**Management Recommendation:**

Restructuring the service model for providing health services to school sites from two LVNs to one LVN and one Health Assistant.

---

**Discussion:**

This change enables the district to serve multiple sites more efficiently and with more time than the former model at a reduced cost. Cost comparison is the current rate for an LVN at \$20.05-\$24.28 hourly to a health assistant at \$14.16 - \$16.99 hourly. The district currently has proper supervision in place. This change in personnel provides for all currently identified health related needs in Dixon USD.

**Financial Impact:**

None

**District Goal this item addresses:**

- Increasing Student Learning
- Improving the Learning Environment
- Increasing Parental Involvement
- Managing our Resources Effectively
- Building Confidence in District Leadership
