School Plan for Shared Student Achievement

What is it?

This is a plan that describes how Mount Zion Middle will provide opportunities to improve family engagement to support student learning. Mount Zion Middle values the contributions and involvement of parents and family members to establish an equal partnership for the common goal of improving student achievement. This plan describes the different ways that Mount Zion Middle will support family engagement and how parents can help plan and participate in activities and events to promote student learning at school and at home.

How is it revised?

Mount Zion Middle School invited all parents to attend our Annual Title I Meeting on July 31, 2019 from 9:00-9:45 am and our Stakeholder Engagement Input Meeting on July 31, 2019 from 9:45-10:30 am at MZMS to review and revise this parent and family engagement policy, as well as the schoolwide plan, our school-parent compact, and the family engagement budget. The draft copy of this plan was published on the school's website from August 8-26, 2019 for additional input. Parent input and comments regarding this plan are also welcome during the school year through an online form located on the school website. The plan is posted on our school website for parents to view and submit feedback throughout the year. All parent feedback received during the year will be used to revise the plan for the next school year. We also distribute an annual survey online during March to ask parents for their suggestions on the plan and the use of funds for family engagement. Paper copies of the plan are available in the front office of the school. Parents and family members can also give feedback during several parent meetings and activities during the school year. Any unresolved complaints will be submitted to the Title I representative at Carroll County Schools.

Who is it for?

All students participating in the Title I, Part A program, and their families are encouraged and invited to fully participate in the opportunities described in this plan. Mount Zion Middle will provide full opportunity for the participation of parents and family members with limited English, with disabilities, and of migratory children.

Where is it available?

- ✓ Provide monthly trainings for staff at least twice per semester during face to face faculty meetings and online resources on strategies to improve communication with parents and ideas to increase family engagement with all content areas for our students outside of the classroom. Staff will also share best practices during regularly scheduled collaborative plannings.
- ✓ Partner with early childhood programs, middle and high schools, college and career ready resources or organizations, parent resource centers, or other programs (as applicable) to help prepare parents and their children for successful school transitioning.
- ✓ Share information in English and Spanish on the school website and in the school newsletter for parents to understand the school's academic standards and assessments as well as the ways parents can monitor their child's progress and work with educators.
- ✓ Communicate with all families and the community on a regular basis regarding schoolwide events and activities, through school messenger, Constant Contact newsletters, social media, and flyers.
- ✓ Work with our parents to develop relevant trainings and helpful presentations to educate our staff on the importance of parent and family engagement and how to support student learning.
- ✓ Provide necessary materials and handouts for parents at conferences, meetings, and activities to help parents work with their child to improve their child's achievement.
- ✓ Use our Business Partners in Education and School Leadership Team to improve awareness of the activities and events listed in the school parent and family engagement policy.
