GRAPHING CALCULATOR LETTER

Dear Parent(s)/Guardian(s),

In order to better serve the students of Beecher High School and prepare them for college, Beecher High School is requiring all those enrolled in the following math classes to have a graphing calculator:

1. Algebra II Honors
2. AP Calculus AB
3. Pre-Calculus & Trigonometry Honors
4. Statistics & Probability

And strongly recommend for:

5. Algebra I Honors
6. Geometry Honors

The class will use a TI-84 or TI-84 plus. The use of calculators will be required on homework assignments in the upper levels of math and will be beneficial to students in Algebra I and Geometry Honors to assist on homework assignments. TI-89 calculators are not permitted and will not be allowed on the AP Calculus AB exam.

School thanks you in advance for your cooperation.

If you have any questions or concerns, please contact the Main Office at (708) 946-2266 x1300.

Sincerely,

Jack Gaham, Principal
Steve Sarsany, Guidance Counselor
Chris Shoven, Math Dept. Chair
