

Oregon achieves . . . together!

OPERATIONAL BLUEPRINT FOR SCHOOL REENTRY 2020-21

Updated 8/11/2020

Under ODE's *Ready Schools, Safe Learners* guidance, each school¹ has been directed to submit a plan to the district² in order to provide on-site and/or hybrid instruction. Districts must submit each school's plan to the local school board and make the plans available to the public. This form is to be used to document a district's, school's or program's plan to ensure students can return for the 2020-21 school year, in some form, in accordance with Executive Order 20-25(10). Schools must use the *Ready Schools, Safe Learners* guidance document as they complete their Operational Blueprint for Reentry. ODE recommends plan development be inclusive of, but not limited to, school-based administrators, teachers and school staff, health and nursing staff, association leadership, nutrition services, transportation services, tribal consultation,³ parents and others for purposes of providing expertise, developing broad understanding of the health protocols and carrying out plan implementation.

Please fill out information:

SCHOOL/DISTRICT/PROGRAM INFORMATION	
Name of School, District or Program	Pacific Ridge Elementary School, Seaside School District 10
Key Contact Person for this Plan	Juliann Wozniak
Phone Number of this Person	503-738-5161
Email Address of this Person	jwozniak@seasidek12.org
Sectors and position titles of those who	Tobi Boyd, School Nurse
informed the plan	Susan Penrod, Superintendent
·	Dr. Sheila Roley, Director of Special Projects
	Juliann Wozniak, PRES Principal
	Jeremy Catt, PRES Assistant Principal
	Sande Brown, Curriculum Director
	Lynne Griffin, Director of Special Services
	Tonja Johnson, Kindergarten Teacher
	Tracey Wright, FirstGrade Teacher
	Jenny Edwards, Second Grade Teacher
	Chuck Albright, Third Grade Teacher
	Dan Van Nortwick, Fourth Grade Teacher
	Erica Acton, Fifth Grade Teacher
	Sherrill Kelso-McDowell, Elementary C
	Chuck Loesch, Head of Maintenance
	Amber Clyde, PRES PTO President
Local public health office(s) or officers(s)	Jackie Wellborn
Name of person Designated to Establish,	Juliann Wozniak
Implement and Enforce Physical Distancing	
Requirements	
Intended Effective Dates for this Plan	September 14 th , 2020
ESD Region	NWRESD

¹ For the purposes of this guidance: "school" refers to all public schools, including public charter schools, public virtual charter schools, alternative education programs, private schools and the Oregon School for the Deaf. For ease of readability, "school" will be used inclusively to reference all of these settings.

² For the purposes of this guidance: "district" refers to a school district, education service district, public charter school sponsoring district, virtual public charter school sponsoring district, state sponsored public charter school, alternative education programs, private schools, and the Oregon School for the Deaf.

³ Tribal Consultation is a separate process from stakeholder engagement; consultation recognizes and affirms tribal rights of self-government and tribal sovereignty, and mandates state government to work with American Indian nations on a government-to-government basis.

2. Please list efforts you have made to engage your community (public health information sharing, taking feedback on planning, etc.) in preparing for school in 2020-21. Include information on engagement with communities often underserved and marginalized and those communities disproportionately impacted by COVID-19.

Our Seaside School District staff are dedicated to placing our focal communities at the center of our planning for 2020-21 school year. Equity is at the center of all we do to support the diverse needs of our students, families, and employees. Families and staff within the Seaside School District have been surveyed regarding the challenges and successes related to Distance Learning for All and their preferences and comfort level for both in-person and distance learning for the 2020-21 school year. This information along with data related to student engagement and success will be used to identify focal communities of students in need of targeted support. Following the guidance of ODE and the state metrics, it is our goal to have students access onsite instruction to the extent possible through a hybrid model of in-person and distance learning with full-time distance learning being available for students at the request of families.

Among our student population:

- 65% access free and reduced lunch
- 35% identify as students of color
- 17% experience special needs
- 2% require accommodations from a 504 Plan
- 18% are emerging bilingual students
- 1. On-Site Plan: will include 5 days of in-person learning for all students.
- 2. Hybrid Plan: will include 2 days of in-person learning and 2 days of asynchronous learning. This will consist of an "A" and "B" cohort model to decrease the number of students in classrooms and in the building, in accordance with OHP and ODE health and safety guidelines.
- 3. Comprehensive Distance Learning (CDL) is an instructional model consciously selected in advance, with time to plan and make preparations to better ensure quality and accessibility of the learning experience for *all* students. In the case that we will move to Comprehensive Distance Learning, students will participate fully given an online model. This work will include access to technology resources/devices, core academic subjects, social emotional learning/connection, and support from a teacher of record.
- 4. Distance Learning for all (allows for continuation of learning based on an emergency closure). In the event that we will need to pivot to a "Distance Learning for All" model we will be prepared in advance with instructional programming to meet the needs of all students.
- 3. Indicate which instructional model will be used.

Select One:		
☐ On-Site Learning	☐ Hybrid Learning	□ Comprehensive Distance Learning

- 4. If you selected Comprehensive Distance Learning, you only have to fill out the green portion of the Operational Blueprint for Reentry (i.e., page 2 in the initial template).
- 5. If you selected On-Site Learning or Hybrid Learning, you have to fill out the blue portion of the Operational Blueprint for Reentry (i.e., pages 3-19 in the initial template) and <u>submit online</u>. (https://app.smartsheet.com/b/form/a4dedb5185d94966b1dffc75e4874c8a) by August 17, 2020 or prior to the beginning of the 2020-21 school year.

^{*} Note: Private schools are required to comply with only sections 1-3 of the Ready Schools, Safe Learners guidance.

REQUIREMENTS FOR COMPREHENSIVE DISTANCE LEARNING OPERATIONAL BLUEPRINT

This section must be completed by any school that is seeking to provide instruction through Comprehensive Distance Learning. For Private Schools, completing this section is optional (not required). Schools providing On-Site or Hybrid Instructional Models do not need to complete this section.

Due to the inability to consistently meet the required metrics to serve students on-site based on local and state guidelines at this time the Seaside School District will begin 2020-2021 school year in Comprehensive Distance Learning.

In completing this portion of the Blueprint you are attesting that you have reviewed the Comprehensive Distance Learning Guidance. <u>Here is a link to the overview of CDL Requirements</u>. Please name any requirements you need ODE to review for any possible flexibility or waiver.

Comprehensive Distance Learning Guidance and requirements have been reviewed. We are not requesting any flexibility or waivers in requirements at this time.

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

The Seaside School District will begin 2020-2021 school year in Comprehensive Distance Learning for the first six weeks. Limited in-person instruction will not be provided during this six-week period. Continuation with CDL or beginning an onsite hybrid model or limited in-person instruction will be evaluated after 6 weeks based on State and County COVID-19 guidelines. The first possible return to Hybrid Onsite Learning will be Oct. 26, 2020.

