Do a Daily Screening at Home Before Leaving for School

Knowing when to keep your sick child home is more important than ever during this pandemic. The CDC has published a Daily Home Screening tool to help parents do a quick check of symptoms each morning before leaving for school. Click [HERE](#). If a student has had close contact (within 6 feet of an infected person for at least 15 minutes) with a person with confirmed COVID-19, the parent should keep the child home and notify Sr. Cynthia Shaffer right away at cshaffer@guardiancatholic.com. Your information will be kept confidential and you will be advised on next steps.
