

**Parent Involvement Plan  
Johnson Elementary  
2018 - 2019**

***“Think, Dream, Believe, Achieve”***

Johnson Elementary will provide opportunities for parental involvement by offering a forum for collaboration with faculty, learning activities that will complement student education, and updated information about Title One programs.

The following are the major components of the plan that include a shared responsibility approach to help improve and maintain high student academic achievement.

Strategies that will be used to promote this plan:

**1. *A parent involvement night will take place at the beginning of the school year to inform parents about the purpose of Title One and the school’s involvement in the program. During the meeting, the school will distribute and/or review:***

- The School-Parent Compact
- Title One Budget Information/Planned Expenditures for the upcoming year
- Opportunities to communicate with administration and staff to improve the academic performance of their child

**2. *Throughout the school year, several opportunities will be provided that encourage greater collaboration between parents, students, and faculty. These will include:***

- An Open House night will be held at the beginning of the school year to allow parents and students to meet their teachers and gain information about the upcoming school year.
- A Parent Advisory Committee will meet once each semester to review any academic and/or Title One parent involvement concerns and questions.
- In collaboration with PTO, Literacy and Math Family nights will be scheduled to help promote greater parental involvement with literacy and math skills. The theme this school year will be a “Polar Express” night and will include opportunities to promote family engagement and student academic achievement.
- “Muffins with Moms” and “Donuts with Dads” will be held once each semester. Parents will have the opportunity to share a breakfast snack with their child while reading a book to promote literacy.
- Grandparents’ Day will be held to encourage family involvement in literacy efforts.
- Suggestions will be provided by teachers for activities/materials for parents to involve students at home in their educational development.

- The school will provide reading, math, and multi-sensory intervention services for at risk students. These students will be identified by using various forms of data including DIBELS, Scantron Performance Series, STAR, weekly classroom assessments, and LCS approved multi-sensory screeners.

**3. As a Title One school, a survey will be distributed at the end of the year to all parents. The feedback from this survey will allow the school to evaluate the Title One program. The survey results will be used to implement changes to improve the overall Title One program at Johnson Elementary.**

This plan will be updated on an annual basis to reflect the ever-changing needs of the parents, students, and school.
