

Sign up for a free card - visit www.waggin.org and click on the books tab it connects you to our online catalog. Click "Log in" at the top right. It will prompt you to register here if you don't have a library card.

You will register like you would if filling out a registration card in person. Be sure to write down your PACREG Number. And, your password. I recommend using the last 4 digits of your phone number. Easy to remember. Once you have this temporary number. You can then log into OverDrive for downloadable ebooks, audiobooks. When you log into OverDrive, choose Citizens Library then enter your "PACREG#####". It will only allow usage by picking the Citizens Library.
