Mr. Ray Stahlman
Assistant Principal

August 2, 2017

Dear Parents:

As ever-changing technology provides new and positive education benefits for classroom instruction, students at Lake Joy Elementary School are allowed to bring their own device*. The classroom teacher will notify students and parents with regard to more specific information about the procedures for their room. The program is called **B.Y.O.D., "Bring Your Own Device"**.

Some of the specifics of the program are as follows:

- Students without devices will not be penalized and you should not feel obligated to purchase a device for your child.
- Students may work collaboratively but the owner of the device will handle the device.
- Only the school internet should be accessed while on campus and cell network adapters are not permitted to be used to access outside internet sources at any time.
- The Houston County School System, staff and employees are not liable for any device stolen or damaged.
- Students and parents participating in the BYOD program must adhere to the Student Code of Conduct, the Internet Acceptable Use Policy IFBG, and the Internet Safety Policy IFBGE.
- Students and parents will also be required to sign an agreement based on the above parameters.

We look forward to the educational benefits for classroom instruction that will result. Please do not hesitate to contact me at 478-971-2712 if you have any questions about the **B.Y.O.D., "Bring Your Own Device"** program.

Sincerely,

Principal
Lake Joy Elementary

**For this program, a device is a privately owned wireless and/or portable electronic handheld device that can be used for word processing, wireless Internet access, image capture/recording, and information transmitting/receiving/storing.*
