

New Era Elementary Parent Handbook

2020 - 2021

**Shelby Public Schools
New Era Elementary School
4th & 5th Grade
2752 Hillcrest Dr.
New Era, MI 494 46
231-861 -2662**

Welcome to the 2020-2021 school year at New Era Elementary School. We are excited to welcome back the fifth graders who spent last year with us, and are eagerly waiting to make connections with the new fourth graders. Relationships are important in education; students who feel a connection with people in their schools have an overall more positive experience. Take time to talk with your child about the relationships he or she is developing during the school year. I hope you are looking forward to the year as much as we are at New Era Elementary.

This booklet has been prepared to help you become familiar with school policies in order to ensure the best possible year for you and your child(ren). Policies and procedures are necessary to comply with state and federal laws and to provide a safe and nurturing environment for the children to learn and grow. An effort has been made to include only the most pertinent information. If you have any questions, I encourage you to contact your child's teacher or me. As needs and conditions change, it may become necessary to alter certain portions of this handbook. The school newsletter or the New Era News will note any changes or additions.

Our district takes pride in our achievement. We have embraced a continuous improvement model for curriculum, which allows us to evaluate and improve instruction and teaching every year. Data has become more important in helping us make decisions and improving how we teach each child.

The staff and I would like to extend an invitation to all parents to take an active role in your child's education. No one knows your child better than you do. To do the best possible job educating children, we need your help! Research shows the more involved parents are in their child's education, the more successful they can be. Some of the ways to get involved are the Parent Teacher Organization, volunteering here at school, attending parent teacher conferences, or helping in your child's classroom. We are planning a few family fun nights this year to connect home and school. These are all valuable ways to help your child succeed.

Please feel free to stop by my office to discuss any questions or concerns you may have. I am eager to meet with you and your child(ren).

Sincerely
Kara Vanderweele
New Era Elementary Principal

FOREWARD

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain board policies and procedures. This handbook contains important information that you should know. Become familiar with the following information and keep the handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this handbook, you are encouraged to talk to your teachers or the building principal.

This handbook summarizes many of the official policies and administrative guidelines of the board of education and the district. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall prevail. This handbook is effective immediately and supersedes any prior handbook and other written material on the same subjects.

This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the board's policies and the school's rules as of July 1, 2015. If any of the policies or administrative guidelines referenced herein are revised after June 30, 2015, the language in the most current policy or administrative guideline prevails.

DISTRICT MOTTO:

Learning today for a successful tomorrow.

EQUAL EDUCATION OPPORTUNITY

It is the policy of this District to provide an equal education opportunity for all students.

Any person who believes that he/she has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin, while at school or a school activity should immediately contact the school district's compliance officer listed below:

Tim Reeves, Superintendent
525 N. State Street, Shelby, MI 49455
(231) 861-5211

Complaints will be investigated in accordance with the procedures as described in Board Policy 2260. Any student making a complaint or participating in a school investigation will be protected from any threat or retaliation. The compliance officer can provide additional information concerning equal access to educational opportunity.

Individuals with Disabilities

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the district's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by federal (IDEA) and state law. Contact the school office at 861-2662 to inquire about evaluation procedures and programs.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to equal participation in the instructional or extra-curricular programs of the district. It is, therefore, the policy of this district that those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular program offered by the district. Parents should contact the school office at 861-2662 to inquire about evaluation procedures and programs offered by the district.

Parent Involvement

The board of education recognizes and values parents and families as children's first teachers and decision-makers in education. The board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism.

The term "families" is used in order to include children's primary caregivers who are not their biological parents, such as foster caregivers, grandparents, and other family members.

Through this policy, the board directs the establishment of a Parental Involvement Plan by which a school partnership can be established and provided to the parent of each child in the district. The plan must encompass parent participation, through meetings and other forms of communication. The Parental Involvement Plan shall reflect the board's commitment to the following:

A. Relationships with Families

1. Cultivating school environments that are welcoming, supportive, and student centered;
2. Providing professional development for school staff that helps build partnerships between families and schools;
3. Providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;

4. Providing coordination, technical support and other support to assist schools in planning and implementing family involvement activities.

B. Effective Communication

1. Providing information to families to support the proper health, safety, and well-being of their children;
2. Providing information to families about school policies, procedures, programs, and activities;
3. Promoting regular and open communication between school personnel and students' family members;
4. Communicating with families in a format and language that is understandable, to the extent practicable;
5. Providing information and involving families in monitoring student progress;
6. Providing families with timely and meaningful information regarding Michigan's academic standards, state and local assessments, and pertinent legal provisions;
7. Preparing families to be involved in meaningful discussions and meetings with school staff.

C. Volunteer Opportunities

1. Providing volunteer opportunities for families to support their children's school activities;
2. Supporting other needs to enable families to participate in school-sponsored family involvement events.

D. Learning at Home

1. Offering training and resources to help families learn strategies and skills to support at-home learning and success in school;
2. Working with families to establish learning goals and help their children accomplish these goals.
3. Helping families to provide a school and home environment that encourages learning and extends learning at home.

E. Involving Families in Decision Making and Advocacy

1. Involving families as partners in the process of school review and continuous improvement planning;
2. Involving families in the development of its district-wide parent involvement policy and plan, and distributing the policy and plan to families.

F. Collaborating with the Community

1. Building constructive partnerships and connecting families with community-based programs and other community resources;
2. Coordinating and integrating family involvement programs and activities with district initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development.

Implementation

The superintendent will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the district's continuous improvement, and individual school improvement plans. The plan will be distributed to all parents and students through suitable publication. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's effectiveness and identification of barriers to participation by parents and families. Evaluation findings will be used in the annual review of the Parent and Family Involvement policy and to improve the effectiveness of the district plan.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and to obey all school rules. Disciplinary procedures are designed to ensure due process (a fair hearing) before a student is removed because of his/her behavior.

Parents/guardians have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the student's responsibility to deliver that information. If necessary, the mail or hand delivery may be used to ensure contact. Parents/guardians are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

Students must arrive at school on time, prepared to learn and participate in the educational program. If, for some reason, this is not possible, the student should seek help from the office.

STUDENT WELL-BEING

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, lock down and tornado drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, she/he must notify any staff person immediately.

State law requires that all students must have a student registration form completed, signed by a parent or guardian, and filed in the school office.

Students with specific health care needs should deliver written notice about such needs along with proper documentation by a licensed medical provider, to the office.

Injury and Illness

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the school's emergency procedures.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether or not the student should remain in school or go home. No student will be released from school without proper parental permission.

Homebound Instruction

The district shall arrange for individual instruction to students of legal school age who are not able to attend class because of a physical or emotional disability.

Parents or guardians should contact the school administration regarding procedures for such instruction. Applications must be approved by the superintendent. The district will provide homebound instruction only for those confinements expected to last at least five (5) days.

Applications for individual instruction shall be made by a medical provider licensed to practice in this state, parent, student, or other caregiver. Licensed medical provider must: certify the nature and existence of a medical condition; state the probable duration of the confinement; request such instruction; present evidence of the student's ability to participate in an educational program

SECTION I-GENERAL INFORMATION

ENROLLING IN THE SCHOOL

In general, state law requires students to enroll in the school district in which their parent or legal guardian resides, unless enrolling under the district's open enrollment policy.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents/guardians must provide copies of the following.

- A. A birth certificate or similar document.
- B. Court papers allocating parental rights and responsibilities, or custody (if appropriate).
- C. Proof of residency.
- D. Proof of immunizations.

