

# PARENT/GUARDIAN GUIDE TO ENROLLMENT EXPRESS

## INTRODUCTION

Enrollment Express is a data collection system integrated into PowerSchool. Enrollment forms will be shared with you via the Parent Portal in PowerSchool (<https://fsd5.powerschool.com>). You will see a new "Forms" link on the left-hand navigation bar.

## ACCESSING FORMS

Enrollment Express forms are accessed from your Parent Portal PowerSchool account (<https://fsd5.powerschool.com>). No separate login is necessary. Forms are tied to your child's record and can be accessed from the Forms link in the left navigation column.

## PARENT PORTAL

1. Go to <https://fsd5.powerschool.com> in your browser (not supported through PowerSchool Mobile App or phone). If you don't have internet access, please contact your school for other options.

Empty	[Blue Springs] D1 - Legal Guardians		Blue Springs	
Empty	[Blue Springs] D2 - Emergency Contacts		Blue Springs	
Empty	[Blue Springs] E - Previous Enrollment and Records Release		Blue Springs	

Click the first link in blue. This will open the first form you need to complete. Please note that new students have different forms than returning students, so your tabs may look different.

The screenshot shows a navigation ribbon with five tabs: "A - Demographics", "B - Birth Verification", "C - Residency Verification", "D - Previous Enrollment and Records Release", and "E - Academic History". The "A - Demographics" tab is highlighted in blue. Below the ribbon is a "Form ribbon" bar with a left-pointing arrow and the text "Form ribbon". To the right of this bar is an "Archive header" bar with a right-pointing arrow and the text "There are 2 previous responses to this form. Archive header".

On this form you can enter the student's basic personal information, home address and mailing address if it is different. Please note Age is calculated based on the currently saved Date of Birth. If you submit a change to this date, it may take a few minutes to reflect this change.

## Student Information

The screenshot shows the "Student Information" form with the following fields:

- First Name \***: Input field containing "Brittney".
- Last Name \***: Input field containing "Kakac".
- Middle Name**: Empty input field.
- Home Phone \***: Input field containing "1-555-555-2968". A red arrow points to the field with the text "Formatting hint".
- DOB \***: Input field containing "01/20/2004".
- Graduation Year**: Empty input field.

Below the form, the labels "Age" and "Gender" are partially visible.

Above the form is the Form Ribbon. This allows you to move between forms within a category without having to return to the Ecollect Forms page. Use the arrows on either end of the ribbon to scroll to see more forms.

Just below the Form Ribbon is the Archive Header. If a form has been previously submitted, the archive header gives you the ability to view these submissions.

The rest of the page is the form itself. Fields with the \* icon are required fields. They must be filled out in order for the form to be submitted.

A form can have one of four statuses, indicated within the status column.

