Who We Are

The Environmental Studies Center is a natural sciences education facility designed to provide unique learning experiences. In addition, wildlife rehabilitation plays a vital role each day at the Center. Featuring over 500 acres of rich woodlands, the Center affords teachers, students, and the general public an opportunity to experience firsthand the natural environment. Natural resources include pine and bay forests, swamps, freshwater streams, carnivorous plant bog, and a twenty-acre lake.

Man-made resources include numerous nature trails, covered pavilions, live animal exhibits, butterfly garden, and native plant garden. Indoor facilities include an auditorium, library, classroom containing live reptile exhibits, a saltwater aquarium, and numerous preserved specimens native to Alabama.

Wildlife Rehabilitation

The Environmental Studies Center houses a wildlife rehabilitation program that is dedicated to the care and potential release of injured and orphaned native wildlife. The wildlife rehabilitation program receives over 600 wild patients a year. These animals all need food, care, and shelter to survive. The program relies upon donations from people like you for its operation. All proceeds from our traveling shows benefit the wildlife rehabilitation program.

Public Prices:

First Show: \$150

Each additional show: \$75

Plus Mileage

\$25 for each hour between show

Do you want to educate the public about native wildlife? The Wildlife of Mobile Road Show can help make this possible!

The Environmental Studies Center's Wildlife of Mobile Road Show:

- ◆ Engages and educates your audience about the wonders of native wildlife
- ◆ Appropriate for most audiences and/or venues
- ◆ Correlated to the ALCOS objectives when appropriate
- ◆ Features rehabilitated, unreleasable animals
- ◆ Live animals may include opossum, skunk, snake, alligator, hawk, and owl
- ◆ The ESC cannot guarantee any particular animal for any specific program due to circumstances beyond our control
- ◆ All moneys raised through this program, including donations, help to support the ESC's non-profit wildlife rehabilitation program