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents/guardians will be notified about documentation required to establish permanent enrollment.

Homeless students who meet the federal definition of homeless may enroll and will be under the direction of the District Liaison for Homeless Children with regard to enrollment procedures.

A student who has been suspended or expelled by another public school in Michigan may be temporarily denied admission to the district's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the district. Likewise, a student who has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired, may be temporarily denied admission to the district's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the district had the student committed the offence while enrolled in the district. Prior to denying admission, however, the superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the superintendent determines to be relevant.

SCHEDULING AND ASSIGNMENT

The principal will assign each student to the appropriate classroom and program. Any questions or concerns about the assignment should be discussed with the principal.

EARLY DISMISSAL

No student will be allowed to leave school prior to dismissal time without a written request signed by a parent or guardian whose signature is on file in the school office or the parent coming to the school

office to request the release. No student will be released to a person other than a custodial parent(s) without written permission signed by the custodial parent(s) or guardian. In emergency situations, verbal permission by the custodial parent(s) or guardian may be given over the phone.

TRANSFER OUT OF THE DISTRICT

Parents must notify the principal about plans to transfer their child to another school. If a student plans to transfer from the school, the parent must notify the principal. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records, may not be released if the transfer is not properly completed. Parents are encouraged to contact the office for specific details.

School officials, when transferring student records, are required to transmit disciplinary records including suspension and expulsion actions against the student.

WITHDRAWAL FROM SCHOOL

No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of his/her parents/guardians.

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from state immunization requirements. If a student does not have the necessary shots or waivers, the principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with state law. Any questions about immunizations or waivers should be directed to the school office.

Emergency Medical Authorization:

The board has established a policy that every student must have an Emergency Medical Authorization Form completed and signed by his/her parents/guardians in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities.

The Emergency Medical Authorization Form is provided at the time of enrollment and at the beginning of each year. Failure to return the completed form to the school will jeopardize a students' educational program.

USE OF MEDICATIONS

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

- A. Parents should, with their licensed medical provider's counsel, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Administration of Medication Form must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours.
- C. All medications must be registered with the office.
- D. Medication that is brought to the office will be properly secured.
 - *Medication may be conveyed to school directly by the parent/guardian or otherwise arranged by the parent/guardian with the school office.
 - *Medication MAY NOT be sent to school in a student's lunch box, pocket, or other means on or about his/her person, except for emergency medications for allergies and/or reactions.
- E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of the school year.
- F. The parents/guardians shall have sole responsibility to instruct their child to take the medication at the scheduled time, and the child has the responsibility for both presenting himself/herself on time and for taking the prescribed medication.
- G. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the authorized medical provider's written instructions and the parent/guardian's written permission release.

ASTHMA INHALERS AND EPI-PENS

Students, with appropriate written permission from the licensed medical provider and parent, may possess and use a metered-dose inhaler or dry-powder inhaler to alleviate asthmatic symptoms. Epinephrine (Epi-pen) is administered only in accordance with a written medication administration plan developed by the school principal and updated annually.

NON-PRESCRIBED (OVER-THE-COUNTER) MEDICATIONS

Parent/guardians may authorize the school to administer a non-prescribed medication using a form, which is available at the school office. A licensed medical provider does not have to authorize such medication but all of the other conditions described above under prescribed medications will also apply to non-prescribed medications. The student may be authorized on the request form by his/her parent/guardian to self-administer the medication in the presence of a school staff member. No other exceptions will be made to these requirements.

If a student is found using or possessing a non-prescribed medication without parent/guardian authorization, he/she will be brought to the school office and the parent/guardian will be contacted for authorization. The medication will be confiscated until written authorization is received.

Any student who distributes a medication of any kind to another student or is found to possess a medication other than the one authorized is in violation of the school's code of conduct and will be

disciplined in accordance with drug-use provision of the code. A sample copy of this form is included at the end of this handbook.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly-transient pest.

Specific diseases include; diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the local and state health departments.

Any removal will only be for the contagious period as specified in the school's administrative guidelines.

CONTROL OF NON-CASUAL-CONTACT COMMUNICABLE DISEASES

In the case of non-casual-contact, communicable-diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the county health department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Non-casual-contact communicable diseases include sexually-transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex (condition), HIV (Human-immunodeficiency), HAV, HBV, HCV (Hepatitis A, B, C,); and other diseases that may be specified by the state board of health.

As required by federal law, parents will be requested to have their child's blood checked for HIV, HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

INDIVIDUALS WITH DISABILITIES

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. The protection applies not just to the student, but to all individuals who have access to the district's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by federal (IDEA) and state law. Contact the school office to inquire about evaluation procedures and programs offered by the district.

LIMITED ENGLISH PROFICIENCY

Limited proficiency in the English language should not be a barrier to equal participation in the instructional or extra-curricular programs of the district. It is, therefore, the policy of the district that those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extra-curricular program offered by the district. Parents/guardians should contact the school office to inquire about evaluation procedures and programs offered by the district.

STUDENT RECORDS

The school district maintains many student records including both directory information and confidential information.

Neither the board nor its employees shall permit the release of the social security number of a student or other individual except as authorized by law. Documents containing social security numbers shall be restricted to those employees who have a need to know that information or a need to access those documents. When documents containing social security numbers are no longer needed, they shall be shredded by an employee who has authorized access to such records.

The Board designates as student “directory information”:

- A. a student’s name;
- B. participation in officially-recognized activities and sports;
- C. height and weight, if member of an athletic team;
- D. date of graduation;
- E. awards received;
- F. honor rolls;
- G. scholarships;
- H. school photographs or videos of students participating in school activities, events or programs.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the board to disclose any or all of such “directory information” upon written notification to the board. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may wish to consult the board’s annual Family Education Rights and Privacy Act (FERPA) notice, which can be found in the superintendent’s office.

A form that allows you to opt out of having directory information disclosed is available both online and in the New Era elementary office.

Other than directory information, access to all other student records is protected by (FERPA) and Michigan law. Except in limited circumstances as specifically defined in “education records,” to any outside individual or organization without the prior written consent of the parent/guardian, or the adult student, or those individuals who have matriculated and entered a postsecondary educational institution at any age.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents/guardians have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent/guardian. To review student records, please provide a written notice to the building principal, identifying requested student records. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student’s privacy. A parent or adult student must request the amendment of a student record in writing; and if the request is denied, the parent or adult student will be informed of their right to a hearing on the matter.

Individuals have a right to file a complaint with the United States Department of Education if they believe that the district has violated FERPA.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the district’s curriculum, without prior written consent of the student (if an adult or an emancipated minor) or his/her parents/guardians (if an unemancipated minor) to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;
- B. mental or psychological problems of the student or his/her family;
- C. sexual behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally-recognized privileged and analogous relationships, such as those of lawyers, physicians and ministers;
- G. Religious practices, affiliations, or beliefs of the student or his/her parents/guardians; or
- H. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the Protection of Pupil Rights Amendment (PPRA) and board policy, the superintendent shall ensure that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will

have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The superintendent will provide notice directly to parents/guardians of students enrolled in the district of the substantive consent of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the superintendent is directed to notify parents of students in the district, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose); and
- B. The administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenues, SW 20202-4605
Washington, D.C.

Informal inquiries may be sent to the Family Policy Compliance Office via the following email addresses:

FERPA@ED.Gov; and

PPRA@ED.Gov.

