

EDUCATING CHILDREN WHO ARE EXPERIENCING HOUSING INSECURITY

Centennial Board
of Cooperative Educational Services
- Federal Programs
Title IX, part A of ESSA

McKinney-Vento (MV) Homeless Assistance Act

Federal Law since 1987 via
Community for Creative Non-Violence
www.theccnv.org

Public education portion of the law

Majority of the law provides funding for homeless sheltering programs

Federal abandoned & surplus buildings are available for usage to alleviate houselessness

MV

Public Pre-Kindergarten – 12th grade
/ High School Equivalency Diploma

Additional competitive grant in 5% of
U.S. school districts = CBOCES

Main themes:

- School access
- Student stability
- Academic and social success
- Child-centered

What is housing insecurity?

“children who lack a fixed, regular, and adequate nighttime residence”

http://www.cde.state.co.us/dropoutprevention/homeless_legis

Housing transition?

- **Living in motels, hotels, or camping grounds due to the lack of alternative adequate accommodations**
- **Emergency or transitional shelters**
- **Abandoned in hospitals**

Alternative living situations?

- Living in cars, parks, fields, forests, public spaces, garages, barns, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

At least 1.35 million children are without secured housing; representing 39% of the overall houseless population – Some scholars scream 3 million!

Temporarily living with others?

- Sharing the housing of other persons due to *loss of housing, economic hardship, and / or affordable housing not available*
- Most students are “Doubled up”
 - *There are no shelters in our small communities. The options in Greeley and Fort Collins are almost always full.*

Migrant Education Program (MEP)

- **Migratory children of agricultural workers living in circumstances as listed**

3-4 times more likely to be houseless

80% of new MEP were MV in 2018/19!

Inadequate

- Extensive mold, disease spreading vermin, leaking ceilings, etc
- Missing windows, doors, etc
- Dangerous = holes, vital missing parts
- Always, often or sporadic loss of electricity, heat, water, etc
- Garages, buildings not for humans, etc

Youth, Unaccompanied

- Runway = full-time, often, sporadically
- Living on own due to family entropy
- Couch [surfing] crashing/snowboarding
- Staying with girl / boy / they friend
- Attempting to survive in any above situation
- Deported parent, now living elsewhere
- Exploited by adults offering “home”
- Case by case, like all MV students

Causes of housing instability

- Colonialism, historic racism, oppressive systems
- Domestic violence = Feminization of Poverty
- Imbalanced capitalism
- Loss of job
- Health problems = exorbitant health costs
- Mental illness concerns
- Institutional racism
- Natural and other disasters
- Abuse / neglect / dysfunction
(youth, unaccompanied) – Sexual, physical, emotional, economical, & spiritual abuse

Origins & Continuation of Houselessness

Extinction of mass tribes, genocide of 90
population reduction of 1st Nation people, violent
removal to Reservations, theft of *livelihood land*
usage of Native Americans, still disproportionately
houseless...

Homestead Acts in 13 Western states removed
33% of land from Native American Tribes

Origins & Continuation **of Houselessness**

Theft of Africans, 10-100 Million dies in holocaust, 250 years of *unpaid* slave labor = \$1.7 – 5 Trillion, 90 years of Jim Crow law, 60 years of separate but equal & 35+ years of racist housing policy, still disproportionately not housed...

Origins & Continuation of Houselessness

Pre-contact / pre Europeans, 500+ years ago Indigenous Nations lived without the current borders, 50% of Spains / Mexican country taken via war, *creating many as unlawful* via 1848 Treaty of Guadalupe-Hidalgo when Europeans & Americans “purchased” and took their land in the SW, most still disproportionately lacking permanent residence...

Do math. Do equality. Do housing.

How long has she been working?

How much was she getting paid?

Formula is 25% less than her male counterpart.

Multiple it by 40 hours / wk, 50 wks / yr, & number of years working...equals?

What could she have done with the extra funds?

Youth LGBTQI+

Lesbian

Gay

Bi-sexual

Transgender

Questioning

Intersex

+ meaning including everyone else

LGBTQI+

Approximately 50% or more of the youth who are without permanent housing are LGBTQI+

Youth are forced to leave

Leave for safety & respect

BANKRUPTCY!!!

The number one reason people file for bankruptcy is medical debt, 67%.

Some health professionals get ultra high pay; ill people get ultra high bills.

A pillar of houselessness is a health care system not caring holistically for the whole human.

MV PILLARS:

Every district must designate
a Homeless Education
Liaison and apply the law

Key Provisions of McKinney-Vento

- Students can *stay in their school of origin*
- Best interest - keep students in their schools of origin, to the extent feasible

<http://center.serve.org/nche/ibt/ibt.php>

School of Origin

On average, every move to a new district creates students falling behind 4-6 months

Social relations with staff, students and special community people is either sustained and shredded

Enrollment

- Enroll in school immediately, even if they do not have required documents, such as school records, medical records, proof of residency, or other documents

Dispute Resolution

If school is at capacity, recent suspension/expulsion of student, etc = student is denied entry

“legal responsibilities of districts to notify parents/guardians/unaccompanied youth written notification of school placement and the right to appeal.”

Transportation

- School districts must eliminate barriers to school enrollment and retention
- District reroute buses, pay, share costs with other district...even taxi to ensure student attends school
- Utilizing transportation budget, general funds, etc
- Preschool is included, even when transportation not provided to students

Nutrition

Automatically receive FREE MEALS,

without filling out the paperwork

District Homeless Education Liaison sends
student information request to district
Nutrition Director
