Questions regarding IT20.13.01.3 – Enterprise Network Switching & Electronics

1. We will be quoting a competitive solution. The RFP states that we need to use the bid form, however the part numbers will be different. I don't want to be rejected. Can you tell me what my options are for submitting a competitive product?

A. **There is a space under each item being bid to record the Product Number and Description of the equivalent item. Please record your response in the space provided on the bid response form. Also make sure you include documentation that details how the equivalent item being bid meets specifications. Please not any specification not met on the items.**

Please note equivalent product in space provided
