April is Autism Awareness Month. During the month of April, we celebrate people with Autism and make people aware of their abilities and accomplishments. About 1 in 68 children are identified with Autism. Autism is 4.5 times more common in boys than girls.

Johnson Elementary is selling t-shirts to raise money for Autism Awareness Month. The money will be used to benefit the Autism Units at Johnson Elementary in the areas of the classroom, sensory needs, and professional development.

It's not about celebrating disabilities, it's about celebrating abilities. Thank you for supporting Autism Awareness!
