Rollin' to Recycle!

Math Game

Thanks for downloading this freebie! This resource contains 4 different game boards. They are all identical except for the levels of math they target—addition or multiplication. An explanation of the rules, directions, and materials is given at the top of each game board.

Materials: two 6-sided dice, 12-sided dice, 20-sided dice

Game pieces are included on page 6.

Optional: print on cardstock and laminate for durability.

Game Options:

- *Single-digit Addition Review Game Board
- *Double-digit Addition Review Game Board
- *Single-digit Multiplication Review Game Board
- *Double-Digit By Single-Digit Multiplication Review Game Board

Rollin' To Recycle!

Materials: two 6-sided dice and a game piece for each player. To Play: Roll each die. Add the numbers to get the sum. Then, move the amount of spaces as the sum. If you land on an empty soda bottle, follow the arrow back. If you land on a recycle symbol, follow the arrow ahead. To win, you must roll the exact amount. The first one to reach the healthy tree wins.

1	2	3	4	5	6	7	8	9	10

Rollin' To Recycle!

Materials: two dice and a game piece for each player. To Play: Roll each die. Multiply the numbers to get the product. Then, move the amount of spaces as the product. If you land on an empty soda bottle, follow the arrow back. If you land on a recycle symbol, follow the arrow ahead. To win, you must roll the exact amount. The first player to reach the healthy tree wins.
