CODE OF ETHICS

We, the educators of the Amite County School District, acknowledge the challenges of the profession we have chosen and engage ourselves, individually and collectively, to assess our colleagues and to be assessed by them in accordance with applicable provisions of this code.

PRINCIPLE I: Commitment to the Student

We affirm our belief in the worth and dignity of humanity. We recognize the supreme importance of the pursuit of truth, the encouragement of scholarship, and the promotion of democratic citizenship. We regard these goals to be essential to the protection of freedom to learn and the guarantee of equal education opportunity for all. We affirm and accept our responsibility to practice our profession according to the highest ethical standards. In fulfilling our obligations to the student, we:

- Deal justly and considerately with each student.
- Encourage the student to study varying points of view and to respect his/her right to form his/her own judgment.
- Withhold confidential information about the home of a student unless we deem the release serves professional purposes, and will benefit the student, or the release is required by law.
- Conduct conferences in an appropriate place and manner.
- Avoid exploiting our professional relationship with any student.
- Tutor in accordance with officially approved policies.
- Inform appropriate individuals and agencies of the educational needs of the student and assist in providing an understanding of the educational experiences of the student.
- Seek constantly to improve learning facilities and opportunities.

PRINCIPLE II: Commitment to the Community

We believe that patriotism in the highest form requires dedication to the principles of our democratic heritage. We share the responsibility for the development of sound public policy with other citizens. We are particularly accountable for participating in the development of educational programs and policies and for interpreting them to the public. In fulfilling our obligations to the community, we:

- Share the responsibility for improving the educational opportunities for all.
- Recognize that each educational institution may have a person authorized to interpret the official policies.
- Acknowledge the right and responsibility of the public to participate in the formulation of educational policy.
- Use educational facilities for intended purposes consistent with applicable policy, law, and regulations.
- Assume full potential and citizenship responsibilities, but refrain from exploiting the institutional privileges or professional positions to promote political candidates or partisan activities.
- Protect the educational program against undesirable infringement.

PRINCIPLE III: Commitment to the Profession

We believe that the quality of the services of the educational profession directly influence the future of the nation and its citizens. We therefore exert every effort to raise educational standards, to improve our services, to promote a climate in which the exercise of professional judgment is encouraged, and to achieve conditions that attract persons worthy of the trust to careers in education. Aware of the value of united effort, we actively support the plans and programs of our profession. In fulfilling our obligations to the profession, we:

- Recognize that a profession must accept responsibility for the conduct of its members and understand that the conduct may be representative of the profession.
- Participate and conduct ourselves in a responsible manner in the development and implementation of policies affecting education.
- Cooperate in the orientation of student teachers, interns, and those colleagues new to their positions.
- Refrain from assigning professional duties to non-professional personnel when such assignments are not in the best interest of the student.
- Keep the trust under which confidential information is exchanged.
- Interpret and use the writing of others and the finding of educational research with intellectual honesty.
- Maintain the integrity of the profession when dissenting by basing public criticism of education on valid assumptions as established by careful evaluation of facts.
- Represent our professional qualifications honestly and identify ourselves only with reputable educational institutions.
- Respond accurately to requests for evaluations of colleagues.
- Provide job-seeking applicants with an honest description of the assignment, the conditions of work, and related matters.

PRINCIPLE IV: Commitment to Professional Employment Practices

We regard the employment agreement as a solemn pledge to be executed both in the spirit and in fact and in a manner consistent with the highest ideals of professional service. Sound professional personnel relationships with a governing board are built upon personal integrity, dignity, and mutual respect. In fulfilling our obligations to professional employment practices, we:

- Apply for or offer a position on the basis of professional and legal qualifications.
- Apply for a specific position only when it is known to be vacant and refrain from such practices as underbidding or commenting adversely about other candidates.
- Fill no vacancy except where the terms, conditions, policies, and practices permit the exercise of our professional judgment and skill, and where a climate conducive to professional service exists.
- Adhere to the conditions of contract or to the terms of an appointment until either has been terminated legally or by mutual consent.
- Give prompt notice of any change in the availability of service, in status of application, or change of position.
- Conduct professional business through the recognized educational and professional channels.
- Accept no gratuities or gifts of significance that might influence our judgment in the exercise of our professional duties.
- Engage in no outside employment that will impair the effectiveness of our professional service and permit no commercial exploitation of our professional position.

ACCIDENTS

All personnel should be familiar with the emergency plan for their particular campus, and this procedure should be followed as closely as possible; however, no procedure can be pre-formulated and be completely applicable in all situations. The following is provided for general guidance and should be modified as the situation demands:

1. Act decisively. If the situation is serious, send for help from the office.
2. If first aid is indicated and if you are knowledgeable, administer first aid, notify the school nurse and building administrator.
3. A report prepared or completed by the principal must be submitted to the office prior to the end of the school day for all accidents. A copy of the report should be submitted to the district safety supervisor.

ACCOUNTING PROCEDURES

All monies collected by the teacher shall be receipted, using a receipt provided by the principal. Strictest care must be taken in the handling of these funds. The following points are to be adhered:

1. Any collection of money must receive prior approval of the principal.
2. All money should be receipted when collected.
3. Keep receipted money in a secure place.
4. Money and the copy of the office receipt book should be turned in to the school bookkeeper as soon as possible. The money must agree with the receipts it covers. Money should not remain in the classroom.

