, full-time positions. Employees must enroll within 30 days of initial employment. As part of your benefit package, TCSB contributes \$3,100 toward your insurance plan. Once enrolled with your selected plan, changes may only be made during our annual open enrollment period. All premiums are payroll deducted from September through June of each school year. Insurance premiums are not payroll deducted during the summer months of July and August although your insurance coverage continues during these months. Information on insurance benefits may be obtained by contacting Chris Olson at the Superintendent’s Office, Administrative Complex, at 838-2500.

Optional Financial Programs

To help you plan toward your retirement and boost your income at that time in your life, several optional financial programs are in place.

You have a number of variable annuities, mutual funds, and tax deferred compensation plans from which to choose. You have various choices for optional insurance coverage for life, cancer, disability, etc. These providers have been approved to offer these products to you through payroll deduction and, in some cases, on a pre-tax basis, which will reduce your federal tax liability.

You should compare, at Open Enrollment each year, these companies, their products and related risks, their service, and the return on your investment and make a decision that best suits your needs.

Participation may begin once a year; however, School Board Policy requires 15 employees to participate before a company may be granted a payroll deduction slot. Take this into consideration as you make a decision on participation.

Contact Charlene Stephens in the Finance Office, 838-2585, for further information.

Direct Deposit

All substitutes and new employees are required to have direct deposit of their pay. All employees are encouraged to have your check automatically deposited in the bank of your choice. The form may be obtained from your site's payroll clerk or the Finance Office. Once both the employee and the bank complete the form, and a copy returned to the Finance Office, the funds will begin to be automatically transferred to your bank.

Paid Leave Benefits

To add to your value as an employee, the District provides a number of different types of Paid Leave Benefits as follows:

- Sick Leave
 - . Personal
 - . Emergency
- Paid Terminal Sick Leave - to be paid when you retire or leave our employment
- Bereavement Leave
- Annual Leave
- Jury or Witness Duty
- Illness- in-the- Line- of- Duty Leave
- Military Leave
- Holidays
- Sick Leave Bank
- Professional Leave (may be paid or unpaid)
- Miscellaneous Non-Pay Related Benefits

Sick Leave

As a regular employee of TCSB, you earn one day of Sick Leave each month that you work full time during the year. Part-time employees earn a day that is proportionate to their hours worked per day. In other words, an employee working six hours per day in a regular position earns six hours per month sick leave.

You may use your accrued Sick Leave for your personal illness or the illness of any member of your immediate family. Your accrued Sick Leave may also be used for the death of any member of your larger family group.

A claim for sick leave shall be filed in writing with the immediate administrator or supervisor within 5 days upon the return of the employee to duty. A portion (5 days for instructional staff, 6 days for non-instructional staff) of your Sick Leave may also be used for Personal or Emergency reasons. You should refer to your applicable negotiated contract or School Board policies for specific guidelines on Personal or Emergency Leave.

An employee of the Taylor County School District may transfer sick leave to an unrelated member of the School District for their use in cases of injury or illness. Refer to TCSB Policy 7.23.

The value of your Sick Leave time can be calculated by multiplying your hourly rate of pay by your hours of accrued Sick Leave. There is no cap on the number of Sick Leave days that you can accrue. Sick Leave value is also discussed below under Terminal Sick Leave Pay. Additionally, the first four days of sick leave are advanced with the first paycheck of the new school year. Consequently, no more sick leave accrues to your balance after February or March.

Paid Terminal Sick Leave

The Board, through policy and applicable negotiated contracts, will pay you for a portion of your unused sick leave when you retire or leave the system. Should you die while still employed, your beneficiary would receive this benefit.

Current percentages of reimbursement for unused sick leave are as follows:

- 1-3 years service - 35%
- 4-6 years service -- 40%
- 7-9 years service - 45%
- 10-12 years service - 50%
- 13 or more years service - 100%

Annual Leave

Annual Leave is another valuable benefit for all employees appointed to authorized 12 month positions. To determine the value of your Annual Leave, simply multiply your hourly rate of pay by the number of accumulated Annual Leave hours. You should refer to your applicable negotiated contract or School Board policies for specific guidelines on Annual Leave.