- Students start classes on Sept. 14th within a Comprehensive Distance Learning model.
- -Class schedules for the elementary level prioritize daily synchronous service delivery with options for asynchronous instruction when appropriate in all core academic and social/ emotional learning content.
- -Class scheduling will meet and/or exceed the weekly hourly requirements established by ODE.
- -Students will receive schedules communicating teacher-led/facilitated learning time in core academic, social/emotional content. Plans will be communicated with staff, families, and students on a weekly basis.
- -Every teacher will have daily office hours where teachers will be available for communications with families and students.
- -Special Services support (SPED, 504, TAG, ELD, and Intervention) will be provided within, and outside of, the general education schedule by special education, ESL, and support staff as required.
- -Teachers will be required to take attendance for all scheduled classes daily.
- -Federal Title Program support (Title IA) will provide supplemental services and support to students during comprehensive distance learning through asynchronous and synchronous teacher led learning activities.
- -Virtual Open House will provide parents and the community with information about the Pacific Ridge Elementary CDL plan, grading and attendance requirements, learning platforms, and curriculum.
- -Subject area and grade level digital content will be based on CCSS and existing SSD curricula. Grading will be based on work completion and academic performance with criteria for making up work and retaining the highest grade.

Describe the school's plan, including the anticipated timeline, for returning to Hybrid Learning or On-Site Learning consistent with the *Ready Schools, Safe Learners* guidance.

- Instruction will be provided by a certified teacher remotely using our district approved instructional program as the access platform.
- Students, in grade K-3, will be required to complete a minimum of 2 hours and 20 minutes per day or 11 hours and 40 minutes per week of teacher facilitated instruction. 4th-5th grade students will be required to complete a minimum of 2 hours and 40 minutes or 12 hours and 30 minutes per week of teacher facilitated instruction.
- -Teachers will be providing instruction and support using live video, recorded video and assigned content readings in a synchronous and asynchronous model.

The remainder of this operational blueprint is not applicable to schools operating a Comprehensive Distance Learning Model.

ESSENTIAL REQUIREMENTS FOR HYBRID / ON-SITE OPERATIONAL BLUEPRINT

This section must be completed by any school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

0. Community Health Metrics

METRICS FOR ON-SITE OR HYBRID INSTRUCTION

The school currently meets the required metrics to successfully reopen for in-person instruction in an On-Site or Hybrid model. <i>If this box cannot yet be checked, the school must return to Comprehensive Distance Learning but may be able to provide some in-person instruction through the exceptions noted below.</i>		
EXCEPTIONS FOR SPECIFIC IN-PERSON INSTRUCTION WHERE REQUIRED CONDITIONS ARE MET The school currently meets the exceptions required to provide in-person person education for students in grades K-3 (see section 0d(1) of		

	the Ready Schools, Safe Learners guidance).
	The school currently meets the exceptions required to provide limited in-person instruction for specific groups of students (see section
	Od(2) of the <i>Ready Schools, Safe Learners</i> guidance).
_	

☐ The school currently meets the exceptions required for remote or rural schools in larger population counties to provide in-person instruction (see section 0d(3) of the *Ready Schools, Safe Learners* guidance).

☐ The school currently meets the exceptions required for smaller population counties to provide in-person instruction (see section 0d(4) of the *Ready Schools, Safe Learners* guidance).

☐ The school currently meets the exceptions required for schools in low population density counties (see section 0d(5) of the *Ready Schools, Safe Learners* guidance).

☐ The school currently meets the exceptions required for small districts to provide in-person instruction (see section 0d(6) of the *Ready Schools, Safe Learners* guidance).

1. Public Health Protocols

1a. COMMUNICABLE DISEASE MANAGEMENT PLAN FOR COVID-19

OHA/ODE Requirements	Hybrid/Onsite Plan	
☐ Implement measures to limit the spread of COVID-19 within the school setting.		
☐ Update written Communicable Disease Management Plan to specifically address the prevention of the spread of COVID-19.		
Designate a person at each school to establish, implement and enforce physical distancing requirements, consistent with this guidance and other guidance from OHA		

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Include names of the LPHA staff, school nurses, and other medical	Trybrid/Offsite Flair
	experts who provided support and resources to the district/school	
	policies and plans. Review relevant local, state, and national	
	evidence to inform plan.	
	Process and procedures established to train all staff in sections 1 -	
	3 of the <i>Ready Schools, Safe Learners</i> guidance. Consider	
	conducting the training virtually, or, if in-person, ensure physical	
	distancing is maintained to the maximum extent possible.	
	Protocol to notify the local public health authority (<u>LPHA Directory</u>	
	by County) of any confirmed COVID-19 cases among students or	
	staff.	
	Plans for systematic disinfection of classrooms, offices, bathrooms	
	and activity areas.	
	Process to report to the LPHA any cluster of any illness among staff	
	or students. Protocol to cooperate with the LPHA recommendations.	
	Provide all logs and information to the LPHA in a timely manner.	
	Protocol for screening students and staff for symptoms (see section 1f of the <i>Ready Schools, Safe Learners</i> guidance).	
	Protocol to isolate any ill or exposed persons from physical contact	
	with others.	
	Protocol for communicating potential COVID-19 cases to the	
	school community and other stakeholders (see section 1e of the	
	Ready Schools, Safe Learners guidance).	
	Create a system for maintaining daily logs for each student/cohort	
	for the purposes of contact tracing. This system needs to be made	
	in consultation with a school/district nurse or an LPHA official.	
	Sample logs are available as a part of the Oregon School Nurses	
	Association COVID-19 Toolkit.	
	• If a student(s) is part of a stable cohort (a group of students	
	that are consistently in contact with each other or in multiple	
	cohort groups) that conform to the requirements of cohorting (see section 1d of the <i>Ready Schools, Safe Learners</i>	
	guidance), the daily log may be maintained for the cohort.	
	 If a student(s) is not part of a stable cohort, then an individual 	
	student log must be maintained.	
	Required components of individual daily student/cohort logs	
	include:	
	Child's name	
	Drop off/pick up time	
	Parent/guardian name and emergency contact information	
	 All staff (including itinerant staff, district staff, substitutes, 	
	and guest teachers) names and phone numbers who interact	
_	with a stable cohort or individual student	
Ш	Protocol to record/keep daily logs to be used for contact tracing	
	for a minimum of four weeks to assist the LPHA as needed.	
	Process to ensure that all itinerant and all district staff	
	(maintenance, administrative, delivery, nutrition, and any other staff) who move between buildings keep a log or calendar with a	
	running four-week history of their time in each school building and	
	who they were in contact with at each site.	
	Process to ensure that the school reports to and consults with the	
	LPHA regarding cleaning and possible classroom or program	
	closure if anyone who has entered school is diagnosed with COVID-	
	19.	
	Protocol to respond to potential outbreaks (see section 3 of the	
	Ready Schools, Safe Learners guidance).	

