*Director of Curriculum and Professional Development*

*Date of Presentation to the Board of Education: Aug 4, 2014*

*(Spanish 1B – Grade 8)*

# **Spanish 1B Course**

## **8<sup>th</sup> grade**

### **Mission Statement:**

*The mission of the Wolcott Public Schools is to promote the academic, social, and emotional development of all students to become contributing members of the global community.*

### **Departmental Philosophy:**

The philosophy of World Languages at Tyrrell Middle School is to develop basic language skills as a means of communication in the target language. Students are encouraged to develop an appreciation for language as a basis of communication which can foster awareness of diverse cultural backgrounds and values and to accept and understand those backgrounds and values in the local community and globally. By the end of Grade 12, students will listen, speak, read and write proficiently in at least one language other than English, and will understand the culture(s) of that language.

### **Course Description:**

This course is an introduction to the Spanish language and culture. The World Language curriculum at Tyrrell Middle School is designed to meet the Nine Standards of the Connecticut World Language Curriculum Framework which is based on the National Standards of the American Council on the Teaching of Foreign Languages (ACTFL) and the 5 C's (Communication, Cultures, Connections, Comparisons, & Communities). Students will communicate with others in another language, understand culture to communicate and function appropriately in another culture, and use their understanding of another language and culture to reinforce and expand their knowledge of other disciplines as well as deepen their understanding of that language and culture. Students will also make comparisons among languages and cultures, and use the knowledge of the language and culture to enrich their lives and broaden their opportunities. The structural elements of the language and cultural awareness will be reinforced through oral and written activities, realia, re-enactments of real-life situations and technology-based presentations.

## Spanish 1B –Grade 8

**Content Standard: August: Review geography (continents, countries, capitals, nationalities, & locations) and weather**

<i>Performance Standards</i>	<i>Sample Activities</i>	<i>Assessment Strategies</i>	<i>Resources</i>

## **Assessments**

[That are aligned to the curriculum – this will be done through the data teams throughout the year – no need to do them now, I just wanted to let you know where they will go in the curriculum, as we complete them. Thank you.]

Assessments are aligned to the curriculum. Assessments will be developed throughout the year as well as within the Data teams. These will appear in our World Language Data Team Assessment folder.