Your Annual Leave is designed for vacations, rest, and relaxation, and you should use it for such; however, before you use your Annual Leave time, it must be earned, credited, and approved by your supervisor. To request leave, submit a Leave Request Form to your supervisor as far in advance of the day you wish to take leave as is possible.

Jury or Witness Duty Leave

You earn full pay and benefits when you are in court for the following reasons:

- Summoned to appear as a juror
- Summoned to appear as a defendant or witness in an action arising out of and in the course of your employment with TCSB
- Summoned to appear as a witness (except as a character witness) in any civil or criminal action in which you are not the defendant or the plaintiff

Any payments you receive from the court must be remitted to the Taylor County School Board. You should return to work as soon as possible.

Illness-in-the-Line-of-Duty Leave

The Board provides Illness-in-the-Line-of-Duty Leave for any employee who sustains a personal injury in the discharge of their duty or becomes ill from any contagious or infectious disease contracted in schoolwork. Refer to your negotiated contract for specific information on Illness-in-the-Line-of-Duty Leave.

Military Leave

The School Board provides up to two hundred forty (240) working hours of Military Leave with pay for you if you are a member of the Army Reserve, National Guard, Military or Naval Service and are ordered to report for temporary duty. You must provide certification from the military unit that training time could not be performed on non-work time.

Holidays

You are provided paid holidays by the Board. Holidays are designated annually by the School Board in the school calendar. The number of holidays you receive is determined by your work year and your negotiated contract. Holidays are a valuable benefit to TCSB employees. To determine the value of your holidays, multiply your hourly rate of pay by your hours per day, by the number of holidays you have during the year.

Sick Leave Bank

The School Board maintains a Sick Leave Bank for your use. The Sick Leave Bank is designed to help you cope with extended catastrophic injury/illnesses. For more information about the School Employees Voluntary Sick Leave Bank, refer to your negotiated contract and/or School Board Policy. In order to participate in the Sick Leave Bank, individual must have been employed by the TCSB for at least one year and have accumulated a minimum of 5 days sick leave. Contact Carol Harden, Finance, at 838-2585, for further information.

Professional Leave

Professional Leave days with or without pay shall be granted to employees for the purpose of attending or participating in professional meetings relating to educational workshops, seminars or conferences and for visitation for the purpose of observing instructional techniques or programs.

Board Policy/Leave of Absence of Administrative and Instructional Personnel

A leave of absence constitutes permission granted by the School Board or by District policies for an employee to be absent from duty for a specified period of time with the right to return to employment upon expiration of leave provided his/her contract is still in effect. Any absence of administrative or instructional staff members from duty should be covered by leave duly authorized and granted. Leave shall be officially granted in advance and shall be used for the purposes set forth in the leave application. Any request for leave to be granted retroactively shall be denied. Leave for sickness or other emergencies shall be granted in advance if prompt report is made to the proper authority. No leave, except military leave, shall be granted for a period in excess of one (1) year at a time with or without pay as provided by Florida Statutes, State Board of Education Rules, or School Board Rules. For any absence that is without pay, the deduction for each day of absence shall be determined by dividing the annual salary by the number of required service days.

Board Policy /Absence of Non-Instructional Employees

A leave of absence constitutes permission granted by the School Board or by District policies for an employee to be absent from duty for a specified period of time with the right to return to employment upon the expiration of leave provided his/her contract is still in effect. Any absence of a non-instructional staff member from duty shall be covered by leave duly authorized and granted. Leave shall be officially granted in advance and shall be used for the purposes set forth in the leave application. Any request for leave to be granted retroactively shall be denied. Leave for sickness or other emergencies shall be granted in advance if prompt report is made to the proper authority. No leave, except military leave, shall be granted for a period in excess of one (1) year at a time or any other period of time beyond the current contractual period. Leave may be with or without pay as provided by Florida, State Board of Education Rules, and the School Board Rules. For any absence that is without pay, the deduction for each day of absence shall be determined by dividing the annual salary by the number of required service days.

