

ESA

Education Scholarship Account

The ESA program provides an opportunity for parents of children with disabilities who wish to withdraw their child from the public school system to use scholarship money to help defray the cost of private school tuition or other specific allowable activities to educate their child. The ESA program was created by the Equal Opportunity for Students with Special Needs Act of 2015 (SB 2695). The program is being administered by the Mississippi Department of Education, Office of Special Education.

In order to qualify for an ESA, these requirements must be met:

How are students chosen for the program?
