

# Prescription Medication

## (Physician's Order and Parental Consent)

The medication policy of the Chester County School System states that medications be administered only when the student's health requires that they be given during school hours. Medications administered at school must be in original container with pharmacy label attached and administered under the supervision of the school nurse, school administrator, or his/her designee. Written authorization from the student's parent/guardian and physician is required, and is for the current school year only.