Continuation of Health Coverage (COBRA)

After your employment with TCSB has terminated (other than for gross misconduct) or if your hours are reduced, you are eligible to continue your Healthcare Program through our group. This continuation of coverage is provided under a Federal Law known as COBRA. The law also provides that your dependents may continue in the group even after their dependence eligibility has terminated. Your spouse/dependents are covered under several other circumstances as well.

These circumstances are as follows:

- * Death of spouse/parent
- * Spouse's/parent's termination (other than gross misconduct) or reduction in hours
- * Divorce or legal separation (from spouse/of parents)
- * Spouse/parent becomes eligible for Medicare

If any of these events occur to you, and your spouse or dependents wish to continue in the healthcare program through TCSB, you must contact Chris Olson at 838-2500 for additional

information and to enroll. You must contact Chris Olson immediately following any one of the above events should you desire to continue in the healthcare program through the TCSB.

Upon enrollment through COBRA, you will be notified of the premium amount. Premiums must be paid by the first of each month for coverage that month. Paying premiums on time is your responsibility. TCSB will not bill you for COBRA payments.

Unpaid Leave

The Board allows you, with the recommendation and approval of your supervisor and the Superintendent to take Unpaid Leave for various non-work related reasons. Unpaid Leave may be granted for reasons such as parental leave, educational leave, and time to care for an ill parent or child, or for personal health reasons.

Unpaid Leave must be approved before you stop work. When you are on approved Unpaid Leave, you may continue your benefits with TCSB. Contact Chris Olson, Superintendent's Office, 838-2500, to assure that you have taken necessary action to continue benefits.

For more information regarding Unpaid Leave, refer to School Board Policy, your applicable negotiated contract, and your supervisor.

School Board Meetings

School Board meetings are held the first and third Tuesday of each month, unless rescheduling is necessary due to holidays or special events. The Board meetings are held at the Administrative Complex, 318 N. Clark Street, at 6:00 p.m. All regular meetings are open to employees and to the general public. For more information regarding School Board meeting dates, agenda item deadlines, etc., contact Shanna Dodimead, Administrative Assistant to the Superintendent, at 838-2500.

Equity Statement-Grievance Procedure

The Taylor County School Board complies with all state statutes, including statutes on veteran's preference and the Florida Education Equity Act, as well as all federal statutes, including the Americans with Disabilities Act. The Taylor County School Board does not discriminate against any applicant for employment or admission, whether student or employee, on the basis of sex, race, religion, ethnic or national origin, age, marital status, disability, or educational background of the individual. Any claim that there has been a violation, misinterpretation, or misapplication regarding any of the above mentioned statutes may be processed as a grievance as herein provided, but limited to the intent of this procedure and related in no way to a negotiated contract. The Taylor County School Board will work to ensure confidentiality to the extent possible for any claim made.

If a person believes there is a basis for a grievance, he or she shall discuss the alleged grievance with the site administrator. If the site administrator is the offending person, the report should be made to the next higher level of administration or supervision. If satisfactory relief is not given, a complaint may be filed with the Superintendent of Schools. Summary of the conference shall be recorded on district forms entitled "Conference Form Affirmative Action" or "School Conference Form Affirmative Action (Student Complaint)."

Any applicant, employee, or student claiming to have been discriminated against because of sex, race, religion, ethnic or national origin, age, marital status, disability, or educational background may file a complaint with the Superintendent of Schools, provided such complaint is filed within sixty days after the initial complaint is made to the principal or administrator. Within five workdays of receipt of such complaint, the superintendent shall send the complainant a written acknowledgment of the complaint, advising that it will be acted on according to procedures set forth in the complaint procedures.

In any complaint alleging discrimination, the superintendent shall, within ten workdays after the complaint has been received, designate a three-member panel to investigate the charges.

