

# SCHOLARSHIPS?

For a substantial portion of your senior year, you will be focusing on making good grades, creating lasting memories of high school and finding/earning SCHOLARSHIPS.

If you have a smart phone, a \$.99 app called My Scholly can help. You can read more about it here. <https://www.myscholly.com/>.

While this is ONE tool, here's another site you can use:

This interactive PDF will list all of the big scholarships, as well as many local scholarships. Decide ahead of time which scholarships you want to apply for and know that MANY students apply for national awards, so pick and choose!