STUDENT FEES, FINES, AND SUPPLIES

The district will provide all basic supplies needed to complete the required course curriculum. The student and/or his/her family may choose to purchase their own supplies if they desire to have a greater quantity or quality of supplies, or desire to help conserve the limited resources for use by others. The teacher or appropriate administrator may recommend useful supplies for these purposes.

Fees may be waived in situations where there is financial hardship.

Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment. The fine will be used to pay for the damage, not to make a profit.

Late fines can be avoided when students return borrowed materials promptly. Their use may be needed by others.

Failure to pay fines, fees, or charges may result in the withholding of grades and credits.

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules will apply to all fund-raisers.

- A. Students involved in the fund-raiser must not interfere with students participating in other activities when soliciting funds.
- B. Students must not participate in fund-raising activities for a group in which they are not members without the approval of the student's principal.
- C. Students may not participate in fund-raising activities off school property without proper supervision by approved staff or other adults.
- D. Students are encouraged not to engage in house-to-house canvassing for any fund-raising activity.
- E. Students who engage in fund-raisers that require them to exert themselves physically beyond their normal pattern of activity such as "runs for..." will be monitored by a staff member in order to prevent a student from over-extending himself/herself to the point of potential harm.
- F. Students may not participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the principal.

STUDENT VALUABLES

Students are encouraged **NOT** to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The school cannot be responsible for their safekeeping and will not be liable for loss or damage to personal valuables.

REVIEW OF INSTRUCTIONAL MATERIALS AND ACTIVITIES

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must contact the principal prior to coming to the school. Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

MEAL SERVICE

The board believes the development of healthy behaviors and habits with regard to eating cannot be accomplished by the district alone. It will be necessary for the school staff, in addition to parents and the public at large, to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits. Parents interested in being involved should contact food service director, Mary Rose Vanas at 861-0317.

The school participates in the National School Lunch Program and makes breakfast and lunches available to all students at no cost. Students may also bring their own lunch to school to be eaten in the school's cafeteria. No student shall be allowed to leave school premises during the lunch period without specific written permission granted by the principal.

FIRE, LOCK DOWN AND TORNADO DRILLS

The school complies with all fire safety laws and will conduct fire drills in accordance with state law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building.

Tornado drills will be conducted using the procedures provided by the state.

Lock down drills in which the students are restricted to the interior of the school building and the building secured will occur a minimum of two (2) times each school year.

EMERGENCY CLOSINGS AND DELAYS

If the school must be closed or the opening delayed because of inclement weather or other conditions, the school will send out notifications using the Instant Alert telephone system and also notify the following radio and television stations.

Television Stations: WZZM-TV 13, WOOD-TV 8, WWTV-TV 9 & 10, WTOM-TV 7& 4

Radio Stations: WMUS and WKLA

Parents/guardians and students are responsible for knowing about emergency closings and delays.

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The school is concerned for the safety of students and attempts to comply with all federal and state laws and regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the school district's Preparedness for Toxic Hazard and Asbestos Hazard Policy and asbestos management plan will be made available for inspection at the board offices upon request.

VISITORS

Visitors, particularly parents, are welcome at the school. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school. If a person wishes to confer with a member of the staff, she/he should call for an appointment prior to coming to the school, in order to schedule a mutually convenient time.

Students may not bring visitors to school without prior written permission from the principal.

USE OF THE LIBRARY

The library is available to students throughout the school week. Books on the shelves may be checked out for a period of one week.

In order to avoid late fees, all materials checked out of the library should be returned to the library by the next week.

USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive the permission of the teacher before using any equipment or materials in the classroom and the permission of the principal to use any other school equipment or facility. Students will be held responsible for the proper use and protection of any equipment or facility they are permitted to use.

LOST AND FOUND

The lost and found area is in the main hall. Those who have lost items should check there and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at the close of the school year.

STUDENT SALES

No student is permitted to sell any item or service in school without the approval of the principal. Violation of this policy may lead to disciplinary action.

USE OF TELEPHONES

Office telephones are not to be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call.

Telephones are available in the school for students to use when they are not in class. Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school. Students are discouraged from bringing cell phones to school.

ADVERTISING OUTSIDE ACTIVITIES

Students may not post announcements or advertisements for outside activities without receiving prior approval from the principal. The principal will try to respond to requests for approval within twenty four hours of their receipt.

The school has a central bulletin board local in the hallway which may be used for posting notices after receiving permission from the principal.

SECTION II – ACADEMICS

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extracurricular program. No students may participate in any school-sponsored trip without parental/guardian consent. Attendance rules apply to all field trips.

GRADES

New Era Elementary has a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, he/she should ask the teacher.

The school uses the following grading system:

- 90 to 100 = A = Excellent achievement
- 80 to 90 =B= Good achievement
- 70 to 80 =C= Satisfactory achievement
- 60 to 70 =D= Minimum-Acceptable achievement
- F= Failure
- I= Incomplete

GRADING PERIODS

Students shall receive a report card at the end of each marking period indicating their grades for each course of study for that portion of the academic term.

When a student appears to be at risk of failure, notification will be provided to the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

PROMOTION, PLACEMENT, AND RETENTION

Promotion to the next grade (or level) is based on the following criteria:

1. Current level of achievement
2. Potential for success at the next level
3. Emotional, physical, and/or social maturity

HOMEWORK

Shelby Public Schools view homework as an important learning tool. We believe in the educational value of out-of-school assignments when they are used as extensions of the instructional program.

Homework, when properly planned and supervised, assists in the development of responsible and organized students.

We believe that homework is a cooperative endeavor between the school and the parents. Parents will provide the environment and time for homework and the teachers will provide the content. Communication between the teachers and parents is encouraged and expected.

Therefore, homework will be assigned at the teacher's discretion as appropriate for specific grade/course requirements. Homework will include practice of learned concepts and skills, preview of assignments, extension of assignments, make-up work due to absences, and creative activities that integrate many concepts and skills.

Grades will be determined using a variety of activities such as class work, assessments, projects, written assignments and homework (as described above).

COMPUTER TECHNOLOGY AND NETWORKS

Before any student may take advantage of the school's computer network and the internet, she/he and his/her parents/guardians must sign a SUN Agreement which defines the conditions under which the student may participate. Failure to abide by all of the terms of the agreement may lead to termination of the student's computer account and possible disciplinary action. Copies of the SUN Agreement are included in the handbook.

Students must complete a mandatory training session/program regarding the appropriate use of technology and online safety and security as specified in a Policy 7540.03-Student Network and Internet Acceptable Use and Safety before being permitted to access the Network and/or being assigned an email address.

SECTION III-STUDENT ACTIVITIES

SCHOOL-SPONSORED CLUBS AND ACTIVITIES

New Era elementary has a Student Council consisting of fourth and fifth grade students. This group meets during lunch hour and has traditionally operated a school store one morning a week. In the past, student council has been involved with raising funds for a variety of organizations in our community as well as helping with things like March is reading month.

NON-SCHOOL-SPONSORED CLUBS AND ACTIVITIES

Non-School-Sponsored student groups organized for religious, political, or philosophical reasons may meet within the school. The application for permission can be obtained from the school office. The applicant must verify that the activity is being initiated by student, that attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and nonschool persons (students) do not play a regular role in the event. All school rules will still apply regarding behavior and equal opportunity to participate. All groups must comply with school

rules and must provide equal opportunity to participate. No non-district-sponsored organization may use the name of the school or school mascot.

