Dear Parents/Guardians,

Provisions of federal legislation known as the 'No Child Left Behind Act,' requires school districts to provide, upon request by military recruiters, the names, addresses, and telephone numbers of secondary students, unless the student or the parent of the student opts out and request that this information not be released without prior written consent from the parent. In addition to military recruiters, you will also be opting out of having this information provided to college and/or university recruiters as well.

If you or your child wishes to opt out of this provision of the 'No Child Left Behind Act', please complete the form located at the bottom of this letter and return the **entire** letter to the guidance office by September 18, 2020. Complete **both** the 'Form for Parents' and the 'Form for Students'. **If you allow us to release your child's information please DO NOT return the form.**