The principal is responsible for all funds collected and disbursed in the school. For this reason, no collection of funds or purchases of any kind may be made without the prior knowledge and written approval of the principal. If approval of a purchase is given, a purchase order will be provided. When it is properly filled out, the appropriate signatures will validate it, and the approved purchase may be made.

EEF

Eligible teachers, the "Cardholder," may receive a procurement card to provide access to Education Enhancement Funds as authorized by Mississippi Senate Bill 2761 that will be utilized to make financial commitments on behalf of the State and school district. As the only authorized cardholder, Cardholder agrees to accept the responsibility for the protection and proper use of the EEF Procurement Card in accordance with the terms and conditions of the Teacher Cardholder Agreement in effect. The account will have an initial amount available and that amount will decrement over the school year as purchases are made.

Your card is not embossed with your name, but you **must** sign it prior to use. Your EEF Procurement account number and supply card number are unique to you.

- Never allow any other person to use your account or card.
- Remember that this account is for classroom materials only, no personal use.
- If the cardholder becomes unemployed during the school year, the procurement card should be turned in immediately to the Program Coordinator.
- Cardholder agrees not to request cash advances.
- Cardholder agrees not to charge travel related expenses on the procurement card. (Any form of travel related expenses is not allowed).
- Cardholders must notify the Program Coordinator of any items purchased that the district may require to be placed on the district's fixed asset inventory as donated by the State of Mississippi.
- Teachers whose jobs are federally funded do not receive EEF cards.

Funds will be available beginning in the fall of each school term. Funds will be loaded before cards are disbursed. They will remain available until the last day in February of each year. This date is set by the Mississippi Department of Education and is subject to change.

ADDRESS/TELEPHONE

Keep on file in the school office a current address, telephone number, and the name and telephone number of the persons that should be notified in an emergency. When any of this information changes, an employee must report the change to the office within one working day. This change must also be reported to the central office payroll department within 5 working days.

ARREST OF EMPLOYEE

Employees arrested for any reason shall be required to notify their supervisor within 24 hours. This notice will include a statement of charges lodged against the employee and the disposition of said charges.

ASBESTOS POLICY

All school buildings owned by the Amite County School District have been inspected for asbestos. A management plan has been developed. A copy of the results of the inspection, along with a copy of the management plan, can be found in the office of the principal of each of the schools and the Office of the County Superintendent of Education. Any interested party should feel free to go to any of these sites to read these reports.

ASSIGNMENT TO SCHOOLS

The school board shall determine the attendance area, and each pupil whose parents or guardians reside in the area served by the Amite County School District must attend the school to which he/she is assigned. The Amite County School District accepts only students, who physically reside full-time, weekdays/nights and weekends, within the limits of the school district with the following exception: the child of an out-of-district school employee is eligible to attend school in the district, based on the mutual consent of the school boards.

Each student must have on file at his/her assigned school a verification of residency form as required by state law. The parent(s) or legal guardian(s) of a student seeking to enroll must provide the school district with at least two documents as verification of their address. Addresses containing post office boxes will not be accepted. If the residence of a student changes, the parent(s) or guardian(s) will be required to provide the school with at least two documents of verification of the new address.

In cases of extreme hardship, parent(s) or legal guardian(s) may petition the superintendent to attend a school outside their assigned attendance area. To obtain this hardship waiver, a form must be completed at the district office detailing the reason for the change. Parents must understand that being granted a hardship placement requires them to transport the student to the approved school. Hardship placements are contingent upon availability at the requested school site. Students wishing to participate in sporting events or related activities must meet the requirements of the Mississippi High School Activity Association.

ATTENDANCE (TEACHER)

All staff members are to report as scheduled by the principal and swipe in immediately. If you are going to be absent due to illness, notify the principal or person designated by him or her as soon as possible.

Staff members who are late must contact the principal's office in order for arrangements to be made to cover their duties until they arrive. A dated, written explanation for the tardiness must be submitted to the office on that date. Excessive tardiness may result in consequences including but not limited to a conference with the principal, a written reprimand, and/or suspension. The following action will be taken to address excessive tardiness each nine weeks.

- 3 tardies – Conference with an administrator and a warning.
- 4 tardies – Written reprimand.
- 5 or more tardies – Further action will be taken including but not limited to a recommendation for suspension at the principal's discretion.

Except in case of emergency, and with approval of the principal, teachers are expected to remain on the school grounds from check-in until check-out time and to remain in their classrooms during class sessions or on their duty posts for the entire assigned time. The principal of each school will set duty hours.

ATTENDANCE (Secondary Students – GRADES 7 – 8)

Students in the 8th grade credited courses must be present 63% of the class in order to be marked as present for that class.

ATTENDANCE (SECONDARY STUDENTS – GRADES 9-12)

Regular and punctual attendance on the part of all students is necessary for successful schoolwork. Even one instance of tardiness or one absence may be detrimental to good schoolwork. Certainly, repeated tardiness and frequent absences cause students to become discouraged and often cause failure. It is, therefore, important that parents have their children in school on time every day that school is in session and only in unavoidable cases should a student be taken out of school before the close of the school day. Regular attendance will pay good dividends in the course of a school year.

