At Home 6

 _____  _____ e  _____ e

we have a red car. 

Table of Contents

page 3-5	Directions
page 6	MP3 Files
page 7	PowerPoint Slides with Audio
page 8	At Home 6
page 9	At Home 7
page 10	At Home 8
page 11	At Home 9
page 12	At Home 10
page 13-18	Answer Keys
page 19	Credits

DIRECTIONS

In order to use these QR codes, you will need:

1. A device to scan the code, such as an old smartphone, iPod, iPad, or other tablet
2. A QR Code Scanning app. A free app that I use is QR Code Reader & Barcode Scanner. However, there are several free options to choose from in the App Store!
3. Wi/Fi

Then you're all set! Simply copy the page you need, put it next to your device, and let the students get to work! Your kids will need crayons and pencils to work through the activity.

The best part? Students will listen and follow directions by coloring each picture according to what I say. We will focus on listening and following directions, as well as review lots of different language arts and math skills. I am a 23 year veteran teacher and it's like I'll be taking a small group in your class! 😊 My class loves these activities every year! I hope your class will, too!

Skills

- *Listening
- *Following Directions
- *Beginning Sounds
- *Ending Sounds
- *Capitalization
- *Punctuation
- *Reading Fluency
- *Counting
- *Counting Back
- *Number Order
- *Academic Vocabulary

Students will follow my directions and color objects according to my specifications.
We will work on beginning/ending sounds,
rhyming, counting, etc.

Students will write words to match pictures, read
fluently with expression, edit a sentence, write a
sentence, draw spots on a ladybug to count backwards
from any number, etc.

I guide students through the entire activity
so that we are all successful!

HERE IS ANOTHER OPTION!

MP3 Files

All of the activities are also offered in an MP3 format. You can download the MP3 files DIRECTLY onto your devices or computer. No Wi/Fi is necessary! It will work the same way, except that students will not scan the QR code. Students will need to locate the activity you want them to do so you might want to only load that specific activity.

You will find the MP3 files in the zip folder.

HERE IS ANOTHER OPTION!

PowerPoint Slides with Audio

All of the activities are also offered as PowerPoint slides with audio. These will work on any device or computer with Microsoft PowerPoint installed. Instead of the QR code, students will see a megaphone. Click on that and the audio will begin! Students will still need the printable to complete the activity.

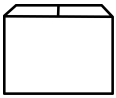

**PP Slides with
Audio**

These can be
found in the
zip folder.

_____ e

we have work to do.

Answer Keys

The following pages are the answer keys. However, please keep in mind that the colors can vary. In order to make this activity fun and engaging, and NOT stressful, I emphasized that the colors could be *some kind of* blue, or *some kind of* red, or *some kind of* green.

As a full time first grade teacher, I know that red, black, brown, and yellow crayons tend to disappear. So, in my classroom, it's okay to use a red-violet crayon if you can't find your red crayon. The same goes with several other colors. Besides lessening the stress on the student, it lessens my stress, as well! Ha!

