Asbestos Awareness Training

On April 1, 1991 I received hours of asbestos awareness training. The following topics were covered during the training:

1. Information regarding asbestos and its various uses and forms.
2. Information on the health effects associated with asbestos exposure
3. Locations of ACM identified throughout each building.
4. Recognition of damage, deterioration, and delamination of ACM
5. Name and telephone number of the person designated to carry out general LEA responsibilities and the availability and location of the management plan.

<u>Signatures</u>	<u>Date</u>
Clayton Jenkins	4-1-1991
Robert Clifford	4-1-1991
Mike Walker	4-1-1991
Nancy S. Cotton	4-1-1991
Charles Adamson	4-1-1991
Rose Adamson	4-1-1991
Paul Rizzard	4-5/91

Training - 2 hour

- a. Information regarding asbestos and its various forms and uses.
- b. Information on the health effects associated with asbestos exposure.
- c. Locations of ACBM identified throughout each school building in which they work.
- d. Recognition of damage, deterioration, and delamination of ACBM
- e. Name and telephone number of the person designated to carry out general LEA responsibilities and the availability and location of the management plan.

Training - 14 hour

- a. Proper methods of handling ACBM
- b. The use of respiratory protection
- c. Other personal protection measures
- d. Hands-on training in good work practices

Short-term workers must also be told where asbestos material is located in our buildings.

Outline

1. Asbestos - forms and uses
2. Health effects - Pamphlet
3. Locations of ACM in the buildings
4. Recognition of damage, deterioration, delamination
5. Name and telephone number LEA asbestos coordinator