To receive credit in a course, Mississippi law requires not only a passing grade in the course but also a minimum amount of seat time. To receive credit, a student must attend each class a minimum of 41 class days during a one-half-credit course, 82 class days during a one-credit course, and 164 class days in two-credit course. On this basis, any student who is absent more than 4 absences in a one-half credit course, more than 8 absences in a one-credit course, and more than 16 absences in a two-credit course will be denied course credit and the student will receive a grade of 50/No Credit.

When a student is absent from school, the parent/legal guardian is required to contact the school before 8:00 a.m. each day the student is absent. In order for the absence to be excused, a note from the parent/ guardian or a doctor's excuse must be submitted to the office within two days of the absence. In a case of five (5) unexcused absences, the school will attempt to contact the parent. For this reason, it is imperative that the parent provides the school with a correct phone number.

A student should adhere to the following attendance policy to receive credit.

- Allowed four (4) absences in a one-half credit class, excused or unexcused.

- Allowed eight (8) absences in a one-credit class, excused or unexcused.
- Allowed sixteen (16) absences in a two-credit class.

1. With Block-schedules now in effect, school attendance becomes an extremely important responsibility of the students and parents.
2. When a student misses his/her second (2nd) day in a one-half credit course or the fourth (4th) day in a one credit course, students will be notified in writing that they may not miss more than 4 days in a one-half credit course or 8 days in a one credit course. If a student misses more than the allotted days, the student will be dropped from the class, and 50/No Credit (NC) will be given.

ATTENDANCE (GRADES K-8)

The Board of Education of the Amite County School District classifies all absences in grades K-8 as unexcused except for the following reasons:

1. Illness or injury that prevents the student from being physically able to attend school.
2. Isolation ordered by county health officials or the State Board of Health.
3. Death or serious illness of a member of the immediate family (defined as parents, grandparents, brother, sister, including stepbrother or stepsister, child or spouse).
4. Required appearance in court or an administrative tribunal.
5. Observance of religious events.
6. Medical or dental appointments that are approved by the administration prior to the absence, except in case of emergency.
7. Valid educational opportunities approved by the administration prior the absence. "Prior to Approval" forms will be available in the principal's office of each school. Forms may be picked up by the student or the parent. After two or more consecutive absences, three days will be given for arrangements to be made for make-up work. Telephone calls regarding absences are not acceptable. Students must submit a note signed by the parent/guardian stating the reason for the absence. Additional verification may be required if deemed appropriate. Teachers should send all absence notes to the office upon receipt

The following procedures will be used to notify the attendance officer of the Amite County Family Court of a violation of the compulsory school attendance law:

1. Fifth (5th) unexcused absence (excluding suspensions)—attendance officer will be notified.
2. Tenth (10th) unexcused absence (excluding suspensions)—attendance officer will be notified.
3. Twelfth (12th) unexcused absence (excluding suspensions)—attendance officer will be notified.
4. Amite County Truancy Officers will have access to all student attendance records.

Please be aware that students who arrive late or who are checked out early six (6) times during the year will not be eligible to receive a perfect attendance award at the end of the school year.

Note: Any student absent for twenty consecutive days will be dropped from the roll unless the legal guardian advises the principal that the student has a legitimate reason for extended absence. The principal will determine the course of action to be followed concerning a student's progress and placement following an extended absence.

Unlawful Absences of Children, SENATE BILL 3043

Law enforcement officers shall be authorized to investigate all cases of nonattendance and unlawful absences of children. They shall file a petition with the youth court under Sections 43-21-451, against a parent or child under the provisions of the Mississippi Compulsory School Attendance Law.

BULLYING

Bullying or harassing behavior is any pattern of gestures or written communication, electronic or verbal, any physical act of any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that takes place on school property, at any school-sponsored function, or on a school bus that:

- Places a student or school employee in actual and reasonable fear of harm to his/her person or damage to his/her property;
- Creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities, or benefits.

No student or school employee shall be subjected to bullying or harassing behavior by school employees or students. No person shall engage in an act of reprisal or retaliation against a victim, witness, or a person with reliable information about an act of bullying. A school employee who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying shall report the incident to the appropriate school official. Bullying should be reported as soon as possible.

Consequences for a student who commits an act of harassment or bullying shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance and must be consistent with the Board of Education's approved code of student conduct.

CARE OF CLASSROOMS

It is the responsibility of the classroom teacher to maintain a neat, orderly, and functional environment for instruction. The following might be used for a checklist for the classroom:

1. Are the surroundings arranged in a manner that promotes organization, safety, and use?
2. Is there a variety of instructional materials or work?
3. Are appropriate housekeeping habits maintained?
4. Is the classroom attractive and inviting?

CELL PHONE POLICY

It shall be the policy of the Amite County School District that employees may carry their cell phones during school hours. Employees must adhere to the following: Phones are to be turned off and not visible during class except for school emergencies or with permission of the principal. All ACSD employees are prohibited from wearing blue tooth devices while on campus.

COMMUNICABLE DISEASES

If an employee has a disease that is highly contagious, such as measles, chicken pox, staph, impetigo, etc., the principal may require a doctor's clearance prior to the employee's return to work.

BED BUG POLICY

Bed bugs are often spread through hitch hiking on items transported by individuals from one location to another. There is no evidence that bed bugs transmit disease. However, bed bugs can severely reduce the quality of life by causing discomfort, sleeplessness, embarrassment and for some people anxiety.