The panel will be charged with conducting an investigation of the complainant's charges. The three-member investigative panel will be organized as follows. The superintendent will appoint one member from the affirmative action advisory committee, one member will be recommended by the complainant, and the third member, who will chair the panel, will be appointed by the other two members of the panel.

In no instance shall any member of the investigative panel be directly involved in the complaint or occupy a position that would represent the school board in any subsequent litigation.

Within thirty calendar days after receipt of the assignment, the investigative panel shall submit a report to the superintendent, which will include, but not be limited to the following:

- (a) Affidavits by the complainant,
- (b) Affidavits by witnesses testifying on behalf of the complainant,
- (c) Affidavits by any witnesses testifying on behalf of the school board,
- (d) Affidavits by the school board as to the facts of the issue,
- (e) Statement of position by the school board, together with any documents in support of that position,
- (f) Records and documents gathered in evidence from the school board,
- (g) The investigative panel's summary and recommendation to the superintendent.

Within ten workdays after receipt of the investigative panel's recommendation, the superintendent shall make a decision as to the recommendation that will be made to the school board and within twenty workdays of the panel's recommendation; the complainant will be notified of the board's action by certified mail. In the event the board's decision favors the complainant, the superintendent shall affect a resolution that will provide relief for the complainant and all others similarly situated from the discriminatory practice.

The superintendent or any other officer or employee of the school system shall be prohibited from taking any retaliatory action against any person involved in the discriminatory proceedings. For discrimination issues contact: Jan Walker, Director of Personnel, 850-838-2500, Taylor District Schools, 318 N. Clark St., Perry, FL 32347

Taylor Education Foundation

The Taylor County School Board authorized the Taylor Education Foundation in 1995. The purpose of the foundation is to provide scholarships to at-risk students, general scholarships, teacher mini-grants, and student recognition.

The Foundation is funded by payroll deduction from instructional and non-instructional School Board employees, School Board members, School District administrators, private donations, license for learning tags, state matching funds, and memorials. Contributions to the foundation are tax deductible.

Our goal is to provide even more support to the students and teachers of Taylor County in this school year. If you have not authorized a payroll deduction for the Foundation, we urge you to do so. If you are one of our supporters, we thank you, and we hope you will continue to support us in this rewarding endeavor. Contact Jan Walker, 838-2500, for further information.

Professional Development

Inservice credit for staff development in our district is earned in a variety of ways that include conferences, workshops, online courses, etc. School sites conduct in-house training to meet individual teacher needs as outlined in each teacher's Individual Professional Development Plan (needs assessment). Staff development activities are planned and implemented as a result of student growth and achievement data, teacher priorities and interests, needs assessment at each school site, priorities outlined in School Improvement Plans, and priorities outlined in the district's Strategic Plan. The school district uses the PAEC ePDC for records maintenance and for tracking inservice activity in the district. Student growth and achievement is the primary goal of staff development activities in our schools.

For further information, contact Jan Walker at 838-2500 in the Superintendent's Office, Administrative Complex.

Types of Drug and/or Breath Alcohol Testing

The Taylor County School Board will conduct drug and/or breath alcohol testing under the following circumstances:

(a) Pre-employment drug and/or breath alcohol testing

Pre-employment drug testing will be required of all job applicants within the Taylor County School System. Pre-employment Breath Alcohol Testing is required of all employees holding a Commercial Driver’s License as a condition of employment and/or those performing safety sensitive functions. Refusal to submit to a drug test or a positive confirmed drug test may be used as a basis for refusal to hire the job applicant.

Job applicants testing positive will not be eligible for employment with the Taylor County School System for one year from the date of the test.

(b) Fitness-for-duty drug testing will be required of all members of an employment classification or group that are routinely scheduled for an employee fitness-for-duty medical examination. Any employment classification or group of employees driving district owned vehicles will be routinely scheduled for an employee fitness-for-duty medical examination.

(c) Random drug and/or breath alcohol testing will be required of all employees holding a Commercial Driver’s License as a condition of employment and/or those performing safety sensitive functions.