OHA	/OD	E Requirements	Hybrid/Onsite Plan
		re students in high-risk population(s) whether learning is	Trystia/ Otisice Fian
		pening through On-Site, Hybrid (partially On-Site and partially	
		prehensive Distance Learning models), or Comprehensive	
		ance Learning models.	
N 4		y Fragile, Complex and Nursing-Dependent Student	
		nents	
		listricts must account for students who have health conditions	
		require additional nursing services. Oregon law (ORS 336.201)	
		nes three levels of severity related to required nursing	
		ices:	
	1.	Medically Complex: Are students who may have an unstable	
		health condition and who may require daily professional	
		nursing services.	
	2.	Medically Fragile: Are students who may have a life-	
		threatening health condition and who may require immediate	
		professional nursing services.	
	3.	Nursing-Dependent: Are students who have an unstable or	
		life-threatening health condition and who require daily,	
		direct, and continuous professional nursing services.	
	Staf	f and school administrators, in partnership with school nurses,	
	or o	ther school health providers, should work with	
	inte	rdisciplinary teams to address individual student needs. The	
	scho	ool registered nurse (RN) is responsible for nursing care	
	prov	vided to individual students as outlined in ODE guidance and	
	state	e law:	
	•	Communicate with parents and health care providers to	
		determine return to school status and current needs of the	
		student.	
	•	Coordinate and update other health services the student may	
		be receiving in addition to nursing services. This may include	
		speech language pathology, occupational therapy, physical	
		therapy, as well as behavioral and mental health services.	
	•	Modify Health Management Plans, Care Plans, IEPs, or 504 or	
		other student-level medical plans, as indicated, to address	
		current health care considerations.	
	•	The RN practicing in the school setting should be supported to	
		remain up to date on current guidelines and access	
		professional support such as evidence-based resources from	
		the Oregon School Nurses Association.	
	•	Service provision should consider health and safety as well as	
		legal standards.	
	•	Appropriate medical-grade personal protective equipment	
		(PPE) should be made available to <u>nurses and other health</u>	
		providers.	
	•	Work with an interdisciplinary team to meet requirements of	
		ADA and FAPE.	
	•	High-risk individuals may meet criteria for exclusion during a	
		local health crisis.	
	•	Refer to updated state and national guidance and resources	
		such as:	
		 U.S. Department of Education Supplemental Fact Sheet: 	
		Addressing the Risk of COVID-19 in Preschool,	
		Elementary and Secondary Schools While Serving	
		Children with Disabilities from March 21, 2020.	
		ODE guidance updates for Special Education. Example	
		from March 11, 2020.	
		OAR 581-015-2000 Special Education, requires districts	
		to provide 'school health services and school nurse	
		services' as part of the 'related services' in order 'to	
		assist a child with a disability to benefit from special	
		education.'	

0116	NOTE DE LE	11 1 1 1 / n 21 ml
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	OAR 333-019-0010 Public Health: Investigation and Cantal of Discourse Conseq Boundary and Boundary Stilling	
	Control of Diseases: General Powers and Responsibilities,	
	outlines authority and responsibilities for school	
<u> </u>	exclusion.	
	1c. PHYSICAL	DISTANCING
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Establish a minimum of 35 square feet per person when	
	determining room capacity. Calculate only with usable classroom	
	space, understanding that desks and room set-up will require use	
	of all space in the calculation. This also applies for professional	
	development and staff gatherings.	
	Support physical distancing in all daily activities and instruction,	
	maintaining six feet between individuals to the maximum extent	
	possible.	
	Minimize time standing in lines and take steps to ensure that six	
	feet of distance between students is maintained, including marking	
	spacing on floor, one-way traffic flow in constrained spaces, etc.	
	Schedule modifications to limit the number of students in the	
	building (e.g., rotating groups by days or location, staggered	
	schedules to avoid hallway crowding and gathering).	
	Plan for students who will need additional support in learning how	
	to maintain physical distancing requirements. Provide instruction;	
	don't employ punitive discipline.	
Ш	Staff should maintain physical distancing during all staff meetings and conferences, or consider remote web-based meetings.	
	and conferences, or consider remote web-based meetings.	
	1d. COH	ORTING
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Where feasible, establish stable cohorts: groups should be no	
	larger than can be accommodated by the space available to	
	provide 35 square feet per person, including staff.	
	The smaller the cohort, the less risk of spreading disease. As	
	cohort groups increase in size, the risk of spreading disease	
	increases.	
	Students cannot be part of any single cohort, or part of multiple	
	cohorts that exceed a total of 100 people within the educational	
	week. Schools should plan to limit cohort sizes to allow for	
	efficient contact-tracing and minimal risk for exposure.	
	Each school must have a system for daily logs to ensure contract tracing among the cohort (see section 1a of the <i>Ready Schools</i> ,	
	Safe Learners guidance).	
	Minimize interaction between students in different stable cohorts	
	(e.g., access to restrooms, activities, common areas). Provide	
	access to All Gender/Gender Neutral restrooms.	
	Cleaning and disinfecting surfaces (e.g., desks, door handles, etc.)	
	must be maintained between multiple student uses, even in the	
	same cohort.	
	same cohort. Design cohorts such that all students (including those protected under ADA and IDEA) maintain access to general education, grade-

OHA	VODE Requirements	Hybrid/Onsite Plan
OHA	•	nybriu/Olisite Fiali
	The definition of exposure is being within 6 feet of a COVID- 10 case for 15 minutes (or longer)	
	19 case for 15 minutes (or longer).	
Ш	Develop protocols for communicating immediately with staff,	
	families, and the community when a new case(s) of COVID-19 is	
	diagnosed in students or staff members, including a description of	
_	how the school or district is responding.	
	Provide all information in languages and formats accessible to the	
	school community.	
	1f. ENTRY AN	
	/ODE Requirements	Hybrid/Onsite Plan
Ш	Direct students and staff to stay home if they, or anyone in their	
	homes or community living spaces, have COVID-19 symptoms, or if	
	anyone in their home or community living spaces has COVID-19.	
	COVID-19 symptoms are as follows:	
	Primary symptoms of concern: cough, fever (temperature)	
	greater than 100.4°F) or chills, shortness of breath, or	
	difficulty breathing.	
	Note that muscle pain, headache, sore throat, new loss of	
	taste or smell, diarrhea, nausea, vomiting, nasal congestion,	
	and runny nose are also symptoms often associated with	
	COVID-19. More information about COVID-19 symptoms is	
	available <u>from CDC.</u>	
	 In addition to COVID-19 symptoms, students should be 	
	excluded from school for signs of other infectious diseases,	
	per existing school policy and protocols. See pages 9-12 of	
	OHA/ODE Communicable Disease Guidance.	
	• Emergency signs that require immediate medical attention:	
	 Trouble breathing 	
	 Persistent pain or pressure in the chest 	
	 New confusion or inability to awaken 	
	 Bluish lips or face (lighter skin); greyish lips or face 	
	(darker skin)	
	 Other severe symptoms 	
	Screen all students and staff for symptoms on entry to bus/school	
	every day. This can be done visually and/or with confirmation from	
	a parent/caregiver/guardian. Staff members can self-screen and	
	attest to their own health.	
	Anyone displaying or reporting the primary symptoms of	
	concern must be isolated (see section 1i of the Ready Schools,	
	Safe Learners guidance) and sent home as soon as possible.	
	See table "Planning for COVID-19 Scenarios in Schools."	
	 Additional guidance for nurses and health staff. 	
	Follow LPHA advice on restricting from school any student or staff	
	known to have been exposed (e.g., by a household member) to	
	COVID-19. See table "Planning for COVID-19 Scenarios in Schools."	
	Staff or students with a chronic or baseline cough that has	
	worsened or is not well-controlled with medication should be	
	excluded from school. Do not exclude staff or students who have	
	other symptoms that are chronic or baseline symptoms (e.g.,	
	asthma, allergies, etc.) from school.	
	Hand hygiene on entry to school every day: wash with soap and	
_	water for 20 seconds or use an alcohol-based hand sanitizer with	
	60-95% alcohol.	
_	1g. VISITORS/	VOLUNTEERS
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Restrict non-essential visitors/volunteers.	
1	• Examples of essential visitors include: DHS Child Protective	

Services, Law Enforcement, etc.

