## **Sight for Students**

<http://www.sightforstudents.org/>

800-850-2020

Sight for Students is a charity that provides free vision exams and glasses to low-income, uninsured children. The program operates nationally through a network of community partners who identify children in need and VSP network doctors who provide the eye care services. More than 50,000 children each year receive a free comprehensive exam and corrective lenses if needed through Sight for Students. These are children who would otherwise not receive the eye care and eyewear they need to do their best work in school and perform their best at play.
