

The Alabama Broadband Connectivity for Students program will provide free internet access for eligible students who are enrolled in the National School Lunch Program through their schools. We are working to make the process as easy as possible for students who choose to participate.

If your student is enrolled in the National School Lunch Program through their school, you are already enrolled in the Alabama Broadband Connectivity for Students program. You will receive a prepaid voucher letter by U.S. mail in the coming weeks. Then all you'll have to do is call the internet service provider of your choice, give them your voucher number, and sign up for service.