OH	VODE Boquiroments	Hybrid/Onsite Plan
UH	A/ODE Requirements	Hybrid/Onsite Plan
	Examples of non-essential visitors/volunteers include: Parent Tacker Association (DTA), placers are valuations at a	
	Teacher Association (PTA), classroom volunteers, etc.	
	Screen all visitors/volunteers for symptoms upon every entry. Restrict from school property any visitor known to have been	
	exposed to COVID-19. See table "Planning for COVID-19 Scenarios	
	in Schools."	
	Visitors/volunteers must wash or sanitize their hands upon entry	
	and exit.	
	Visitors/volunteers must maintain six-foot distancing, wear face	
	coverings, and adhere to all other provisions of this guidance.	
	1h. FACE COVERINGS, FACE SHIELI	OS, AND CLEAR PLASTIC BARRIERS
OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Face coverings or face shields for all staff, contractors, other	
	service providers, or visitors or volunteers following CDC guidelines	
	for Face Coverings. Individuals may remove their face coverings	
	while working alone in private offices.	
	Face coverings or face shields for all students in grades	
	Kindergarten and up following CDC guidelines for Face Coverings.	
	If a student removes a face covering, or demonstrates a need to	
	remove the face covering for a short-period of time:	
	 Provide space away from peers while the face covering is 	
	removed. In the classroom setting, an example could be a	
	designated chair where a student can sit and take a 15 minute	
	"sensory break;"	
	 Students should not be left alone or unsupervised; 	
	Designated area or chair should be appropriately	
	distanced from other students and of a material that is	
	easily wiped down for disinfection after each use;	
	 Provide additional instructional supports to effectively wear a face covering; 	
	 Provide students adequate support to re-engage in safely 	
	wearing a face covering;	
	Students cannot be discriminated against or disciplined for an	
	inability to safely wear a face covering during the school day.	
	Face masks for school RNs or other medical personnel when	
_	providing direct contact care and monitoring of staff/students	
	displaying symptoms. School nurses should also wear appropriate	
	Personal Protective Equipment (PPE) for their role.	
	• Additional guidance for nurses and health staff.	
Prof	tections under the ADA or IDEA	
	If any student requires an accommodation to meet the	
	requirement for face coverings, districts and schools should limit	
	the student's proximity to students and staff to the extent possible	
	to minimize the possibility of exposure. Appropriate	
	accommodations could include:	
	Offering different types of face coverings and face shields that	
	may meet the needs of the student.	
	 Spaces away from peers while the face covering is removed; 	
	students should not be left alone or unsupervised.	
	Short periods of the educational day that do not include	
	wearing the face covering, while following the other health	
	strategies to reduce the spread of disease;	
	Additional instructional supports to effectively wear a face sourcing:	
	covering;	
Ш	For students with existing medical conditions and a physician's	
	orders to not wear face coverings, or other health related concerns, schools/districts must not deny any in-person	
	instruction.	
	Schools and districts must comply with the established IEP/504	
	plan prior to the closure of in-person instruction in March of 2020.	

OHA/ODE Requirements		quirements	Hybrid/Onsite Plan
	• If a	student eligible for, or receiving services under a 504/IEP,	
	can	not wear a face covering due to the nature of the	
	disa	ability, the school or district must:	
	1.	Review the 504/IEP to ensure access to instruction in a	
		manner comparable to what was originally established in	
		the student's plan including on-site instruction with	
		accommodations or adjustments.	
	2.	Placement determinations cannot be made due solely to	
		the inability to wear a face covering.	
	3.	Plans should include updates to accommodations and	
		modifications to support students.	
	• Stud	dents protected under ADA/IDEA, who abstain from	
	wea	aring a face covering, or students whose families	
	det	ermine the student will not wear a face covering, the	
	sch	ool or district must:	
	1.	Review the 504/IEP to ensure access to instruction in a	
		manner comparable to what was originally established in	
		the student's plan.	
	2.	The team must determine that the disability is not	
		prohibiting the student from meeting the requirement.	
		 If the team determines that the disability is 	
		prohibiting the student from meeting the	
		requirement, follow the requirements for students	
		eligible for, or receiving services under, a 504/IEP	
		who cannot wear a face covering due to the nature	
		of the disability,	
		 If a student's 504/IEP plan included 	
		supports/goals/instruction for behavior or social	
		emotional learning, the school team must evaluate	
		the student's plan prior to providing instruction	
		through Comprehensive Distance Learning.	
	3.	Hold a 504/IEP meeting to determine equitable access to	
		educational opportunities which may include limited in-	
		person instruction, on-site instruction with	
		accommodations, or Comprehensive Distance Learning.	
		ents not currently served under an IEP or 504, districts	
		nsider whether or not student inability to consistently	
		ace covering or face shield as required is due to a	
		v. Ongoing inability to meet this requirement may be	
		e of the need for an evaluation to determine eligibility for	
_		under IDEA or Section 504.	
		member requires an accommodation for the face covering	
		hield requirements, districts and schools should work to	
		staff member's proximity to students and staff to the	
	extent p	ossible to minimize the possibility of exposure.	
		1i. ISOLATION AN	ID QUARANTINE

ОН	A/ODE Requirements	Hybrid/Onsite Plan
	Protocols for exclusion and isolation for sick students and staff	
	whether identified at the time of bus pick-up, arrival to school, or	
	at any time during the school day.	
	Protocols for screening students, as well as exclusion and isolation	
	protocols for sick students and staff identified at the time of arrival	
	or during the school day.	
	Work with school nurses, health care providers, or other staff	
	with expertise to determine necessary modifications to areas	
	where staff/students will be isolated. If two students present	
	COVID-19 symptoms at the same time, they must be isolated	
	at once. If separate rooms are not available, ensure that six	
	feet distance is maintained. Do not assume they have the	
	same illness.	