SECTION IV – STUDENT CONDUCT

ATTENDANCE

SCHOOL ATTENDANCE POLICY

It is imperative that students be in attendance each school day in order not to miss a significant portion of their education. Many important learnings result from active participation in classroom and other school activities which cannot be replaced by individual study.

- Attendance is important in the development of a high-quality work ethic which will be a significant factor in a student’s success with future employers. One of the most important work habits that employers look for in hiring and promoting a worker is his/her dependability in coming to work every day and on time. This is a habit the school wants to help students develop as early as possible in their school careers.

Truancy: As Outlined in the Oceana County Truancy Reduction Initiative

Unexcused absence from school (truancy) is not acceptable. Students who are truant will receive no credit for schoolwork that is missed. After 10 days of truancy in any school year, a student will be considered a “habitual truant.” Unexcused and excused absences from other schools will be counted; therefore, the absences shall be counted as per student/per year, not per school to fall under truancy petitions. Habitual truancy **will** result in referral to the truant officer of the county, which could lead to:

- A. A hearing before a judge in a court of law;
- B. A report to local authorities concerning lack of parental responsibility in providing proper care and supervision of a child.

Excused Absences

Students may be excused from school for one or more of the following reasons and will be provided an opportunity to make up missed school work and/or tests:

- A. Illness
- B. Recovery from accident
- C. Required court attendance

- D. Professional appointments
- E. Death in the immediate family
- F. Observation or celebration of a bona fide religious holiday
- G. Such other good cause as may be acceptable to the superintendent

Students with a health condition that causes repeated absence are to provide the school office with an explanation of the condition from a licensed medical provider.

Parents/guardians must provide an explanation for their child's absence by no later than 9:00 a.m. on the day of the absence. They are to call the office and explain the reason for the absence. Students must bring a note upon their return to school providing a written explanation for their absence. If the absence can be foreseen and the "good cause" must be approved by the principal, the parent should arrange to discuss the matter as many days as possible before the absence will occur so that arrangements can be made to assist the student in making up the missed school work.

Students who are excusably absent for more than 10 days, regardless of the reasons will be considered "frequently absent". If there is a pattern of frequent absence for "illness", the parents will be required to provide a statement from a licensed medical provider describing the health condition that is causing the frequent illness and the treatment that is being provided to rectify the condition. Without such a statement, the student's absences may be considered unexcused and/or result in truancy.

Unexcused Absences

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and his/her parents shall be subject to the truancy laws of the State.

Suspension from School

Absence from school due to suspension shall be considered an authorized absence, neither excused nor unexcused.

- A suspended student will be responsible for making up school work lost due to suspension. It is recommended that a student complete missed assignments during the suspension and turn them into the teacher upon his/her return from school. Assignments may be obtained from the student's teacher beginning with the first day of a suspension. Make up of missed tests may be scheduled when the student returns to school. The student will be given credit for properly completed assignments and a grade on any made up tests.

Tardiness

A student who is not in his/her assigned location by 8:05 a.m. shall be considered tardy. Any student arriving late to school is to report to the school office before proceeding to class.

Vacations During the School Year

Parents are encouraged not to take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the principal and the student's teacher(s) to make necessary arrangements. It may be possible for the student to receive certain assignments that are to be completed during the trip.

Make Up of Tests and Other School Work

Students who are excusably absent from school or who have been suspended shall be given the opportunity to make up work that has been missed. The student should contact their teacher as soon as possible to obtain assignments.

If a student misses a teacher's test due to excused absence, he/she may make arrangements with the teacher to take the test. If he/she misses a state- mandated test or other standardized test, the student should consult with their teacher or principal to arrange for taking the test.

STUDENT ATTENDANCE AT SCHOOL EVENTS

The school encourages students to attend as many school events held after school as possible, without interfering with their school work and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event.

However, in order to ensure that students attending evening events as nonparticipants are properly safeguarded, it is strongly advised that students be accompanied by a parent or adult chaperone when they attend the event. The school will not be able to supervise unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.

The school will continue to provide adequate supervision for all students who are participants in a school activity. Students must comply with the code of conduct at school events, regardless of the location.

CODE OF CONDUCT

A major component of the educational program at New Era Elementary is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

Expected Behaviors: Each student shall be expected to:

- A. Abide by national, state, and local laws as well as the rules of the school;
- B. Respect the civil rights of others;
- C. Act courteously to adults and fellow students;
- D. Be prompt to school and attentive in class;
- E. Work cooperatively with others when involved in accomplishing a common goal, regardless of the other's ability, gender, race, religion, height, weight, disability, or ethnic background;

- F. Complete assigned tasks on time and as directed;
- G. Help maintain a school environment that is safe, friendly, and productive;
- H. Act at all times in a manner that reflects pride in self, family, and in the school.

Dress and Grooming

While fashion changes, the reasons for being in school do not. Students are in school to learn. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines.

Students should consider the following questions when dressing for school:

1. Does my clothing expose too much? (no)
2. Does my clothing advertise something that is prohibited to minors? (no)
3. Are there obscene, profane, drug-related, gang-related, or inflammatory messages on my clothing? (no)
4. Am I dressed appropriately for the weather? (yes)
5. Do I feel comfortable with my appearance? (yes)

If a student has selected a manner of appearance that is beyond mere freedom of expression and disrupts the education process or presents risk to themselves or others, they may be removed from the educational setting.

Students who are representing New Era Elementary at an official function or public event may be required to follow specific dress requirements. This applies to athletic teams, cheerleaders, bands, and other such groups.

Gangs

Gangs which initiate, advocate or promote activities which threaten the safety or well-being of persons or which are disruptive to the school environment are not tolerated.

Incidents involving initiations, hazing, intimidations or related activities which are likely to cause harm or personal degradation are prohibited.

Students wearing, carrying or displaying gang paraphernalia or exhibiting behaviors or gestures which symbolize gang membership or causing and/or participating in activities which are designed to intimidate another student will be disciplined. Prohibited gang paraphernalia will be specifically identified and posted by the building principal.

Care of Property

Students are responsible for the care of their own personal property. The school will not be responsible for personal property. Valuables such as jewelry or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the student's parents.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student causes damage to or loses school property, the student or

his/her parents will be required to pay for replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the student discipline code.

STUDENT DISCIPLINE CODE

The board of education has adopted the following student discipline code. The code includes the types of misconduct that will subject a student to disciplinary action. The board has also adopted the list of behaviors and the terms contained in the list.

It is the school staff's responsibility to provide a safe and orderly learning environment. History has shown that certain student actions are not compatible with a "safe" and "orderly" environment. Discipline is within the sole discretion of the school's staff and administration. Due process insures that disciplinary action is imposed only after review of the facts and/or special circumstances of the situation.

Depending on the severity and frequency of the following behaviors students may lose recess time, serve in-school suspension up to ten days or serve out-of-school suspension up to ten days. Consequences will be implemented at the discretion of the administrator and may vary due to severity and circumstance.

EXPLANATION OF TERMS APPLYING TO THE STUDENT DISCIPLINE CODE

Each of the behaviors described below may subject the student to disciplinary action including suspension and/or expulsion from school.

