

DCPS 1st Grade Week of 5/18 – 5/21

Parents,

This will be the last week of lessons for the 2020 school year. Below you will find an outline of objectives for the week. We have included some links with videos, resources, and/or worksheets to help go along with each topic. We want to be clear that you are not expected to do it ALL. These are simply just suggestions that we know will help benefit your child during this time of distance learning. Please continue to read with your child and work on math facts throughout the summer. You will continue to have access to websites during the summer. Websites include: Raz Kids, Reflex, Math Seeds and Reading Eggs. Usernames and passwords for those websites are in your child's daily folder. We have enjoyed teaching your child this school year and have made many wonderful memories. Thank you again for your continued support in making learning successful.