OHA/ODE Requirements		Hybrid/Onsite Plan
 Consider required 	physical arrangements to reduce risk of	
disease transmissi	on.	
 Plan for the needs 	of generally well students who need	
medication or rou	tine treatment, as well as students who	
may show signs of		
 Additional guidant 	ce for nurses and health staff.	
Students and staff who	report or develop symptoms must be	
isolated in a designated	d isolation area in the school, with adequate	
-	sion and symptom monitoring by a school	
	sed health care provider or school staff until	
_	ne. Anyone providing supervision and	
, ,	nust wear appropriate face covering or face	
shields.		
	health staff in close contact with	
	viduals (less than 6 feet) should wear a	
~	e mask. Other Personal Protective	
	may be needed depending on symptoms	
1	. Consult a nurse or health care professional	
	riate use of PPE. Any PPE used during care of	
	lividual should be properly removed and	
	to exiting the care space.	
_	E, hands should be immediately cleaned ter for at least 20 seconds. If soap and water	
•	hands can be cleaned with an alcohol-based	
The state of the s	t contains 60-95% alcohol.	
	fely, a symptomatic individual should wear a	
face covering.	ery, a symptomatic marriadar shoara wear a	
1	xiety, or shame related to isolation, provide	
	n of procedures, including use of PPE and	
handwashing.		
	or safely transporting anyone who is sick to	
their home or to a heal		
	are ill must stay home from school and	
must be sent home if the	hey become ill at school, particularly if they	
have COVID-19 sympto	ms. Refer to table in "Planning for COVID-	
19 Scenarios in Schools	." ·	
☐ Involve school nurses, S	School Based Health Centers, or staff with	
	cupational or Physical Therapists) in	
development of protoc	ols and assessment of symptoms (where	
staffing exists).		
☐ Record and monitor the	e students and staff being isolated or sent	
home for the LPHA revi	iew.	

2. Facilities and School Operations

Some activities and areas will have a higher risk for spread (e.g., band, choir, science labs, locker rooms). When engaging in these activities within the school setting, schools will need to consider additional physical distancing or conduct the activities outside (where feasible). Additionally, schools should consider sharing explicit risk statements for instructional and extra-curricular activities requiring additional considerations (see section 5f of the *Ready Schools, Safe Learners* guidance).

2a. ENROLLMENT

(Note: Section 2a does not apply to private schools.)

(**************************************		
OHA/ODE Requirements	Hybrid/Onsite Plan	
☐ Enroll all students (including foreign exchange students) following		
the standard Oregon Department of Education guidelines.		

OHA	/ODE Requirements	Hybrid/Onsite Plan
	The temporary suspension of the 10-day drop rule does not	
	change the rules for the initial enrollment date for students:	
	The ADM enrollment date for a student is the first day of the	
	student's actual attendance.	
	A student with fewer than 10 days of absence at the	
	beginning of the school year may be counted in membership	
	prior to the first day of attendance, but not prior to the first	
	calendar day of the school year.	
	• If a student does not attend during the first 10 session days of	
	school, the student's ADM enrollment date must reflect the	
	student's actual first day of attendance.	
	·	
	Students who were anticipated to be enrolled, but who do	
	not attend at any time must not be enrolled and submitted in	
	ADM.	
	If a student has stopped attending for 10 or more days, districts	
	must continue to try to engage the student. At a minimum,	
	districts must attempt to contact these students and their families	
	weekly to either encourage attendance or receive confirmation	
	that the student has transferred or has withdrawn from school.	
	This includes students who were scheduled to start the school	
_	year, but who have not yet attended.	
	When enrolling a student from another school, schools must	
	request documentation from the prior school within 10 days of	
	enrollment per OAR 581-021-0255 to make all parties aware of the	
	transfer. Documentation obtained directly from the family does	
	not relieve the school of this responsibility. After receiving	
	documentation from another school that a student has enrolled,	
	drop that student from your roll.	
	Design attendance policies to account for students who do not	
	attend in-person due to student or family health and safety	
	concerns.	
	When a student has a pre-excused absence or COVID-19 absence,	
	the school district should reach out to offer support at least weekly	
	until the student has resumed their education.	
	When a student is absent beyond 10 days and meets the criteria	
_	for continued enrollment due to the temporary suspension of the	
	· · · · ·	
	10 day drop rule, continue to count them as absent for those days	
	and include those days in your Cumulative ADM reporting.	
	2b. ATTE	
	(Note: Section 2b does not	
OHA	/ODE Requirements	Hybrid/Onsite Plan
Ш	Grades K-5 (self-contained): Attendance must be taken at least	
	once per day for all students enrolled in school, regardless of the	
	instructional model (On-Site, Hybrid, Comprehensive Distance	
	Learning, online schools).	
	Grades 6-12 (individual subject): Attendance must be taken at	
	least once for each scheduled class that day for all students	
	enrolled in school, regardless of the instructional model (On-Site,	
	Hybrid, Comprehensive Distance Learning, online schools).	
	Alternative Programs: Some students are reported in ADM as	
	enrolled in a non-standard program (such as tutorial time), with	
	hours of instruction rather than days present and days absent.	
	Attendance must be taken at least once for each scheduled	
	interaction with each student, so that local systems can track the	
	student's attendance and engagement. Reported hours of	
	instruction continue to be those hours in which the student was	
	present.	
	Online schools that previously followed a two check-in per week	
	Online schools that previously followed a two check-in per week attendance process must follow the Comprehensive Distance	
ш	attendance process must follow the Comprehensive Distance Learning requirements for checking and reporting attendance.	

OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Provide families with clear and concise descriptions of student	
	attendance and participation expectations as well as family	
	involvement expectations that take into consideration the home	
	environment, caregiver's work schedule, and mental/physical	
	health.	
	2c. TECH	NOLOGY
OHA	A/ODE Requirements	Hybrid/Onsite Plan
	Update procedures for district-owned or school-owned devices to	
-	match cleaning requirements (see section 2d of the <i>Ready Schools</i> ,	
	Safe Learners guidance).	
	Procedures for return, inventory, updating, and redistributing	
	district-owned devices must meet physical distancing	
	requirements.	
	requirements.	
	34 SCHOOL SDECIEIC EINIG	CTIONS/FACILITY FEATURES
OH	A/ODE Requirements	Hybrid/Onsite Plan
	Handwashing: All people on campus should be advised and	Handwashing:
	encouraged to wash their hands frequently.	· nanuwasiinig.
		Equipment:
	Equipment: Develop and use sanitizing protocols for all equipment	Equipment:
	used by more than one individual or purchase equipment for	Events:
_	individual use.	Lychts.
	Events: Cancel, modify, or postpone field trips, assemblies, athletic	Transitions/Hallways:
	events, practices, special performances, school-wide parent	Transitions/ hanways.
	meetings and other large gatherings to meet requirements for	Personal Property:
	physical distancing.	Tersonari roperty.
	Transitions/Hallways: Limit transitions to the extent possible.	
	Create hallway procedures to promote physical distancing and	
	minimize gatherings.	
	Personal Property: Establish policies for personal property being	
	brought to school (e.g., refillable water bottles, school supplies,	
	headphones/earbuds, cell phones, books, instruments, etc.). If	
	personal items are brought to school, they must be labeled prior to	
	entering school and use should be limited to the item owner.	
	2e. ARRIVAL A	ND DISMISSAL
OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Physical distancing, stable cohorts, square footage, and cleaning	
	requirements must be maintained during arrival and dismissal	
	procedures.	
	Create schedule(s) and communicate staggered arrival and/or	
	dismissal times.	
	Assign students or cohorts to an entrance; assign staff member(s)	
_	to conduct visual screenings (see section 1f of the <i>Ready Schools</i> ,	
	Safe Learners guidance).	
	Ensure accurate sign-in/sign-out protocols to help facilitate	
	contact tracing by the LPHA. Sign-in procedures are not a	
	replacement for entrance and screening requirements. Students	
	entering school after arrival times must be screened for the	
	primary symptoms of concern.	
	Eliminate shared pen and paper sign-in/sign-out sheets.	
	Ensure hand sanitizer is available if signing children in or out	
	on an electronic device.	
	Ensure alcohol-based hand sanitizer (with 60-95% alcohol)	
	dispensers are easily accessible near all entry doors and other	
1	high-traffic areas. Establish and clearly communicate procedures	
	for keeping caregiver drop-off/pick-up as brief as possible.	