When a student is identified with bed bugs present on them at school, the parent will be contacted and education materials about transporting bed bugs and care at school will be given to the parent to prevent the spread of bed bugs at school. Prompt reporting is necessary, so the presence can be confirmed, and prompt action taken to prevent the spread. Based on an assessment, the principal and/or the school nurse may require the student to be dismissed for the remainder of the day to address the infestation.

COMPLIANCE POLICIES – CONFIDENTIALITY

A cumulative record is only as useful as the quality of data entered.

Permanent Record

The permanent record is the legal school record for the student. This information contains most of the information recorded on the cumulative folder.

Recording of Data on Cumulative Folder and Permanent Record

DISCIPLINE

Where people exist together, it is necessary to have rules, laws, or understanding to avoid confusion, chaos, and even violence. The public school is no exception. When parents send their children away from home for seven or eight hours daily, the institution entrusted with their care receives the authority to regulate the conduct of students for their good and for the welfare of the total group. This authorized regulation of conduct is school discipline. Authority is given to the school to set rules and regulations that must be respected and observed at school, on the buses, and at school-sponsored activities. The authority to maintain school discipline is affirmed by State Law and decisions of the U.S. Supreme Court.

NON SCHOOL RELATED CONDUCT HOUSE BILL 776

The school district shall have the authority to suspend, expel or change the placement of students for misconduct while not on school property or at activities other than school sponsored events. The local school board shall have the authority to expel a pupil or to change placement to an alternative school or a home bound program for misconduct in the school, on the road to and from school, or at any school related activity or event, or for misconduct on property other than school property or other than at a school related event when such conduct, in the determination of the superintendent or principal, renders the pupil's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

SCHOOL DISCIPLINE PLAN

In conformance with the Mississippi School Safety Law of 2001 (Section 37-11-53, MS Code of 1972, amended), the following requirements shall be met by this school district:

(1) A copy of the school district's discipline plan shall be distributed to each student enrolled in the district, and the parents, guardian, or custodian of such student shall sign a statement verifying that they have been given notice of the discipline policies of the district. The School Board shall have its official discipline and code of student conduct legally audited on an annual basis to ensure that its policies and procedures are currently in compliance with applicable statutes, case law and state and federal constitutional provisions. As part of the first legal audit occurring after July 1, 2001, the provisions of Section 37-11-55 and Section 6 of Senate Bill No. 2239, 2001 Regular Session, shall be fully incorporated into the school district's discipline plan and code of student conduct.

(2) The discipline plan of the schools of this district shall include, but not be limited to, the following (a) a parent, guardian or custodian of a compulsory-school-age child enrolled in the school district shall be responsible financially for his/her minor child's disruptive acts against school property or persons; (b) a parent, guardian or custodian of a compulsory-school-age child enrolled in the school may be requested to appear at school by the school attendance officer or an appropriate school official for a conference regarding acts of the child specified in (a) above or for any other discipline conference regarding the acts of the child; (c) any parent, guardian or custodian of a compulsory-school-age child enrolled in a school district who refuses or willfully fails to attend such discipline conference specified in (b) above may be summoned by proper notification by the superintendent of schools or the school attendance officer and be required to attend such discipline conferences; and (d) a parent, guardian or custodian of a compulsory-school-age child enrolled in the district shall be responsible for any criminal fines brought against such student for unlawful activity occurring on school grounds or buses.

(3) Any parent, guardian or custodian of a compulsory-school-age child who (a) fails to attend a discipline conference to which such parent, guardian or custodian has been summoned under the provisions of this section, or (b) refuses or willfully fails to perform any other duties imposed

upon him or her under the provisions of this section, shall be guilty of a misdemeanor and, upon conviction, shall be fined not to exceed two hundred fifty dollars (\$250.00).

(4) The school district shall be entitled to recover damages in an amount not to exceed twenty thousand dollars (\$20,000.00), plus necessary court costs, from the parents of any minor under the age of eighteen (18) years and over the age of six (6) years who maliciously and willfully damages or destroys property belonging to the school district. However, this section shall not apply to parents whose parental control of school child has been removed by court order or decree. The action authorized in this section shall be in addition to all other actions which the school district is entitled to maintain and nothing in this section shall preclude recovery in a greater amount from the minor or from a person, including the parents, for damages to which such minor or other person would otherwise be liable.

(5) The school district's discipline plan may provide that as an alternative to suspension, a student may remain in school by having the parent, guardian or custodian, with the consent of the student's teacher or teachers, attend class with the student for a period of time specifically agreed upon by the reporting teacher and school principal. If the parent, guardian or custodian does not agree to attend class with the student or fails to attend class with the student, the student shall be suspended in accordance with the code of student conduct and discipline policies of the school district.

DRUG ABUSE POLICY FOR EMPLOYEES

The Amite County School District is committed to protecting the safety, health and well-being of all students, employees, visitors and other individuals on district property or at school-sponsored events. Consequently, it is the policy of the Amite County School District (ACSD) to maintain a drug and alcohol abuse-free workplace. As a condition of employment, all employees will be required to certify, in writing, that they will abide by the terms of this policy as set out below. The signed certification will be a part of the employee's permanent personnel file.

