Mr. Stankus gave the Committee an update on each of our five school facility concerns. The winter brought concerns regarding external walls and sidewalks. Roof leaks were a concern at Wolcott High School and Wakelee Elementary School. Weather issues have been a challenge for snow removal this winter. Asbestos abatement will take place on April 16th.

Dr. Gasper discussed the need to consider a referendum on long range school renovations. This type of planning needs to be done as early as possible.