2f. CLASSROOMS/REPURPOSED LEARNING SPACES

OH	A/ODE Requirements	Hybrid/Onsite Plan
	Seating: Rearrange student desks and other seat spaces so that	Seating:
	staff and students' physical bodies are six feet apart to the	a Makadala
	maximum extent possible while also maintaining 35 square feet	Materials:
	per person; assign seating so students are in the same seat at all times.	Handwashing:
	Materials: Avoid sharing of community supplies when possible	
	(e.g., scissors, pencils, etc.). Clean these items frequently. Provide	
	hand sanitizer and tissues for use by students and staff.	
	Handwashing: Remind students (with signage and regular verbal	
	reminders from staff) of the utmost importance of hand hygiene	
	and respiratory etiquette. Respiratory etiquette means covering	
	coughs and sneezes with an elbow or a tissue. Tissues should be	
	disposed of in a garbage can, then hands washed or sanitized	
	immediately.	
	Wash hands with soap and water for 20 seconds or use an	
	alcohol-based hand sanitizer with 60-95% alcohol.	
	2° DI AVCDOLINDO EIELDO DEC	CECC DDEAVC AND DECTDOOMS
ОН	A/ODE Requirements	CESS, BREAKS, AND RESTROOMS Hybrid/Onsite Plan
	Keep school playgrounds closed to the general public until park	nybriu/Orisite Fian
	playground equipment and benches reopen in the community (see	
	Oregon Health Authority's Specific Guidance for Outdoor	
	Recreation Organizations).	
	After using the restroom students must wash hands with soap and	
	water for 20 seconds. Soap must be made available to students	
	and staff.	
	Before and after using playground equipment, students must wash	
	hands with soap and water for 20 seconds <u>or</u> use an alcohol-based	
	hand sanitizer with 60-95% alcohol.	
	Designate playground and shared equipment solely for the use of	
	one cohort at a time. Disinfect at least daily or between use as much as possible in accordance with CDC guidance .	
	Cleaning requirements must be maintained (see section 2j of the	
	Ready Schools, Safe Learners guidance).	
	Maintain physical distancing requirements, stable cohorts, and	
	square footage requirements.	
	Provide signage and restrict access to outdoor equipment	
	(including sports equipment, etc.).	
	Design recess activities that allow for physical distancing and	
	maintenance of stable cohorts.	
	Clean all outdoor equipment at least daily or between use as much	
	as possible in accordance with <u>CDC guidance</u> .	
	Limit staff rooms, common staff lunch areas, elevators and	
	workspaces to single person usage at a time, maintaining six feet of distance between adults.	
<u> </u>	or distance between addits.	1
2h. MEAL SERVICE/NUTRITION		
OH	A/ODE Requirements	Hybrid/Onsite Plan
	Include meal services/nutrition staff in planning for school reentry.	
	Prohibit self-service buffet-style meals.	
	Prohibit sharing of food and drinks among students and/or staff.	
	At designated meal or snack times, students may remove their	
	face coverings to eat or drink but must maintain six feet of physical	
	distance from others, and must put face coverings back on after	
	finishing the meal or snack.	
	Staff serving meals and students interacting with staff at	

of the $\bf Ready\ Schools$, $\bf Safe\ Learners\ guidance$).

OHA	A/ODE Requirements	Hybrid/Onsite Plan	
	Students must wash hands with soap and water for 20 seconds <u>or</u>		
	use an alcohol-based hand sanitizer with 60-95% alcohol before		
	meals and should be encouraged to do so after.		
	Appropriate daily cleaning of meal items (e.g., plates, utensils,		
	transport items).		
	Cleaning and sanitizing of meal touch-points and meal counting		
	system between stable cohorts.		
	Adequate cleaning and disinfection of tables between meal		
Ш			
	periods.		
	Since staff must remove their face coverings during eating and		
	drinking, staff should eat snacks and meals independently, and not		
	in staff rooms when other people are present. Consider staggering		
	times for staff breaks, to prevent congregation in shared spaces.		
		ORTATION	
OH/	A/ODE Requirements	Hybrid/Onsite Plan	
	Include transportation departments (and associated contracted		
	providers, if used) in planning for return to service.		
	Buses are cleaned frequently. Conduct targeted cleanings between		
	routes, with a focus on disinfecting frequently touched surfaces of		
	the bus (see section 2j of the <i>Ready Schools, Safe Learners</i>		
	guidance).		
	Develop protocol for loading/unloading that includes visual		
	screening for students exhibiting symptoms and logs for contact-		
	tracing. This should be done at the time of arrival and departure.		
	If a student displays COVID-19 symptoms, provide a face A studen		
	shield or face covering (unless they are already wearing one)		
	and keep six feet away from others. Continue transporting		
	the student.		
	 The symptomatic student should be seated in the first 		
	row of the bus during transportation, and multiple		
	windows should be opened to allow for fresh air		
	circulation, if feasible.		
	 The symptomatic student should leave the bus first. 		
	After all students exit the bus, the seat and surrounding		
	surfaces should be cleaned and disinfected.		
	• If arriving at school, notify staff to begin isolation measures.		
	 If transporting for dismissal and the student displays an 		
	onset of symptoms, notify the school.		
	Consult with parents/guardians of students who may require		
	additional support (e.g., students who experience a disability and		
	,, , , , , , , , , , , , , , , , , , , ,		
	require specialized transportation as a related service) to		
	appropriately provide service.		
	Drivers wear face shields or face coverings when not actively		
1_	driving and operating the bus.		
	Inform parents/guardians of practical changes to transportation		
	service (i.e., physical distancing at bus stops and while		
	loading/unloading, potential for increased route time due to		
	additional precautions, sanitizing practices, and face coverings).		
	Face coverings or face shields for all students in grades		
	Kindergarten and up following <u>CDC guidelines</u> applying the		
	guidance in section 1h of the <i>Ready Schools, Safe Learners</i>		
	guidance to transportation settings.		
	J. J.		
	2j. CLEANING, DISINFECTION, AND VENTILATION		
OH/	A/ODE Requirements	Hybrid/Onsite Plan	
	Clean, sanitize, and disinfect frequently touched surfaces (e.g.		
1	door handles, sink handles, drinking fountains, transport vehicles)		
	and shared objects (e.g., toys, games, art supplies) between uses		
	multiple times per day. Maintain clean and disinfected (CDC		