This policy applies to all district employees, including those employee-drivers who maintain a Commercial Driver's License (CDL) as a job requirement. These employee-drivers are covered by the Omnibus Transportation Employee Act and are subject to the District's U.S. Department of Transportation (DOT) Policy for Regulated Employees as well as the District's Controlled Substances Policy to the extent that the Controlled Substances Policy exceeds the provisions of the DOT Policy. In all instances where provisions are similar between the two policies, the DOT Policy prevails.

In accordance with Public Law 100-690, the Drug Free Workplace Act of 1988, and Public Law 101-647, the Drug-Free Schools and Communities Act of 1986, the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited in the workplace of the ACSD. Pursuant to this law, all ACSD employees will notify the Superintendent of Education if convicted for violation of any criminal drug statutes, should said violation occur in the workplace, no later than five (5) days after such conviction.

Prior to instituting this revised Controlled Substances Policy and annually thereafter, the ACSD will provide all employees with a one (1) hour minimum education program on alcohol and other drug abuse, in general, and its effects on the workplace, specifically. In addition, prior to instituting this revised Controlled Substances Policy and annually thereafter, the ACSD will provide all supervisory personnel with a minimum of two (2) hours of training on recognizing employee substance abuse and the appropriate course of action.

As used in this policy, the term "drugs" includes alcohol, inhalants (chemical vapors), cannabis (marijuana), controlled substances, and similar substances which impair a person's ability to work productively and safely.

The proper use of drugs as prescribed by a licensed physician is not subject to disciplinary action. If an employee's ability to work safely may be affected by the use of a prescribed drug, the employee must inform his/her supervisor so that precautions can be taken.

The district's policy is that employees shall not be allowed to work or participate in any ACSD activities while using alcohol or under the influence of alcohol or any controlled substance which alters his/her ability to work safely and productively.

Reporting to work under the influence of, or when ability is impaired by, alcohol or the unlawful use of a controlled substance is cause for termination. The unlawful manufacture, sale, distribution, solicitation, possession with intent to sell or distribute, or use of alcohol or other drugs is prohibited while on the job, on the office premises or participating in any ACSD activity and is cause for termination.

Any employee found to be in violation of this policy who is allowed to return to work will be required to:

1. provide documentation of successful completion of a substance abuse rehab/treatment/assistance program;
2. submit to a return-to-duty drug and/or alcohol test with a negative result;
3. comply with the provisions of a follow-up testing program;
4. comply with the terms and conditions of a written last chance agreement.

The district will maintain a resource file of employee assistance service providers, alcohol and other drug abuse programs, mental health providers, and other persons, entities or organizations available to assist employees with personal or behavioral problems. In addition, the district shall provide all employees a summary of the information contained within the resource file, to include all information necessary to access the services listed in the resource file and shall post, in conspicuous places, a listing of multiple employee assistance providers in the area.

An employee who suffers from the problems of drug abuse or alcoholism must recognize that it is his/her responsibility to address these problems. Upon request by the employee for assistance with a substance abuse problem, the ACSD Personnel Office will advise the employee of leave, insurance benefits and any additional information, as needed, from the resource file. It is the employee's obligation to seek diagnosis and/or treatment and to abide by any program of care prescribed by medical personnel. A request for assistance may not be entertained if it is made after the employee engages in misconduct which the ACSD Superintendent considers to be cause for discharge, and no request for assistance will prevent the ACSD Superintendent from taking disciplinary action based on the misconduct which may have been related to the employee's use of alcohol or drugs.

The ACSD , however, is under no obligation to maintain the employment of anyone who constitutes a threat to the workplace or whose current use of alcohol or drugs prevents him/her from working safely or productively, or otherwise performing his/her duties.

The ACSD has the right to revise this policy. Nothing in this policy grants any property right to an employee who serves at the will and pleasure of the ACSD Superintendent of Education.

On December 10, 2015, President Obama signed the bipartisan Every Student Succeeds Act (ESSA), which reauthorizes the Elementary and Secondary Education Act of 1965 (ESEA). The ESSA builds upon the critical work States and local educational agencies (LEAs) have implemented over the last few years. The reauthorized law sets high standards and contains policies that will help prepare all students for success in college and future careers. It prioritizes excellence and equity and recognizes the importance of supporting great educators in our nation's schools.

FAMILY AND MEDICAL LEAVE ACT

The Family and Medical Leave Act (FMLA) was enacted on February 5, 1993 and became effective on August 5, 1993. FMLA entitles eligible employees to take up to 12 weeks of unpaid, job-protected leave each year for specified family and medical reasons. These reasons include:

1. The birth or placement of a child for adoption or foster care.
2. To care for an immediate family member (spouse, child, or parent) with a serious health condition.
3. To take medical leave when the employee is unable to work because of a serious health condition.

Spouses employed by the same employer are jointly entitled to a combined total of 12 work weeks.

To be covered under FMLA the employee must:

1. Work for a covered employer. Amite County School District is a covered employer.
2. Have worked for the employer at least 12 months.
3. Have worked at least 1,250 hours over the prior 12 months.
4. Work at a location where at least 50 employees are employed by the employer within 75 miles.

Subject to certain conditions, employees or employers may choose to use or require the use of accrued paid leave (such as sick or vacation) to cover some or all of the otherwise unpaid FMLA leave. An employee's paid leave cannot be credited as FMLA leave after the leave has been completed.