1. Use of drugs

The school has a "Drug Free" zone that extends 1000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity, possession, sale, distribution, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look alike drugs is prohibited. Attempted sale or distribution is also prohibited. If caught, the student could be suspended or expelled and law enforcement officials may be contacted.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs that have a negative effect on the school environment is prohibited. Attempted sale or distribution is also prohibited. This includes non-alcoholic beers and wines, and the like. Many drug abuse offenses are also felonies. Sale also includes the transference or sale of over-the-counter medication to another student

2. Use of tobacco

Smoking and other tobacco uses are a danger to a student's health and to the health of others. The school prohibits the sale, distribution, use, or possession of any form of tobacco or electronic cigarettes or similar devices during school time or at any school activity. This prohibition also applies when going to and from school and at school bus stops. Violations of this rule could result in suspension or expulsion. "Use of tobacco" shall mean all uses of tobacco, including cigars, cigarettes, or pipe tobacco, chewing tobacco, snuff, or any other matter or substance that contains tobacco, in addition to papers

used to roll cigarettes. The display of unlighted cigars, cigarettes, pipes, other “smoking” paraphernalia or tobacco products on one’s person is also prohibited by this policy.

3. Student disorder/demonstration

Students will not be denied their rights to freedom of expression, but the expression may not infringe on the rights of others. Disruption of any school activity will not be allowed. If a student (or students) feels there is a need to organize some form of demonstration, s/he is encouraged to contact the principal to discuss the proper way to plan such an activity. Students who disrupt the school may be subject to suspension or expulsion.

4. Possession of a weapon

Students in possession of a dangerous weapon/firearm, and/or who commit arson on district property or a district or school sponsored event shall be expelled from school and referred to the criminal justice or juvenile delinquency system and mental health agency. The parent, student and/or legal guardian shall be notified of the referral. This is in compliance with both PL 103-382 and MCL 380.1311 (state law).

Toys that look like or are used in a similar manner as a weapon/firearm are not allowed on school property and will be confiscated.

A weapon includes, but is not limited to, firearms, (guns of any type whatsoever, (including air-and gas-powered guns, whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons and explosives. It may also include any toy that is presented as a real weapon or reacted to as a real weapon. Criminal charges may be filed for this violation. Possession of a weapon may subject a student to expulsion and possible permanent exclusion. It makes no difference whether or not the weapon belongs to someone else, unless the student can provide convincing evidence. If it can be confirmed that a weapon was brought on district property by a student other than the one who possessed the weapon, that student shall also be subject to the same disciplinary action.

State law may require that a student be permanently expelled from school, subject to a petition for possible reinstatement, if s/he brings onto or has in his/her possession on school property or at a school related activity any of the following:

- A. Any explosive, incendiary device, or poison gas including bombs, grenades, rockets, missiles, mines, or device that can be converted into a destructive item.
- B. Any cutting instrument consisting of a sharp blade over three (3) inches long fastened to a handle
- C. Any similar object that is intended to invoke bodily harm or fear of bodily harm (e.g. air gun, blow-gun, toy gun, etc.)

5. Use of an object as a weapon

Any object that is used to threaten, harm or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, jewelry and so on. Intentional injury to another can be a felony and/or a cause for civil action. This violation may subject a student to expulsion.

6. Knowledge of dangerous weapons or threats of violence

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the principal. Failure to report such knowledge may subject the student to discipline.

7. Purposely setting a fire

Anything that endangers school property and its occupants, such as fire, will not be tolerated. Cigarette lighters or flame producing devices are prohibited at school. Arson is a felony and will subject the student to expulsion.

8a. Physical assaults against school personnel

Physical assault at school against a district employee, volunteer, or contractor on school property, on a school bus or other school-related vehicle, or at a school-sponsored activity or event, which may or may not cause injury, may result in charges being filed and subject the student to expulsion. The board may permanently expel a student in Grade 6 or above if the student commits a physical assault. Physical assault is defined as “intentionally causing or attempting to cause physical harm to another through force or violence.” (MCLA 380.1310 [3][b]).

8b. Against other students

The board shall expel a student in grade 6 or above for up to 180 days if the student commits a physical assault (as defined by MCL 380.130 [3][b] 1) against another student on school property, on a school bus or other school-related vehicle, or at a school-sponsored activity or event. The board may modify the expulsion period on a case-by-case basis. For the purpose of this policy, “physical assault” shall be defined as: A one-sided attack on another person which causes great bodily harm.

9. Verbal assaults

Any student in grade 6 or above who commits a verbal assault at school against a district employee, volunteer, or contractor on school property, on a school bus or other school-related vehicle, or at a school-sponsored activity may be expelled by the board for up to 180 days. The board may modify the expulsion period on a case-by-case basis. Making bomb threats or similar threats directed at a school building, property, or a school-related activity will be considered verbal assault.

For the purpose of this policy, “verbal assault” shall be defined as: Any willful verbal threat to inflict injury upon another person, under such circumstances which create a reasonable fear of imminent injury, coupled with an apparent ability to inflict injury.

10. Extortion

Extortion is the use of threat, intimidation, force, or deception to take and or receive something from someone else. Extortion is against the law. Violations of this rule will result in disciplinary action up to and including suspension or expulsion.

11. Gambling

Gambling includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on an activity in which they are involved may also be banned from that activity. Violations of this rule could result in suspension or expulsion.

12. Falsification of school work, identification, forgery,

Plagiarism, forgery of hall/bus passes and excuses as well as false I.D.'s are forms of lying and are not acceptable.

- A. Cheating is any form of academic dishonesty or act that involves trickery or fraud. It occurs when one uses and takes credit for the work of another person, whether the material be directly copied or superficially disguised. Cheating also includes the divulgence of the contents of a graded evaluation.
- B. Plagiarism is the act of using and passing off the ideas or writing of another as one's own.
- C. Plagiarism and cheating are also forms of falsification and subject the student to academic penalties as well as disciplinary action. Violations of this rule could result in suspension or expulsion. Parents will be contacted by the teacher or the principal.

13. False alarms, false reports, and bomb threats

A false emergency alarm, report or bomb threat endangers the safety forces that are responding, the citizens of the community, and persons in the building. What may seem like a prank is a dangerous stunt. Violations of this rule could result in suspension or expulsion.

14. Explosives

Explosives, fireworks, and chemical-reaction objects such as smoke bombs, pipe bombs, bottle bombs, small firecrackers, and poppers are forbidden and dangerous. Violations of this rule could result in suspension or expulsion.

15. Trespassing

Although schools are public facilities, the law does allow the school to restrict access on school property. If a student has been removed, suspended, or expelled, the student is not allowed on school property without authorization of the principal. In addition, students may not trespass onto school property at unauthorized times or into areas of the school determined to be inappropriate. Violations of this rule could result in suspension or expulsion.

16. Theft

When a student is caught stealing school or someone's property, he/she will be disciplined and may be reported to law enforcement officials. Students are encouraged not to bring anything of value to school that is not needed for learning without prior authorization from the classroom teacher or principal. The school is not responsible for personal property. Theft may result in suspension or expulsion.

17. Disobedience

School staff is acting "in loco parentis," which means they are allowed, by law, to direct a student as would a parent. This applies to all staff, not just teachers assigned to a student. If given a reasonable direction by a staff member, the student is expected to comply. Chronic disobedience can result in expulsion.

18. Damaging property

Vandalism and/or disregard for school property will not be tolerated. Violations could result in suspension or expulsion.

19. Persistent absence or tardiness

Attendance laws require students to be in school all day or have a legitimate excuse. It is also important to establish consistent attendance habits in order to succeed in school and in the world of work. Excessive absences could lead to suspension from school.

20. Unauthorized use of school or private property

Students are expected to obtain permission to use any school property or any private property located on school premises. Any unauthorized use shall be subject to disciplinary action. This includes the use of the internet and communication networks in a manner not sanctioned by policy and administrative guidelines. Violations of this rule could result in suspension or expulsion.