OH	VODE Poquiroments	Hybrid/Onsite Plan	
OH#	A/ODE Requirements guidance) environments, including classrooms, cafeteria settings	Trybha/Olisite Flair	
	and restrooms.		
	Clean and disinfect playground equipment at least daily or		
	between use as much as possible in accordance with CDC		
	guidance.		
	Apply disinfectants safely and correctly following labeling direction		
	as specified by the manufacturer. Keep these products away from		
	students.		
	To reduce the risk of asthma, choose disinfectant products on the		
	EPA List N with asthma-safer ingredients (e.g. hydrogen peroxide,		
	citric acid, or lactic acid) and avoid products that mix these with		
	asthma-causing ingredients like peroxyacetic acid, sodium		
	hypochlorite (bleach), or quaternary ammonium compounds.		
	Schools with HVAC systems should evaluate the system to		
	minimize indoor air recirculation (thus maximizing fresh outdoor		
	air) to the extent possible. Schools that do not have mechanical		
	ventilation systems should, to the extent possible, increase natural		
	ventilation by opening windows and doors before students arrive		
	and after students leave, and while students are present.		
	Consider running ventilation systems continuously and changing		
	the filters more frequently. Do <u>not</u> use fans if they pose a safety or		
	health risk, such as increasing exposure to pollen/allergies or		
	exacerbating asthma symptoms. Consider using window fans or		
	box fans positioned in open windows to blow fresh outdoor air		
	into the classroom via one window, and indoor air out of the		
	classroom via another window. Fans should not be used in rooms with closed windows and doors, as this does not allow for fresh air		
	to circulate.		
	Consider the need for increased ventilation in areas where		
	students with special health care needs receive medication or		
	treatments.		
	Facilities should be cleaned and disinfected at least daily to		
	prevent transmission of the virus from surfaces (see CDC's		
	guidance on disinfecting public spaces).		
	Consider modification or enhancement of building ventilation		
	where feasible (see CDC's guidance on ventilation and filtration		
	and American Society of Heating, Refrigerating, and Air-		
	Conditioning Engineers' guidance).		
	2k. HEALTH SERVICES		
OH/	A/ODE Requirements	Hybrid/Onsite Plan	
	OAR 581-022-2220 Health Services, requires districts to "maintain		
	a prevention-oriented health services program for all students"		
	including space to isolate sick students and services for students		
	with special health care needs. While OAR 581-022-2220 does not		
	apply to private schools, private schools must provide a space to		
	isolate sick students and provide services for students with special		
_	health care needs.		
	Licensed, experienced health staff should be included on teams to		
	determine district health service priorities. Collaborate with health		
	professionals such as school nurses; SBHC staff; mental and		
	behavioral health providers; dental providers; physical,		
	occupational, speech, and respiratory therapists; and School Based Health Centers (SBHC).		
	median centers (spine).		
		RESIDENTIAL PROGRAMS ONLY	
OH/	A/ODE Requirements	Hybrid/Onsite Plan	
	Provide specific plan details and adjustments in Operational		
	Blueprints that address staff and student safety, which includes		
	how you will approach:		
	Contact tracing		

OHA/ODE Requirements	Hybrid/Onsite Plan
 The intersection of cohort designs in residential settings (by wing or common restrooms) with cohort designs in the instructional settings. The same cohorting parameter limiting total cohort size to 100 people applies. Quarantine of exposed staff or students Isolation of infected staff or students Communication and designation of where the "household" or "family unit" applies to your residents and staff Review and take into consideration CDC guidance for shared or congregate housing: Not allow more than two students to share a residential dorm room unless alternative housing arrangements are impossible Ensure at least 64 square feet of room space per resident Reduce overall residential density to ensure sufficient space for the isolation of sick or potentially infected individuals, as necessary; Configure common spaces to maximize physical distancing; Provide enhanced cleaning; Establish plans for the containment and isolation of oncampus cases, including consideration of PPE, food delivery, and bathroom needs. 	
	PROCEDURES AND DRILLS
OHA/ODE Requirements	Hybrid/Onsite Plan

(including those operating a Comprehensive Distance Learning model) are required to instruct students on emergency procedures. Schools that operate an On-Site or Hybrid model need to instruct and practice drills on emergency procedures so that students and staff can respond to emergencies. At least 30 minutes in each school month must be used to instruct students on the emergency procedures for fires, earthquakes (including tsunami drills in appropriate zones), and safety threats. Fire drills must be conducted monthly. Earthquake drills (including tsunami drills and instruction for schools in a tsunami hazard zone) must be conducted two times a year. Safety threats including procedures related to lockdown, lockout, shelter in place and evacuation and other appropriate actions to take when there is a threat to safety must be conducted two times a year. Drills can and should be carried out as close as possible to the procedures that would be used in an actual emergency. For example, a fire drill should be carried out with the same alerts and same routes as normal. If appropriate and practicable, COVID-19 physical distancing measures can be implemented, but only if they do not compromise the drill. When or if physical distancing must be compromised, drills must be completed in less than 15 minutes. Drills should not be practiced unless they can be practiced correctly. Train staff on safety drills prior to students arriving on the first day

If appropriate and practicable, COVID-19 physical distancing measures can be implemented, but only if they do not compromise the drill. When or if physical distancing must be compromised, drills must be completed in less than 15 minutes. Drills should not be practiced unless they can be practiced correctly. 	
 Fire drills must be conducted monthly. Earthquake drills (including tsunami drills and instruction for schools in a tsunami hazard zone) must be conducted two times a year. Safety threats including procedures related to lockdown, lockout, shelter in place and evacuation and other appropriate actions to take when there is a threat to safety must be conducted two times a year. Drills can and should be carried out as close as possible to the procedures that would be used in an actual emergency. For example, a fire drill should be carried out with the same alerts and same routes as normal. If appropriate and practicable, COVID-19 physical distancing measures can be implemented, but only if they do not compromise the drill. When or if physical distancing must be compromised, drills must be completed in less than 15 minutes. Drills should not be practiced unless they can be practiced correctly.

When or if physical distancing must be compromised, drills must be completed in less than 15 minutes. Drills should not be practiced unless they can be practiced correctly.	
physical distancing measures can be implemented, but only if they do not compromise the drill. ☐ When or if physical distancing must be compromised, drills must be completed in less than 15 minutes. ☐ Drills should not be practiced unless they can be practiced correctly.	
do not compromise the drill. When or if physical distancing must be compromised, drills must be completed in less than 15 minutes. Drills should not be practiced unless they can be practiced correctly.	
 □ When or if physical distancing must be compromised, drills must be completed in less than 15 minutes. □ Drills should not be practiced unless they can be practiced correctly. 	
be completed in less than 15 minutes. □ Drills should not be practiced unless they can be practiced correctly.	
☐ Drills should not be practiced unless they can be practiced correctly.	
correctly.	
·	
☐ Train staff on safety drills prior to students arriving on the first day	
, , ,	
on campus in hybrid or face-to-face engagement.	
☐ If on a hybrid schedule, conduct multiple drills each month to	
ensure that all cohorts of students have opportunities to	
participate in drills (i.e., schedule on different cohort days	
throughout the year).	
☐ Students must wash hands with soap and water for 20 seconds or	
use an alcohol-based hand sanitizer with 60-95% alcohol after a	
drill is complete.	