Group health insurance coverage will continue while an employee is under FMLA leave whenever the coverage was provided prior to the leave being taken. The terms remain the same as if the employee had continued to work.

Except for accrued or earned benefits, such as seniority, the employee must be restored to the same benefits upon return from FMLA leave as if the employee had continued to work the entire FMLA leave period.

Upon return from FMLA leave, an employee must be restored to his or her original job, or to an equivalent job with equivalent pay, benefits, and other employment terms and conditions. The employee is required to provide the employer with 30 days advance notice when the need for leave is "foreseeable." When such an advanced notice is not possible or the need for the leave cannot be foreseen, the employee must give the employer notice as soon as possible. Notice should be given to the employee's principal or immediate supervisor and must be approved by the superintendent and the board of education.

The confidentiality of the financial hardship waiver policy adopted by such school board shall apply to any students who have an inability to pay any fees authorized under subsection (1)(c) of this section.

(3) In no case shall the inability to pay the assessment of fees authorized under the provisions of this section result in a pupil being denied or deprived of any academic awards or standards, any class selection, grade, diploma, transcript, or the right to participate in any activity related to educational enhancement.

HOUSE BILL 527

House Bill 527 establishes the Education Employment Procedure Law of 2001.

Section 1

It is the intent of the legislature to provide for accountability in the teaching profession and to provide for the non-renewal of licensed education employees in a timely, cost-efficient and fair manner, to provide the employee with an opportunity for a hearing, and to require non-renewal decisions to be based upon valid educational reasons or noncompliance with school district personnel policies.

Section 2

This section clarifies that the protection under Act applies only to licensed education personnel. In addition, it establishes a new probationary period where the notice and hearing requirements are applicable for the first two years of Mississippi school employment, and at least one year in the current district. The language provides "grandfather" protection for existing employees meeting these conditions.

Section 3

This section established February 1 as the date for a school board to give initial notice of its preliminary non-reemployment decision to the superintendent.

Section 4

This section is revised to establish that the superintendent, without prior approval of the school board, shall give notice to any principals being non-renewed no later than March 1 and for other educators no later than April 15.

Section 5

New procedures are established for an employee receiving notice of non-renewal; A deadline of ten (10) days is given to employees to request a hearing rather than seven (7) days.

- If a request for a hearing is made, then the employee is entitled to the specific reason for the non-renewal
- A list of witnesses
- A copy of all documentary evidence fourteen (14) days before the hearing.

The employee is required to provide, within five (5) days of the hearing, a list of witnesses, and a copy of all documentary evidence.

Section 6

New procedures are established for hearing:

- A board designee can set the date and time of the hearing without requiring the board to have a special meeting just for that purpose.
- Hearing officers are prohibited from having a conflict of interest.
- Ex part communications to hearing officers are prohibited.
- Hearings shall be held in executive session unless the employee elects a public hearing. However, even if the hearing is public, the board or hearing officer may close any portion of the hearing where children testify or where the evidence relates to the reputation or moral character of another party.
- The hearing officer may prepare a report for the board to consider; however, the board can only consider evidence presented at the hearing in making a conclusion whether the non-reemployment decision is proper and is based upon valid educational reasons or noncompliance with school district personnel policies.

Should a school transfer become necessary, the district will coordinate with the receiving school to ensure enrollment without delay.

HOMEBOUND INSTRUCTION

Students may be enrolled in the homebound program following the sixth consecutive day of absence that is a result of an illness diagnosed by a physician, provided that all requirements for homebound enrollment are met. Parents are asked to contact the school principal to arrange for up to fifteen (15) days of homebound instruction. A homeless student will be admitted to the district school in the attendance area in which the student is actually living, or to the student's school of origin as requested by the parent and in accordance with the student's best interest. Transportation will be provided to and from the student's school of origin at the request of the parent, or in the case of an unaccompanied student, the district's liaison for homeless students. If this is not feasible and the child must attend a school other than the school of origin, the district will coordinate with the other LEA to determine the best interest of the student. Parents will receive written explanation of the decision and notification of their right to appeal.

Even if you believe a student is feigning illness, it is still better practice to treat him/her as though he/she were sick. The office will assume responsibility for future action. When handling accidents or illnesses involving body fluids, gloves should be worn. For more information about policies pertaining to communicable diseases and head lice procedures, see the student handbook.

INSURANCE

Such absence must be approved in advance by Superintendent. No deduction from salary will be made, and such time will not count against accrued time. Administrative leave request for professional service that is out of state requires school board approval.

- B. Leaves of absence without pay may be granted for approved study, health, or service in the armed forces. No leave of absences shall exceed one year. Request for such leave must be made as far in advance as possible and must be approved by the schoolboard.
- C. **Personal Leave:** Each teacher shall be credited with a minimum personal leave allowance, with pay, of two (2) days for absences caused by personal reasons during the school year. Such personal leave shall not be taken on the first day of the school term, the last day of the school term, or a day previous to a holiday, or a day after a holiday. Employees absent on those days for personal reasons will be docked a full day's pay. For each multiple of eight days of sick leave accrued by the teacher in prior school years, the teacher may take one day of personal leave, which shall be charged against accrued sick leave. All absences for personal reasons must be approved 3 school days in advance by the principal.
- D. **Temporary Disability:** During the first year of employment, prior to FMLA taking effect, leave of absence without pay, beyond accumulated sick leave and for a minimum of one nine weeks may be granted for temporary disabilities under the following options:
 - Option 1:** Teachers requesting leave to begin at the end of a grading term and to expire at the beginning of a grading term will be returned to the position held at the time of their leave.
 - Option 2:** Teachers requesting leave to begin at a time other than the end of a grading term will be offered a comparable position within the district when available after a request for return to duty has been made.