21. Refusing to accept discipline

The school may use informal discipline to prevent the student from being removed from school. When a student refuses to accept the usual discipline for an infraction, the refusal can result in a sterner action such as suspension or expulsion.

22. Aiding or abetting violation of school rules

If a student assists another student in violating any school rule, they will be disciplined and may be subject to suspension or expulsion. Students are expected to resist peer pressure and exercise sound decision making regarding their behavior.

23. Displays of affection

Students demonstrating affection between each other is personal and not meant for public display. This includes touching, petting, or any other contact that may be considered sexual in nature. Such behavior may result in suspension from school or possibly expulsion.

24. Possession of electronic equipment/Using cell phone cameras

Most electronic equipment necessary in school is supplied by the school. Students are discouraged from bringing radios, portable TV's, electronic toys, pagers, cellular telephones, laser pens, and the like without permission of the principal. Cell phone usage is not allowed during the school day. The property will be confiscated and disciplinary action will be taken. Violations of this rule could result in suspension or expulsion.

The school prohibits the use of any video device from any restroom, locker room or other location where students and staff "have a reasonable expectation of privacy." A student improperly using any device to take or transmit images will face disciplinary action up to and including suspension, loss of privileges and may be recommended for expulsion.

Taking or transmitting images or messages during testing is also prohibited. If a student is caught transmitting images or messages during testing, he/she will fail the test and be suspended. Loss of privileges is an accompanying penalty, and expulsion is a possibility, even on the first offense.

25. Classroom conduct

The teacher will monitor student conduct within the classroom. Minor disturbances and rule violations will be handled within the classroom. The teacher will contact the parent if a student demonstrates behavior which does not allow the teacher to teach, or the students to learn; and he/she will be removed from the classroom. Major offenses will result in removal from the classroom and suspension from school.

26. Playground conduct

We will do everything we can to prevent harm or injury to your child. It is our expectation that our students will be able to play at recess time without causing injury to themselves or others. We will provide direct instruction to help students learn to resolve conflicts without hurting each other. We will expect each student to be responsible for his or her behavior.

27. Violation of bus rules

Please refer to Section V on transportation for bus rules (or please refer to bus rules provided by transportation).

28. Disruption of the educational process

Any actions or manner of dress that interferes with school activities or disrupts the educational process is unacceptable. Such disruptions also include delay or prevention of lessons, assemblies, field trips, athletic and performing arts events.

29. Harassment

Harassment of students is prohibited, and will not be tolerated. This includes inappropriate conduct by other students as well as any other person in the school environment, including employees, board members, parents, guests, contractors, vendors, and volunteers. It is the policy of the district to provide a safe and nurturing educational environment for all of the students. This policy applies to all activities on school property and to all school-sponsored activities whether on or off school property.

Harassment is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical or emotional well being. This would include harassment based on any of the legally-protected characteristics, such as sex, race, color, national origin, religion, height, weight, marital status or disability. This policy, however, is not limited to these legal categories and includes any harassment that would negatively impact students.

Harassment through any means, including electronically transmitted methods (e.g., internet, telephone or cell phone, personal digital assistant (PDA), computers or wireless hand-held device), may be subject to district disciplinary procedures. Such behavior is considered harassment whether it takes place on or off school property, at any school-sponsored function, or in a school vehicle if it is considered to have a negative impact on the school environment.

Any student that believes s/he has been or is the victim of harassment should immediately report the situation to the teacher, the principal or assistant principal or may report it directly to the superintendent at 861-5211. Complaints will be investigated in accordance with AG 5517.

Every student should, and every staff member **must** report any situation that they believe to be harassment of a student. Reports may be made to those identified above.

If the investigation finds harassment occurred, it will result in prompt and appropriate remedial action. This may include discipline up to expulsion for students, up to discharge for employee, exclusion for parents, guests, volunteers and contractors, and removal from any officer position and/ or request to resign for board members.

Retaliation against any person for complaining about harassment, or participating in a harassment investigation, is prohibited. Suspected retaliation should be reported in the same manner as harassment. Intentionally false harassment reports, made to get someone in trouble, are also prohibited. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

The following definitions are provided for guidance only. If a student or other individual believes there has been harassment, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

Harassment

- A. Submission to such unwelcome conduct or communication is made either an explicit or implicit condition of utilizing or benefiting from the services, activities, or programs of the school district.
- B. Submission to the unwelcome conduct or communication is used as the basis for decisions to exclude, expel or limit the harassed student from the terms, conditions or privileges of the school district;
- C. The unwelcome conduct or communication interferes with the student's education, creates an intimidating, hostile or offensive environment, or otherwise adversely affects the student's educational opportunities. This may include racial slurs, mocking behavior, or other demeaning comments.

Sexual Harassment, may include, but is not limited to:

- A. Verbal harassment or abuse
- B. Pressure to participate in sexual activity;
- C. Repeated remarks with sexual or demeaning implications;
- D. Unwelcome touching;
- E. Sexual jokes, posters, cartoons, etc.
- F. Suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades, or safety;
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

29a. Hazing

The board of education believes that hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any district-sponsored event.

Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Hazing is defined as any type of initiation procedure for any school related activity, which involves conduct such as but not limited to:

- A. Illegal activity, such as drinking or drugs;
- B. Physical punishment or infliction of pain;
- C. Intentional humiliation or embarrassment;
- D. Dangerous activity;
- E. Activity likely to cause mental or psychological stress;
- F. Forced detention or kidnapping;
- G. Undressing or otherwise exposing initiates.

29b. Bullying and Other Aggressive Behavior

It is the policy of the district to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including board members, parents, guests, contractors, vendors and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all “at school” activities in the district, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school’s control, or there is an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the district, discussed with students, as well be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations.

Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with any individual's legitimate rights of free speech. However, the district reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes he/she has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the principal or assistant principal. The student may also report concerns to a teacher or counselor, who will be responsible for notifying the appropriate administrator or board official. Complaints against the building principal should be filed with the superintendent. Complaints against the superintendent should be filed with the board president.

Every student is encouraged, and every staff member is **required**, to report any situation that they believe to be aggressive behavior directed towards a student. Reports shall be made to those identified above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

The principal (or other administrator as designated) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit and should be completed within three (3) school days after a report is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include discipline up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/ or a request to resign for board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the superintendent. The superintendent shall submit a compiled report to the board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files and complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

“Aggressive behavior” is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student’s educational, physical or emotional well-being. Such behavior includes, but is not limited to: bullying, hazing, stalking, intimidation, menacing, coercion, name calling, taunting, making threats, and hitting/pushing/shoving.

“At school” is defined as in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the district.

“Bullying” is defined as any gesture or written, verbal, graphic, or physical act including electronically transmitted acts (i.e. internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand-held device) that without regard to its subject matter or motivating audience, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- A. Substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;

- C. Having an actual and substantial detrimental effect on a student’s physical and mental health; and/or
- D. Causing substantial disruption in, or substantial interference with the orderly operation of the school.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

- A. Physical: hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal: taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological: spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

“Harassment” includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socio-economic status, or geographic location (e.g., from rival school, different state, rural area, city, etc.).

Policies on Bullying, Michigan State Board of Education

Model Anti-Bullying Policy, Michigan State Board of Education

30. Possession of a Firearm, Arson, and Criminal Sexual Conduct

In compliance with State law, the board shall permanently expel any student who possesses a dangerous weapon in a weapon-free school zone or commits either arson or criminal sexual conduct in a district building or on district property, including school buses and other school transportation.