2n. SUPPORTING STUDENTS WHO ARE DYSREGULATED, ESCALATED, AND/OR EXHIBITING SELF-REGULATORY CHALLENGES

OH/	A/ODE Requirements	Hybrid/Onsite Plan
	Utilize the components of Collaborative Problem Solving or a	
	similar framework to continually provide instruction and skill-	
	building/training related to the student's demonstrated lagging	
	skills.	
	Take proactive/preventative steps to reduce antecedent events	
	and triggers within the school environment.	
	Be proactive in planning for known behavioral escalations (e.g.,	
	self-harm, spitting, scratching, biting, eloping, failure to maintain	
	physical distance). Adjust antecedents where possible to minimize	
	student and staff dysregulation. Recognize that there could be new	
	and different antecedents and setting events with the additional	
	requirements and expectations for the 2020-21 school year.	
	Establish a proactive plan for daily routines designed to build self-	
	regulation skills; self-regulation skill-building sessions can be short	
	(5-10 minutes), and should take place at times when the student is	
	regulated and/or is not demonstrating challenging behaviors.	
	Ensure all staff are trained to support de-escalation, provide	
	lagging skill instruction, and implement alternatives to restraint	
	and seclusion.	
	Ensure that staff are trained in effective, evidence-based methods	
	for developing and maintaining their own level of self-regulation	
	and resilience to enable them to remain calm and able to support	
	struggling students as well as colleagues.	
	Plan for the impact of behavior mitigation strategies on public	
	health and safety requirements:	
	Student elopes from area	
	 If staff need to intervene for student safety, staff should: 	
	 Use empathetic and calming verbal interactions (i.e. 	
	"This seems hard right now. Help me understand	
	How can I help?") to attempt to re-regulate the	
	student without physical intervention.	
	 Use the least restrictive interventions possible to 	
	maintain physical safety for the student and staff.	
	 Wash hands after a close interaction. 	
	 Note the interaction on the appropriate contact log. 	
	 *If unexpected interaction with other stable cohorts 	
	occurs, those contacts must be noted in the appropriate	
	contact logs.	
	• Student engages in behavior that requires them to be isolated	
	from peers and results in a room clear.	
	 If students leave the classroom: 	
	 Preplan for a clean and safe alternative space that 	
	maintains physical safety for the student and staff	
	Ensure physical distancing and separation occur, to	
	the maximum extent possible.	
	Use the least restrictive interventions possible to	
	maintain physical safety for the student and staff.	
	Wash hands after a close interaction.	
	Note the interaction on the appropriate contact log. *If unexpected interaction with other stable cohorts.	
	o *If unexpected interaction with other stable cohorts	
	occurs, those contacts must be noted in the appropriate contact logs.	
	 Student engages in physically aggressive behaviors that preclude the possibility of maintaining physical distance 	
	and/or require physical de-escalation or intervention	
	techniques other than restraint or seclusion (e.g., hitting,	
	biting, spitting, kicking, self-injurious behavior).	
	If staff need to intervene for student safety, staff should:	

OH	A/ODE Requirements	Hybrid/Onsite Plan
	 Maintain student dignity throughout and following the incident. Use empathetic and calming verbal interactions (i.e. "This seems hard right now. Help me understand How can I help?") to attempt to re-regulate the student without physical intervention. Use the least restrictive interventions possible to maintain physical safety for the student and staff Wash hands after a close interaction. Note the interaction on the appropriate contact log. *If unexpected interaction with other stable cohorts occurs, those contacts must be noted in the appropriate contact logs. 	
	Ensure that spaces that are unexpectedly used to deescalate behaviors are appropriately cleaned and sanitized after use before the introduction of other stable cohorts to that space.	
Pro	tective Physical Intervention	
	Reusable Personal Protective Equipment (PPE) must be cleaned/sanitized after every episode of physical intervention (see section 2j of the <i>Ready Schools, Safe Learners</i> guidance: Cleaning, Disinfection, and Ventilation).	

OHA/ODE Requirements

Distance Learning.

Continue to provide meals for students.

3. Response to Outbreak

☐ Review the "Planning for COVID-19 Scenarios in Schools" toolkit.

3a. PREVENTION AND PLANNING Hybrid/Onsite Plan

☐ Coordinate with Local Public Health Authority (LPHA) to establish communication channels related to current transmission level.	
3b. R	ESPONSE
OHA/ODE Requirements	Hybrid/Onsite Plan
☐ Review and utilize the "Planning for COVID-19 Scenarios in	
<u>Schools</u> " toolkit.	
Ensure continuous services and implement Comprehensive	

3c. RECOVERY AND REENTRY

OHA/ODE Requirements		Hybrid/Onsite Plan
	Review and utilize the "Planning for COVID-19 Scenarios in	
	<u>Schools</u> " toolkit.	
	Clean, sanitize, and disinfect surfaces (e.g., playground equipment,	
	door handles, sink handles, drinking fountains, transport vehicles)	
	and follow CDC guidance for classrooms, cafeteria settings,	
	restrooms, and playgrounds.	
	When bringing students back into On-Site or Hybrid instruction,	
	consider smaller groups, cohorts, and rotating schedules to allow	
	for a safe return to schools.	

This section must be completed by any public school that is providing instruction through On-Site or Hybrid Instructional Models.

Schools providing Comprehensive Distance Learning Instructional Models do not need to complete this section unless the school is implementing the Limited In-Person Instruction provision under the Comprehensive Distance Learning guidance.

This section does not apply to private schools.

- ☐ We affirm that, in addition to meeting the requirements as outlined above, our school plan has met the collective requirements from ODE/OHA guidance related to the 2020-21 school year, including but not limited to requirements from:
 - Sections 4, 5, 6, 7, and 8 of the *Ready Schools, Safe Learners* guidance,
 - The **Comprehensive Distance Learning** guidance,
 - The Ensuring Equity and Access: Aligning Federal and State Requirements guidance, and
 - Planning for COVID-19 Scenarios in Schools
- □ We affirm that we cannot meet all of the collective requirements from ODE/OHA guidance related to the 2020-21 school year from:
 - Sections 4, 5, 6, 7, and 8 of the *Ready Schools, Safe Learners* guidance,
 - The Comprehensive Distance Learning guidance,
 - The Ensuring Equity and Access: Aligning Federal and State Requirements guidance, and
 - Planning for COVID-19 Scenarios in Schools

We will continue to work towards meeting them and have noted and addressed which requirement(s) we are unable to meet in the table titled "Assurance Compliance and Timeline" below.

4. Equity

5. Instruction

6. Family, Community, Engagement

7. Mental, Social, and Emotional Health

8. Staffing and Personnel

Assurance Compliance and Timeline

If a district/school cannot meet the requirements from the sections above, provide a plan and timeline to meet the requirement.

List Requirement(s) Not Met	Provide a Plan and Timeline to Meet Requirements Include how/why the school is currently unable to meet them