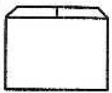

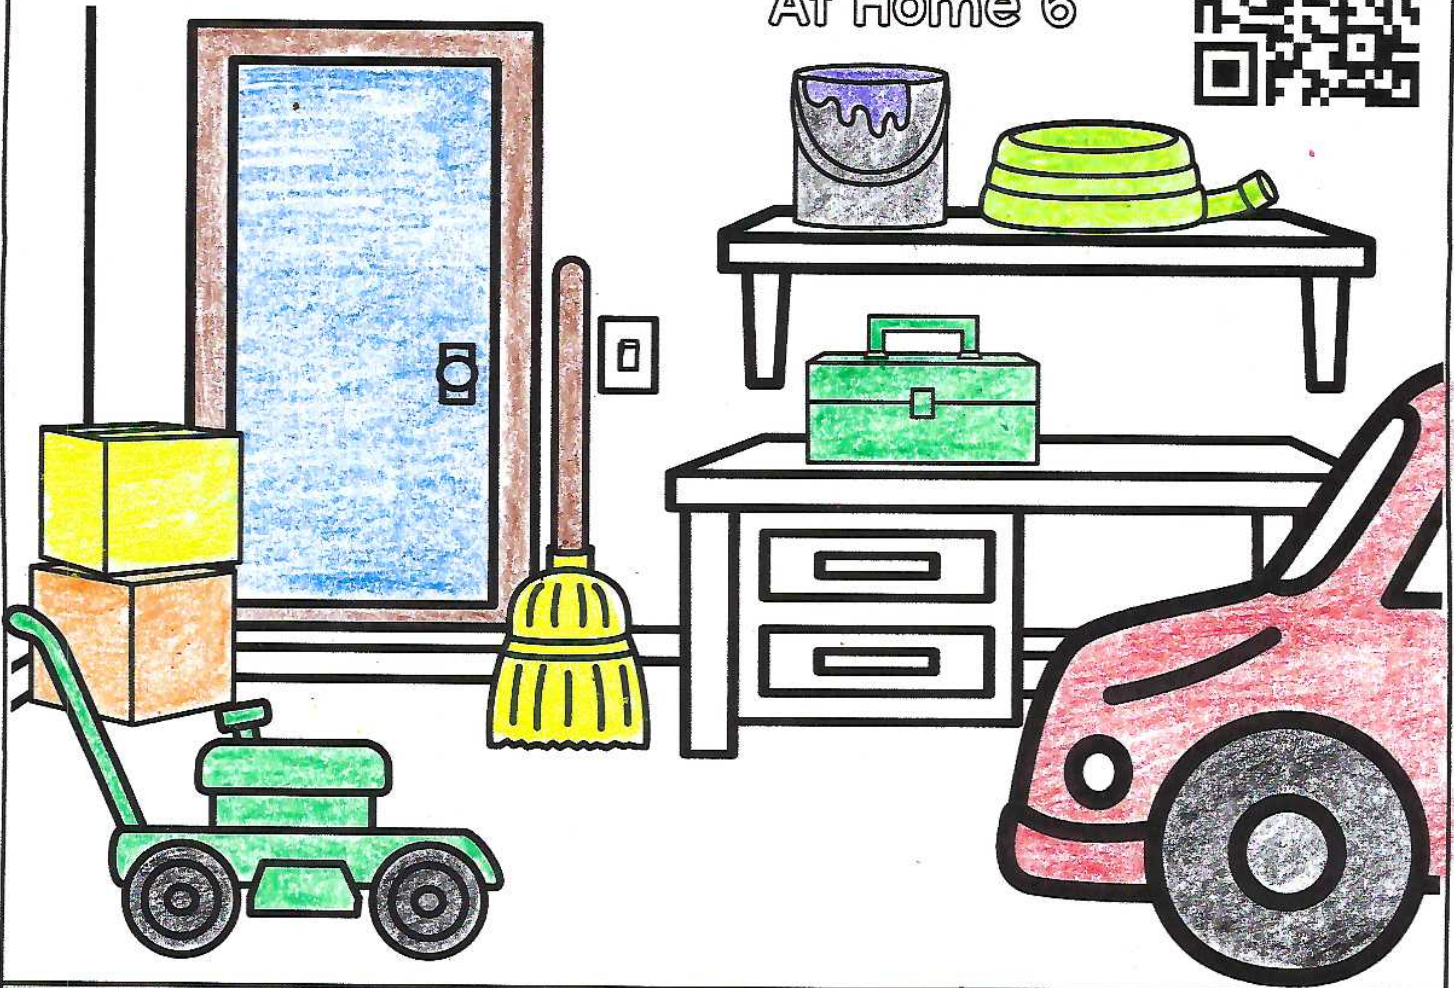

Also, if students don't have a gray crayon, I encourage them to use their black crayon (lightly) or use their pencil to make a shade of gray.

So even though this is an "answer key", please don't take the coloring portion too seriously. 😊 However, the bottom portion should be correct because we complete it together.

Thank you!