A dangerous weapon is defined as “a firearm, dagger, dirk, stiletto, knife with a blade over three inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles or other devices designed to or inflict bodily harm, including, but not limited to, air guns and explosive devices.”

Students shall be subject to disciplinary action (Suspension/Expulsion) as required by statute for such specified offenses as physical and verbal assault (see Policy 5310.01).

Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with Board Policy 2461 and federal due process rights

appropriate to students with disabilities. A student who has been expelled under this policy may apply for reinstatement in accordance with guidelines, which are available in the principal’s office.

31. Criminal acts

Any student engaging in criminal acts at or related to the school will be reported to law enforcement officials as well as disciplined by the school. It is not considered double jeopardy (being tried twice for the same crime), when school rules and the law are violated.

Students should be aware that state law requires that school officials, teachers and appropriate law enforcement officials be notified when a student of this district is involved in crimes related to physical violence, gang-related acts, illegal possession of a controlled substance, alcohol or other intoxicants, trespassing, property crimes, (including but not limited to theft and vandalism), occurring in the school as well as in the community.

32. Safety concerns

Students may not use roller blades, bicycles, skateboards, scooters, or any other form of personal transportation device in school hallways or district pedestrian traffic areas. Exceptions may be made to reasonably accommodate students with mobility impairments. Use of any means of travel within buildings and on grounds by other than generally accepted practices where appropriate is prohibited. Students violating this expectation will be subject to disciplinary action.

33. Profanity

Any behavior or language which, in the judgment of the staff or administration, is considered to be obscene, disrespectful, vulgar, profane and/or violates community-held standards of good taste will be subject to disciplinary action.

WHAT BEHAVIOR IS EXPECTED FROM MY CHILD?

Students are expected to accept primary responsibility for their actions. All staff base any disciplinary interactions with a student on the observance of the LIFELONG GUIDELINES and the individual LIFE SKILLS. We encourage parents to work with their child using these same guidelines for behavior decisions.

LIFELONG GUIDELINES:

Personal Best	Always strive to do your best in any situation and on any task or project.
Be Trustworthy	Show by your words and actions that others can depend on you to make good decisions.
No Put Downs	Do not say or do anything that would hurt someone else.
Active Listening	Always listen with your ears, your head, and your heart. Keep your eyes on the person who is speaking.
Be Truthful	Always tell the truth about your actions and behavior decisions.

LIFESKILLS:

Integrity	To be honest and trustworthy.
Initiative	To take action when needed.
Flexibility	To be willing to change plans.
Perseverance	To keep at it.
Organization	To plan, arrange and implement in an orderly way.
Sense of Humor	To be playful without harming.
Effort	To do your best.
Common Sense	To think it through.
Problem Solving	To seek solutions.
Responsibility	To do what's right.
Patience	To wait calmly.

Friendship	To make and keep friends through mutual trust and caring.
Curiosity	To investigate and seek understanding.
Cooperation	To work together.
Caring	To show and feel concern.
Pride	Satisfaction from doing your personal best.
Courage	To act according to one's beliefs.
Resourcefulness	To respond to challenges and opportunities in an innovative and creative way.

In addition to the above district principles, 4th and 5th grade students are expected to practice positive behavior that is filtered through the 4 R's in a caring way. The New Era Elementary staff believe that all students have the right to learn in an environment that is safe and enriching. The 4 R's are listed below and all building procedures were developed with these principles in mind. The building procedures will be explicitly taught and reinforced to ensure a safe and enriching learning opportunity for all children.

WHAT FORM OF DISCIPLINE WILL BE USED WITH MY CHILD?

Discipline is used when students need to focus on self-control, self-direction, self-esteem and/or responsibility to themselves and others. Our goal in correcting misbehavior will be to keep the dignity of the student intact and to provide an opportunity for learning more effective, positive ways of solving problems. Should a consequence be deemed necessary every effort will be made to insure that there is a natural and logical consequence for the inappropriate behavior.

It is important to remember that the school's rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the principal's responsibility to keep things orderly. In all cases, the school shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Two types of discipline are possible, informal and formal.

Informal Discipline

Informal discipline takes place within the school. It includes: verbal warnings, time outs, lunch and/or recess detention, and in-school restriction.

In-School Discipline

Failure to serve in-school suspension may lead to suspension from school for a period not to exceed two (2) days. Any such suspension shall be in accordance with district guidelines on suspension and expulsion.

The following rules shall apply to in-school suspension: students are required to have class assignments with them; students are not to communicate with each other unless given special permission to do so; students are to remain in their designated seats at all times unless permission is granted to do otherwise; students shall not be allowed to put their heads down or sleep; no radios, cards, magazines, or other recreational articles shall be allowed in the room; no food or beverages shall be consumed.

Formal Discipline

Formal discipline removes the student from school. It includes emergency removal for up to seventy-two (72) hours, suspension for up to ten (10) school days, and expulsion from school. Suspensions and expulsions may carry over into the next school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension and expulsion may be appealed.

Students being considered for suspension or expulsion are entitled to an informal hearing with the building administrator, prior to removal, at which time the student will be notified of the charges against him/her and given an opportunity to prepare a defense.

If a student is suspended, the parents may appeal the suspension, in writing, to the superintendent and a formal appeal hearing will be held.

When a student is being considered for expulsion, a formal hearing will be scheduled with the board of education. The parents will be given written notice of the hearing and will be expected to attend. The school board then takes testimony and determines if a recommendation to expel is to be made by the board of education. This decision may also be appealed. In the case of expulsion, the student remains out of school during the appeal period. Work missed during an expulsion cannot be made up and usually results in a loss of credit.

Students involved in co-curricular and extra-curricular activities such as band and athletics can lose their eligibility to participate for violation of the school rules.

If a student commits a crime while at school or a school-related event, he/she may be subject to school disciplinary action as well as action by the community's legal system. These are separate jurisdictions and do not constitute double jeopardy (being tried twice for the same crime)

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.), or Section 504 of the Rehabilitation Act of 1973.

New Era elementary follows the board approved policy on Seclusion and Restraint. This policy is available in the Superintendent's Office.

DUE PROCESS RIGHTS

Before a student may be suspended or expelled from school, there are specific procedures that must be followed.

Suspension from School

When a student is being considered for a suspension of ten (10) days or less, the administrator in charge will notify the student of the charges. The student will then be given an opportunity to explain his/her side and the administrator will then provide the student the evidence supporting the charges. After that informal hearing, the principal will make a decision whether or not to suspend. If a student is suspended, he/she and his/her parents will be notified, in writing, within one (1) day, of the reason for and the length of the suspension. The suspension may be appealed, within two (2) school days after receipt of the suspension notice, to the superintendent. The request for an appeal must be in writing.

The appeal shall be conducted in a private meeting and the student may be represented. Sworn, recorded testimony shall be given. If the appeal is heard by the board of education, the Open Meetings Act governs the hearing. Under the Open Meetings Act, the hearing must be public unless the parents request that the meeting be conducted in a closed session.

When a student is suspended, she/he may make up work missed while on suspension.

Any learning that cannot be made up such as labs, field trips, skill-practices, or any learning that the student chooses not to make up may be reflected in the grades earned.

A student being considered for suspension of more than ten (10) days will be given due process as described in the expulsion section below.

