

The school library is the principal location for students to inquire, to study and evaluate, and to gain new maturity and understanding. This district is granted discretion to regulate education and has the authority to determine the initial selection of the library collection. However, the board also recognizes the students' First Amendment constitutional rights. It is the policy of this district that:

1. The district will maintain a comprehensive district-wide media program which will provide access to large and varied collections of materials;
2. Selection of library materials will be made by school librarians, taking into account the needs of teachers and students, and shall follow the accreditation standards and procedures set forth by the Idaho State Board of Education;
3. Gifts of materials, or funds for the media program, if accepted, will be used with no commitment regarding their use. Such materials shall be evaluated by the librarian, using the same criteria as materials selected with school district funds. Final disposition of a gift is the responsibility of the librarian in accordance with the needs and best interest of the schools.

SELECTION CRITERIA

1. The authenticity shall be reviewed, taking into account the accuracy and timeliness of the material. The qualifications of the author or producer shall also be taken into account.
2. The appropriateness of the material shall be reviewed regarding whether the medium is appropriate to the subject matter and whether the vocabulary, content, concepts and themes are suited to the intended audience.
3. The context regarding whether the organization and presentation relate to the needs of the student and are helpful to the user.
4. The interest regarding the message contained and the ability to hold the attention of the user should also be taken into account.
5. The technical quality such as the format, audiovisual qualities and ease of handling should be considered.

The following procedure shall be followed whenever this district's books, materials, or resources are questioned:

1. An effort shall be made to resolve the issue informally.
2. If an individual complaining of the books or materials wishes to file a formal complaint, he/she shall fill out the appropriate forms.
3. The forms shall be submitted to the principal and/or librarian for review by a media advisory committee selected by the building principal comprised of a teacher, the librarian, an administrator, a student and a community member. The committee shall review the complaint within ten (10) days of its receipt.
4. The findings of the committee may be appealed within five (5) days of the issuance of its decision to the superintendent for his/her review.
5. The determination of the superintendent may be appealed to the board of trustees within five (5) days of the superintendent's decision.

REMOVAL PROCEDURE

Any decision to remove a book, material, or resource from this a school library shall be content neutral, based on a legitimate exercise of control over pedagogical matters and the neutrality will be demonstrated. Censorship based on content of a book or resource is considered an extreme measure. Before such an action occurs, other less restrictive measures than removal shall be considered first, such as placing reserved or restricted status on the books or materials.

School staff shall be informed of the removal of any book, material or resource from the district's libraries or classrooms and shall no longer use those items.