Random alcohol and drug testing shall be conducted in accordance with the following requirements:

- 1) For non-DOT regulated, safety sensitive positions a separate random pool for drug and alcohol testing shall be administered at a minimum annual rate of 25 percent of the average number of driver positions. This rate may increase or decrease based on the reported violation rate for the entire industry of Commercial Motor Vehicle Drivers
- 2) For DOT regulated drivers random drug testing shall be administered at a minimum annual rate of 50 percent of the average number of driver positions as outlined in DOT: FMCSA 49 CFR Part 382
- 3) The employer shall ensure that drivers selected for random alcohol or drug testing proceeds immediately to the testing site upon notification of being selected.
- 4) A driver shall only be tested for alcohol while the driver is performing safety-sensitive functions, immediately prior to performing or immediately after performing safety sensitive functions.

(2) If testing is conducted based on reasonable suspicion, the supervisor shall promptly detail in writing the circumstances which formed the basis of the determination that reasonable suspicion existed to warrant the testing. A copy of this documentation shall be kept confidential by the employer and retained for at least one year.

(3) General supervisory procedures for any employee reporting for work or on the job visibly impaired are as follows:

(a) An employee with an apparent state of physical impairment who is unable to perform their required duties will not be allowed to work. If possible, the employee's supervisor shall seek another supervisor's opinion to confirm the employee's status. Then the supervisor shall consult privately with the employee to determine the cause of the observation. If, in the opinion of the supervisor, the employee is considered impaired, the employee shall be sent to the testing site by taxi or other safe transportation alternative, accompanied by the supervisor or another employee if necessary. An impaired employee shall not be allowed to drive.

(b) The supervisor shall immediately contact the Superintendent's Office and advise of the facts regarding the question of the employee's fitness to work. A decision, based on the factual circumstances, will be made by the Superintendent's Office to determine the employee's medical fitness to work. Medical screening, if required, shall be arranged as expeditiously as possible. The subject employee shall be directed to comply with screening as a condition of employment. Appropriated bargaining agents will be notified.

(c) Where evidence exists of a substance abuse problem, the supervisor will provide a referral to the Employee Assistance Program. However, it is the responsibility of each employee to seek assistance and to engage in treatment to resolve his/her problem.

(d) Based upon the specific medical report attesting to the employee's fitness to work, the Superintendent's Office will facilitate appropriate follow-up action, and communicate directly with the employee, the site supervisor, and the appropriate bargaining agent.

Action Taken - Cease attempts to administer alcohol test and prepare and maintain records above.

Time Elapsed - 32 hours

Action Taken - If the employee has not submitted to a controlled substance test at this time, the employer shall cease attempts to administer the test, and prepare and maintain the record described above.

(4) An employee subject to post-accident testing must refrain from consuming alcohol for eight hours following the accident, or until he/she submits to an alcohol test, whichever comes first.

(5) Nothing in this policy should be construed as to require delay of necessary medical attention for injured people following an accident, or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

(f) Follow-up drug and/or breath alcohol testing will be required of all employees who, while in the employment of the Taylor County School Board, enter an employee assistance program for alcohol and/or drug related problems, or an alcohol or drug rehabilitation program. These employees must submit to unannounced alcohol and/or drug tests as a follow-up to such program and on a quarterly, semi-annual, or annual basis for up to two years thereafter. Employees holding a Commercial Driver's License as a condition of employment and/or in safety sensitive positions shall be subject to a minimum of six follow-up drug and/or alcohol tests in the first twelve months.

(g) Return-to-duty drug and/or breath alcohol testing - before an employee returns to duty after engaging in prohibited conduct regarding alcohol misuse and/or controlled substance use, the employee shall undergo a return-to-duty alcohol test indicating a breath alcohol content of less

than 0.02%, and/or a controlled substance test with a result indicating a verified negative result for controlled substance use.

Drug Testing Procedures

A laboratory performing drug testing for the Taylor County School System must provide documentation of certification by the National Institute on Drug Abuse (NIDA), HRS, and the Department of Health and Human Services.