Long –term suspension or expulsion from school

When a student is being considered for long-term suspension (more than ten(10) days) or expulsion, the student will receive a formal letter of notification (addressed to the parents) containing:

- The charge and related evidence;
- The time and place of the board meeting;
- The length of the recommended suspension or a recommendation for expulsion;
- A brief description of the hearing procedure;
- A statement that the student may bring parents, guardians, and counsel;
- A statement that the student and/or parent may bring a translator or request a translator for hearing impaired students or parents;
- A statement that the student may give testimony, present evidence, and provide a defense;

- A statement that the student may request attendance of school personnel who were party to the action or accused the student of the infraction;
- The ability of the student and/or parent to request, potentially at their own cost, a transcript of the hearing, if board/hearing officer approved.

Students being considered for long-term suspension or expulsion may or may not be immediately removed from school. A formal hearing is scheduled with the superintendent during which the student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice.

Within five days (as in AG 5610) after notification of long-term suspension or expulsion, the long-term suspension or expulsion may be appealed, in writing, to the Board of Education. The appeal will be heard in an open session unless the student or the student's parent or guardian requests a closed session. Again, the right to representation is available. All opportunity to earn grades or credit ends when a student is expelled.

The school makes a sincere effort to have disciplinary actions take place that will allow the student to remain in school. If a disciplinary action does not result in removal from school, it is not appealable. Should a student or parent has questions regarding the propriety of an in-school disciplinary action, they should contact the principal.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A)

HOW WILL I KNOW IF MY CHILD IS BEHAVING INAPPROPRIATELY AT SCHOOL?

If a student's behavior results in a referral to the Principal, a parent will be called and/or a Behavioral Report form will be sent home. Parents are encouraged to contact the office (861-2662) to discuss any concerns or questions they may have regarding the incident.

If a student experiences recurring behavior problems, parents may be asked to assist in writing a behavior plan for their child. Behavior plans are most effective when both home and school concentrate on working together to solve the problem.

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the board of education, if there is a reasonable suspicion to protect the health and safety of others. All searches may be conducted with or without a student's consent.

Students are provided coat hooks, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return

items which have been confiscated. In the course of any search, students' privacy rights will be respected regarding any items that are not illegal or against school policy.

All computers located in classrooms, labs and offices of the district are the district's property and are to be used by students, where appropriate, solely for educational purposes. The district retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the district's computer system, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the district with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the district retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor. A student's refusal to permit such access may be grounds for disciplinary action.

STUDENT RIGHTS OF EXPRESSION

The school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, non-commercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

- A. Material cannot be displayed if it:
 - 1. Is obscene to minors, libelous, indecent or vulgar,
 - 2. Advertises any product or service not permitted to minors by law,
 - 3. Intends to be insulting or harassing,
 - 4. Intends to incite fighting or presents a likelihood of disrupting school or a school event.
 - 5. Presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

- B. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the principal twenty-four (24) hours prior to display.

STUDENTS CONCERN, SUGGESTIONS, AND GRIEVANCES

The school is here for the benefit of the students. The staff is here to assist each student in becoming a responsible adult. If a student has suggestions that could improve the school, he/she should feel free to offer them. Written suggestions may be presented directly to the principal or to the student government.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. Any suggestions, concerns, and grievances may be directed to the principal or to the student government.

A student may have the right to a hearing if the student believes s/he has been improperly denied participation in a school activity or has been subjected to an illegal rule or standard. A student may not petition to have a change in a grade.

SECTION V-TRANSPORTATION

BUS TRANSPORTATION TO SCHOOL

The school provides transportation for all students who live farther than walking distance prescribed by the board of education. The transportation schedule and routes are available by contacting the transportation supervisor at 861-5171.

Students may only ride assigned school buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the principal.

The building principal may approve a change in a student's regular assigned bus stop to address a special need, upon the principal's approval of a note from the parent stating the reason for the request and the duration of the requested change.

BUS CONDUCT

Students who are riding to and from school on transportation provided by the school are required to follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation.

The driver may assign seating or direct students in any reasonable manner to maintain that transportation safety.

Students must comply with the following basic safety rules:

- D. Wait until the school transportation is completely stopped before moving forward to enter;
- E. Refrain from crossing a highway until the driver signals it is safe to cross;
- F. Go immediately to a seat and be seated.

It is the parent/guardian's responsibility to inform the bus driver when their child will not be aboard school transportation. The bus will not wait. Drivers will not wait for students who are not at their designated stops on time.

During the trip

Each student shall:

- A. Remain seated while the school transportation is in motion;
- B. Keep head, hands, arms, and legs inside the vehicle at all times;

Leaving the bus

Each student shall:

- A. Remain seated until the vehicle has stopped;
- B. Cross the road, when necessary, at least ten (10) feet in front of the vehicle, but only after the driver signals that it is safe;
- C. Be alert to a possible danger signal from the driver.

The driver will not discharge students at other than their regular stop at home or at school unless s/he has proper authorization from school officials.

Videotapes on School Buses

The board of education has installed video cameras on all school buses to monitor student behavior.

If a student misbehaves on a bus and his/her actions are recorded on videotape, the tape will be submitted to the principal and may be used as evidence of the misbehavior. Since these tapes are considered part of a student's record, they can be viewed only in accordance with federal law.

Penalties for Infractions

A student who misbehaves on the bus shall be disciplined in accordance with the School Bus Use Contract. A copy for your records can be found below.

SCHOOL BUS USE CONTRACT 2019-2020 School Year (Parent Copy)

State law does not require school districts to provide bus transportation. Therefore, riding a school bus is a privilege and not an entitlement. To retain that privilege the following rules and regulations must be followed.

- Students must be at their bus stop five (5) minutes before the scheduled arrival time of the bus. Drivers will not stop if no one is at the bus stop. To keep on schedule, students should be waiting for the bus; buses cannot wait for the students.
- Any students needing to be dropped off any place other than their regular stop MUST HAVE A NOTE SIGNED BY THE PRINCIPAL’S OFFICE. No one will be taken any place other than his/her regular stop without this signed note. No young child (pre-school – second grade) will be dropped off unless an appropriate adult appears to be home. If no one appears to be home the child will be brought back to his/her school.
- Attached is a list of the rules for riding the bus. These rules are also posted inside each bus and must be followed. Bus drivers have been instructed to issue a bus ticket anytime these rules are not followed. Following are the consequences for receiving a bus ticket.

First Ticket (1st): Warning, letter home to parents, principal notified
 Second Ticket (2nd): Warning, letter home to parents, meeting with principal
 Third Ticket (3rd): Removed from bus for 3 days, letter home to parents, principal notified
 Fourth Ticket (4th): Removed from bus for 5 days, letter home to parents, principal notified
 Fifth Ticket (5th): Removed from bus for 10 days, letter home to parents, principal notified
 Sixth Ticket (6th): Will be dealt with on an individual basis with input from the transportation supervisor and the principal (could be for the rest of the marking period of the remainder of the year).

Bus tickets must be signed by the parent/guardian and the yellow copy must be returned to the driver before the child can ride any bus. Signing the bus ticket indicates the parent saw the ticket and not that he/she necessarily agree with it.

1. Removal from the bus only applies when the student is in school and is riding to and from home. The student is still allowed on the shuttle, to tech, field trip etc., with an assigned seat.
2. Any vandalism or damage to a school bus may result in removal from riding all buses to and from school for the remainder of the school year and the student will be charged for the cost of repairs.
3. Serious infractions can result in immediate suspension from riding all buses for up to the remainder of the school year, based on the decision of the transportation director and building principal.
