

Good Morning

I appreciate all in attendance at our emergency board meeting this morning. You've probably already heard the report....we will stay in Orange for the next two weeks. Do your best to social distance. Wash your hands frequently. Face coverings are a requirement, please use '**gentle reminders**' to encourage all students to keep the face coverings on in the buildings.

I'm thankful we have such a great school board. I'm thankful we have such a great staff. Our students benefit from this....THANK YOU!

I can't wait to see the children on Monday. I think one thing I've learned from this pandemic...most kids really do actually like school!

Go Trojans,

Tim