### Legend

**Icons** - Form Empty - Form Approved / Populated - Form Not Approved - Form Rejected

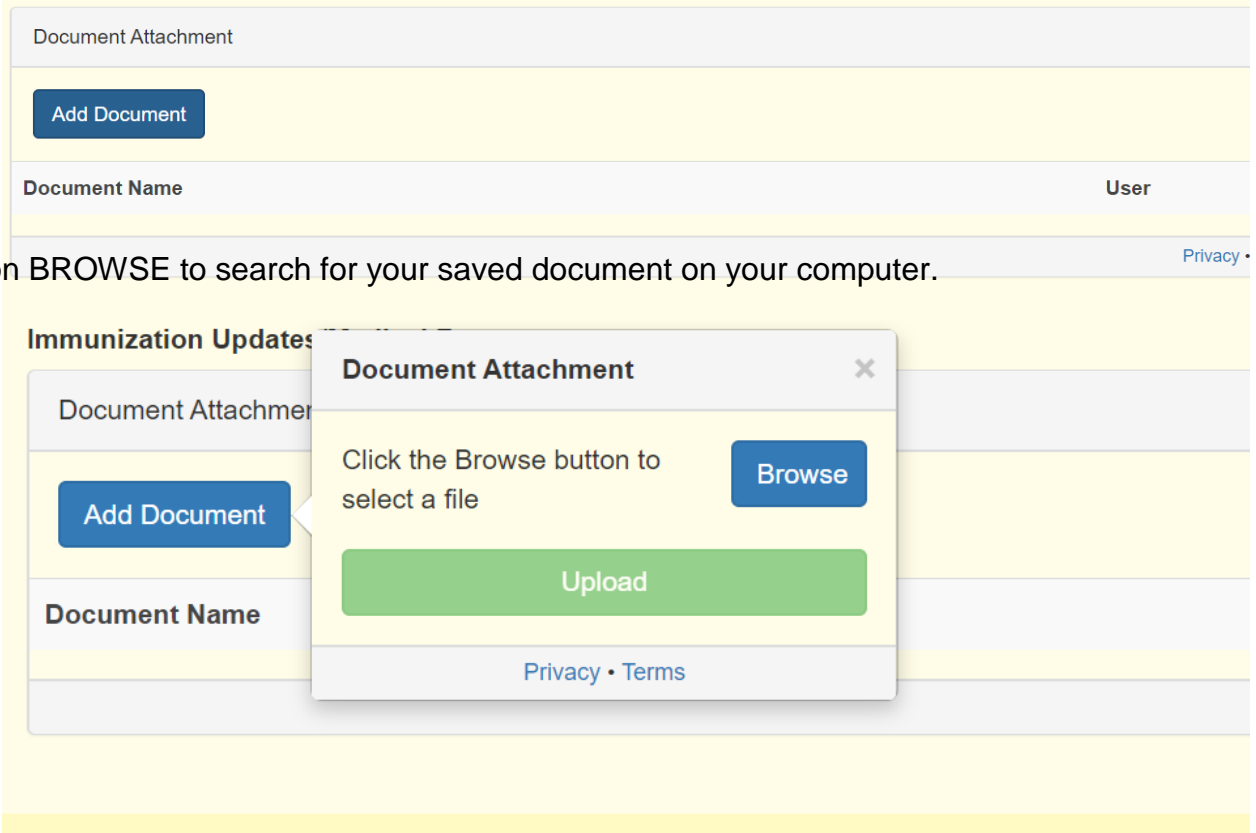

The status of Empty indicates that the form has not yet been submitted; Submitted indicates that the form has been successfully submitted.

**Enrollment is complete once your Acknowledgement of Completion has been submitted (displaying a green leaf), and all forms are approved.**

### SAVE VS. SUBMIT

Along with the Submit button is the Save button. Use the Save button if you do not yet want or are not yet able to send the form to the school/district but do not want to re-enter information already filled out.

It is recommended that you save a form if you have to step away from your computer, as PowerSchool may log you out for inactivity.

ⓘ Saved forms are saved locally on your computer. You can access the saved entry from your same user on the same browser. You will not be able to access the saved data from another device. A form with a saved entry will appear Empty in the form listing.

When to Save:

- You need to step away from the computer
- You do not have all the required information but have filled out some of the information

When to Submit:

- You are ready to send the form to the school/district

1. Notice you can select different forms by clicking on the tabs. You can also **Save for Later** or **Submit** once all required questions have been entered.

## APPROVAL OF ENROLLMENT FORM

### APPROVAL

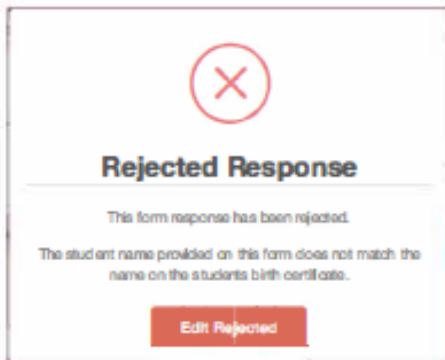

A form may be set up to require a school or district administrator to verify the information in a form when it is submitted. When that is the case, the form will go into a pending state until the administrator approves or rejects the submission. A pop-up window will open on submission, informing you the form is pending approval.

The form will have a yellow background and edited fields that need approval will have a red flag beside them. Hovering over the flag will show the current and previous response for that field. On the Ecollect Forms page, a pending form will have the status of  Pending and the row will be highlighted yellow.

If the form is approved, the status will be  Approved and the form background return to white.

If the response to the form was rejected, the form will be highlighted red in the form list and the status will be  Rejected. Clicking the form name will display the form with a red background. A pop-up window will open, letting you know the form was rejected. If the administrator indicated a reason the form was rejected, that reason will also display on the pop-up.

Click the Edit Rejected button to be able to edit your submission. Once you finish making your changes, resubmit the form. It will return to pending status.

If the form is set up to send parent notifications and you have enabled them on your account, you will receive an email when a form's status moves from Pending to Approved or Rejected.