Teachers who refuse to accept their position when offered will be considered resigned. An extension to leave for temporary disability may be granted through an administrative hearing. All teachers, regardless of the option chosen, may be required to present a doctor's certification of their ability to return to work at the time their request is made.

It is the policy of the Amite County School District to contract with fully certified temporary teacher or classes whose teacher is on leave of absence subject to availability of such certified teacher.

 1. The immediate family is limited to father, mother, husband, wife, son, daughter, brother, sister, or person who is in loco parentis to the employee. When there is a death in the family, two working days of sick leave may be taken.
 2. Full time teachers under contract are allowed 7 days of sick leave per year.
 3. Accumulation of sick leave is unlimited. For excess sick leave taken beyond the accumulated amount, payroll deductions will be made as follows:
 - a. From 1 to 10 excess days – the established substitute amount of teacher compensation.
 - b. After the 10th day – the full amount of pay will be withheld.
 - c. After the allotted days the employee shall provide a doctor/medical excuse for any absence.
 4. Any leave beyond 10 days excess must be submitted to the superintendent or his designee for approval.

All accumulated sick leave shall terminate upon the termination of employment in the Amite County Schools and shall not be restored if the teacher should later be re-employed in the county system. However, a teacher who transfers from one school to another with the Amite County School District retains any accumulated leave.

LESSON PLANS

- A. Teachers will prepare and submit lesson plans the week prior to instruction. If a teacher assistant is assigned, the plan will include activities for the teacher assistant.
- B. For each class, the lesson plan will include objectives, procedures, materials, assessment, and assignments.
- C. Lesson plans should be placed on the teacher's desk in the substitute folder at the end of the day (except the day that the lesson plans are submitted to the principal for review).
- D. The teacher should provide the substitute with a neighboring teacher who is familiar with the class routine.

MS College and Career Readiness Standards/Grouping POLICY

Instructional Practice and Learning Opportunities to Address for the Mississippi Assessment Program (MAAP)

It is the policy of the Amite County School District that all students are provided instruction for adequate and appropriate learning that will result in achievement levels and achievement growth levels commensurate with the students' readiness to learn. Consequently, instruction in the Amite County School District will be directly linked to the MS College and Career Readiness Standards. Instructional grouping based on academic readiness will be in place in Reading/Language Arts and Mathematics. This readiness grouping will result from pre-assessment of the MS College and Career Readiness Standards. Students will progress through the MCCRS based on readiness to learn, rather than a lock-step chronological process of skill instruction. The result of this policy will be MCCRS skill readiness grouping for all students in grades K-8 in reading, language, and math. Readiness grouping may be in a variety

of forms. Cluster grouping, which groups students by skill readiness assessment within the classroom or group-regroup, which continuously regroups students within the classroom or within grade-levels by skill readiness assessment may be used. The key component in the skill readiness grouping process is the assurance that students are pre-assessed, taught appropriate skills based on the pre-assessment results, assessed on the skills taught and moved to the next bank of skill instruction based on this assessment. This process will address both achievement and annual yearly growth of achievement for all students, including special education students. Achievement and growth of achievement are required for accreditation of schools and the district.

Students demonstrating exceptional academic need will be afforded a variety of instructional opportunities including computer assisted instruction Multi-Tiered System of Support (MTSS) interventions before and/or after school tutoring, reduced class size, specialized programming, and extended school year. Students taking courses in the MAAP who demonstrate exceptional academic need and/or have failed the MAAP test will be provided opportunities to retake the course or participate in compensatory programming (see Amite County School District policy: Credit Recovery).

SCHOOL POLICY FOR THE ADMINISTRATION OF MEDICINE

- A. **Prescription Medication** A Medication Authorization Form for the administration of medication must be completed by the parent/guardian and placed on file at the school before any medication will be given at school. A new authorization must be completed at the beginning of each year or whenever there is a change in the medication dosage or schedule. In accordance with state law, students who need to keep certain medications in their possession for emergencies will need authorization from their parent guardian and the physician. All authorization forms are available online at the time of registration or from the school nurse. Prescription medications must be supplied and brought to school by the parent/guardian or authorized adult.

The medication must be in the original labeled container. The prescription label must have the student's name, name of the medication, dosage, route, time to be given, and the name of the prescribing physician. Parents should request the pharmacist to provide a container labeled for school use. Only the required number of doses needed at school should be brought in the container. It is the responsibility of the parent/guardian to insure that adequate medication is available at the school.

In the event the school nurse is not available to administer medication, e.g., field trip, unlicensed school personnel, who have completed the Assisted Medication Administration Training, will assist the student with taking his/her medicine. Some restrictions may apply.

All medications will be kept in a secure area at school and administered only by designated personnel. All students' medications must be picked up by the parent/guardian at the end of the school year or when the medication is no longer needed. Medications left at school will be disposed of on the school nurse's last workday of the year.