Testing will utilize techniques and procedures as established by the laboratory.

- (a) All testing for controlled substances shall be performed on urine specimens and be accomplished by means of an initial screen (Enzyme Immunoassay or EIS), followed by a confirmation of any positive findings by Gas Chromatography/Mass Spectrometry or GC/MS.
- (b) The following cut-off levels shall be used on the screening test to determine whether specimens are negative for the following five classes of drugs:

Initial Test Levels (mg/ml)

Marijuana Metabolites	100
Cocaine metabolites	300
Opiate metabolites	300
Phencyclidine (PCP)	25
Amphetamines	1000

All specimens identified as positive by the initial test shall be confirmed using Gas Chromatography/Mass Spectrometry (GC/MS) techniques at the cutoff levels listed below:

Confirmatory Test Levels (mg/ml)

Marijuana Metabolites	15
Cocaine Metabolites	150
Opiates (Morphine-Codeine)	300
Phencyclidine (PCP)	25
Amphetamines	500
(Amphetamines-Methamphetamines)	

- (c) Specimen collection procedures will be as follows:

- * The collector must positively identify the donor as the individual selected for testing. If the donor's identity cannot be established, the testing shall not proceed.
- * If requested by the donor, the collector is required to provide his/her identification.
- * Collector writes the donor's social security number or employee I.D. number in the space provided on the form.
- * The donor shall be asked by the collector to remove any coat or jacket that might conceal items or substances that could be used to tamper with or adulterate the donor's urine specimen. All personal belongings, such as a purse or briefcase, shall remain with the removed garments.

- * The donor shall be instructed to wash and dry his or her hands prior to urination, and shall not have access to any water fountain, faucet, soap dispenser, cleaning agent or any other materials which could be used to adulterate the specimen.
- * The donor shall be given a plastic container for collection of all urine to be tested. The individual may provide his/her specimen in the privacy of a restroom, stall, or otherwise partitioned area that allows for individual privacy.
- * At the collection site, toilet bluing agents shall be placed in toilet tanks wherever possible, so the reservoir of water always remains blue. There shall be no other source of water in the enclosure where urination occurs.
- * The collector receives the specimen from the donor. The collector verifies that at least .60 ml. of urine was provided for the split specimen method. If the required amount of urine is not provided, the collection is void. Several voids may **NOT** be combined to obtain sufficient quantity for the sample.
- * The collector will inspect the sample for unusual color, odor, or other signs of adulteration and will check the collection area for evidence of tampering.
- * In the presence of the donor, the collector will record the temperature of the specimen within four minutes.
- * In the presence of the donor, the collector will split the specimen and seal each bottle with a custody seal.
- * Collector will complete the chain of custody section of the Custody and Control Form in the presence of the donor.
- * Collector has the donor read the verification statement on the Medical Review Officer copy of the Custody and Control Form and has the donor complete his/her name, date, phone numbers, date of birth and signature.
- * Collector completes the Custody and Control Form.
- * Collector gives the donor his/her copy of the form and allows the donor, at this time, to write any prescriptions (that he or she may be taking at this time) on the back of their copy only.
- * Collector prepares the specimen for shipping.
- * While performing any part of the chain of custody procedures, it is essential that the specimen and custody documents be under the control of the collector. The collector must not leave the site collection area until the specimens are properly secured.

(d) An employee whose urine sample has tested positive for a controlled substance has the option (within 72 hours of being notified by the MRO) of having the other portion of the split sample tested at another laboratory. If the second portion of the sample also tests positive, then the employee is subject to the sanctions in this policy. If the second portion produces a negative result, or for any reason the second portion is not available, the test is considered negative and no sanctions are imposed.

Breath Alcohol Testing Procedures

- (a) Testing for alcohol shall be performed on breath specimens collected by Breath Alcohol Technicians (BATs). Training requirements for Breath Alcohol Technicians include a course of instruction equivalent to the DOT model course as determined by the National Highway Transportation Safety Administration (NHSTA) and must provide

documentation that the individual has demonstrated competence in the operation of the specific Evidentiary Breath Testing Device (EBT) he/she will use.

