# ALL ABOUT ME

---

- **Bachelor of Science in Special Education from**
- **Alabama A&M University**
- **• Grew up in Billingsley, lived in San Francisco, California before relocating back to Alabama.**
- **22<sup>nd</sup> year teaching Special Education in Autauga County.**
- **I have taught students with Intellectual Disabilities and Specific Learning Disabilities both at Billingsley, Autaugaville Schools and San Francisco, CA. Schools.**
- **What I want your child to know when she/he leaves my classroom: Lifelong learning is a magical and treasured experience.**

*My goal is:  
To provide a positive safe  
and  
school climate; within which  
all students can excel  
academically,  
socially, and emotionally.*

# The Self-Contained Resource Classroom

---

Although this year brings unique challenges because of the Covid-19 pandemic the basic structure of the school day remains the same with respect to Special Education Resource services. Each student's IEP will be followed as written. Students who are being taught on campus and virtual will continue to receive services.

We have specific curriculums for reading and math, will work on individual IEP goals and I will assist each student with difficulties they may be having for both on campus and virtual students.

Virtual students will be served via Schoology for the amount of time as written in their IEP. Other means of delivering instruction and communication may also be used such as Remind and Class Dojo apps, zoom, texts, emails, phone calls and more.

Overall I look forward to having a great and exciting year of learning!

# Classroom Expectations

Be safe, be kind, be honest.

Keep your hands and feet to yourself.

Listen to your teacher.

Follow directions quickly.

Raise your hand to speak or stand.

# CLAW YOUR WAY TO SUCCESS!

*Discipline at Billingsley School  
revolves around the C.L.A.W.  
model:*

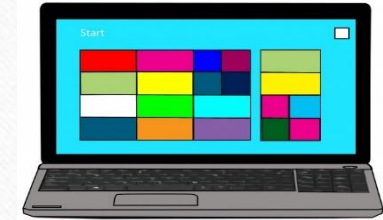

- \*COME PREPARED
- \*LISTEN AND ENGAGE
- \*ACT RESPECTFULLY
- \*WORK HARD

*\*These principles will be observed in the Resource Classroom.*
