

Original Photo Product: “The Snow Angel”

Photo taken by: Colton Morrison , Brandenburg Primary

Date: 01/07/2020

Process:

- We stayed after school with Mrs. Schmelz. She is a third grade teacher at our school who likes to take pictures. She showed us some pictures that she has taken. Then, she talked to us about taking pictures with a digital camera. She talked about aiming the camera.
 - I shared a camera with another kid. We used an STLP digital camera. We walked around the school and took pictures. Then, we went outside and took pictures in the snow.
 - Mrs. Schmelz suggested that the girl in the picture blow the snow and then I took the picture.
- Ms. Harshfield helped upload the pictures so we could look at them. Some of the teachers at our school judged our pictures and then Mrs. Doutaz and Ms. Harshfield told us which two were picked to be in the state competition.