(b) The EBT instrument use in breath alcohol testing shall be a testing instrument found on the National Highway Transportation Safety Administration's Conforming Products List.

The EBT must have the ability to detect mouth alcohol as opposed to deep lung (alveolar) alcohol.

(c) Visual and aural privacy will be considered at all collection sites.

(d) Procedures for an initial screening for Breath Alcohol Testing will be as follows:

- * Employees must provide positive identification.
- * BAT shall explain procedure.
- * An individually sealed mouthpiece is opened in view of the employee and placed on EBT.
- * BAT instructs employee to blow for at least 6 seconds.
- * EBT prints directly onto form.
- * BAT shows employee display test results.
- * If test result is less than .02, no further testing is authorized. BAT transmits results to the employer in a confidential manner.
- * If test result is .02 or greater, a confirmation test will be performed.

(e) Procedures for confirmation testing for Breath Alcohol Testing are as follows:

- * Confirmation testing may be conducted by a different BAT.
- * The BAT shall instruct the employee not to eat, drink, or put anything into his/her mouth.
- * The waiting time shall be at least 15 minutes from the time of the screening test, but not more than 20 minutes.
- * Steps for testing in screening section shall be followed.
- * EBT prints results on the form and the BAT shows the employee the result displayed in The EBT.
- * BAT shall transmit the results immediately and confidentially to the employer.

(f) If the result of an employee's breath alcohol test indicates a breath alcohol concentration of 0.02 or greater, not less than 0.04, the employee shall not be permitted to perform safety sensitive functions until the start of the next regularly scheduled duty period, but not less than 24 hours following the administration of the test.

(g) If an employee has 2 consecutive breath alcohol test results of 0.02 or greater, but less than 0.04, they will be subject to the appropriate disciplinary action, up to and including termination.

(h) If an employee's breath alcohol test indicates a breath alcohol concentration of 0.04 or greater, that is considered to be a positive test for alcohol. Such an employee will be immediately removed from safety sensitive functions and will be subject to disciplinary action, up to and including termination.

(i) Within five working days after receipt of a positive confirmed test result from a testing laboratory or site, an employer shall inform an employee or job applicant, in writing of such

positive test result, the consequence of such results, and the options available to the employee or job applicant.

No school shall permit the release of such record, reports or information without the written consent of the student's parents/guardian, or of the student if he/she is qualified. However, personally identifiable records/reports of a student may be released to the following persons/organizations without the consent of the student or student's parents:

1. Officials of schools, community colleges or institutions of higher learning in which the student seeks or intends to enroll; and a copy of such records or reports shall be furnished to the parent, guardian, or student upon request.

Reporting Abuse and Neglect

The School Board strongly prohibits any action or omission constituting child abuse, neglect, or abandonment by any of its employees, agents, volunteers, or by other persons affiliated in any way with the School District. Further, all employees, agents and volunteers of the School District must comply with Florida law requiring reporting of child abuse, neglect or abandonment.

Any person who knows, or has reasonable cause to suspect, that a child is abused, abandoned, or neglected by a parent, legal custodian, caregiver, or other person responsible for the child's welfare, shall report such knowledge or suspicion to the Department of Children and Family Services. Each report of known or suspected child abuse, abandonment, or neglect shall be made immediately to the Department of Children and Family Service's abuse hotline, on the single statewide toll-free telephone number. The teacher or staff member may also contact the principal, the school designee, district office or support person to let them know the case has been reported.

Reporting Educator Misconduct (F.S. 1006.061)

The TCSD investigates when there is cause to believe the educator has broken the law or violated State Board of Education Rules, which includes the Code of Ethics and Principles of Professional Conduct. These laws and rules outline the standards of conduct expected of certified educators in Florida. All employees and agents of a public school district, charter school or private school have an obligation and legal responsibility to report misconduct by instructional personnel and school administrators which affects the health, safety or welfare of a student.