- B. **Over-the Counter Medication** - The school nurse, in accordance with standing orders written by the Amite County School District Medical Director and with written authorization by the parent/guardian, may give a limited number of over-the-counter medications. If the school nurse is not available, the parent/guardian must bring the medication to school and administer it. Students require an Authorization for Administration of Over-the-Counter Medications Form completed and signed by the parent/guardian to receive over-the-counter medications at school. This authorization is

completed online with student registration and is valid for one year. School nurses will not be able to administer any other over-the-counter medications unless the following is completed:

- Medication has been prescribed by a licensed health care provider
- Medication is brought to the school, in a properly labeled prescription bottle/container, by the parent/guardian.
- Written authorization from a parent/guardian has been received

- C. **Medication Administration on Field Trip** – Due to the severity of student’s medical conditions on school campuses, school nurses may not attend field trips. Provisions will be made to train professional school staff to assist students with medication administration on field trips. Some restrictions may apply.

The school reserves the right to refuse administration of any medication when circumstances warrant such action. This may include adverse reaction, incomplete instructions for administration, non-compliance by the parent or student with school policy, or other extenuating circumstances. The parent /guardian will be notified of these situations.

Educators have the professional and contractual responsibility to participate in the school district's professional development program in professional development options for license renewal. The selection of professional development options is to be focused on student learning. Each educator is responsible for maintaining and submitting documentation for license renewal to the Office of Education Licensure in the Mississippi Department of Education. MULTI-TIERED SYSTEM OF SUPPORTS (MTSS)

The Multi-Tiered System of Supports integrates Response to Intervention (RtI) for academics and RtI for behavior into a unified model that recognizes the reciprocal influence academic performance and social/emotional/behavior have on each other. The main goal of the MTSS to be prevention oriented by knowing which students need support and implementing supports as early as possible each school year. Interventions will be evidence-based and targeted to the student's needs. Progress monitoring data will be used to determine when to make changes in instruction.

The Mississippi Department of Education shall require every school district to follow the instructional model which consists of three (3) tiers of instruction:

Tier I: Quality classroom instruction-based Mississippi College-and-Career-Readiness Standards and Mississippi Curriculum Frameworks

Tier II: Focused supplemental instruction

Tier III: Intensive interventions specifically designed to meet the individual needs of students.

If strategies at Tier 1 and Tier 2 are unsuccessful, students must be referred to the Multi-Tiered System of Support. On those occasions that the Multi-Tiered System of Support interventions are not successful, the procedures for assisting students considered at-risk of academic failure will be followed. This committee will recommend improvements and/or forward the referral to the MET. This Board of Education approved procedure is provided to principals, who chair the Multi-Tiered System of Support, and is published in the District Policies and Procedures Manual.

It is the policy of the Amite County School District that the referral of a student to the Multidisciplinary Evaluation Team (MET) will begin the State of Mississippi's process for determining the eligibility of a student for special services. Under the provisions of the Individuals with Disabilities Education Act (IDEA) students should only be considered after appropriate instructional variations and interventions have been implemented in the regular classroom and the student continues to be "at risk," or if the student is obviously disabled.

Teachers must conduct probes and submit results according to the timelines dictated by the Multi-Tiered Support System.

TRAVEL EXPECTATIONS

When traveling in the scope of your employment, all employees are expected to uphold the Code of Ethics and be mindful that they represent Amite County School District. All social media posts should be made through the school or Public Relations department. Employees are expected to car pool when applicable.

TECHNOLOGY

The vision of the Amite County School District is to provide students with the tools and abilities needed to become successful citizens in the global information society. With students as the primary recipients of the technology, the district's mission of integrating technology in the classroom allows instruction to move from a teaching-centered environment to a learning-centered environment. This integration provides the tools to accomplish the National Educational Technology Foundation Standards for students.

All district schools and facilities are networked to form the Amite County District Intranet. Through the extension of this network, Internet access is available in District classrooms, libraries, and administrative areas. Currently, most classrooms are equipped with multimedia computers and a laser printer. The computer to student ratio of 1:4 provides Internet and email access, classroom access to the automated library circulation system, productivity software, and appropriate grade level and/or subject area software. Software for kindergarten through eighth grade is an integrated learning program. This type of program performs a diagnostic, prescriptive, and prognostic assessment for each student. Secondary software addresses a variety of required and elective courses with student access to productivity tools such as word processing, spreadsheets, and presentation applications. In addition, technology enhanced courses are offered, such as distance learning courses, Tech Prep courses, and STEM courses.

Amite County School District Electronic Access/Acceptable Use Policy

Amite County School District, referred to as the District, is providing employees and students with access to the District's electronic communication system, referred to as the District system, which includes Internet access. The District system has a limited educational purpose. The term "educational purpose" includes use of the system for classroom activities and professional development. The purpose of the District system is to assist in preparing students for responsible citizenship and success in life. The District system provides electronic access to a wide range of information and the ability to communicate with people throughout the world. In addition, the District system will enhance District intercommunication, productivity, and assist in the upgrading of skills through greater exchange of information with peers and the worldwide community.

ACCEPTABLE USE GUIDELINES FOR TECHNOLOGY RESOURCES

AMITE COUNTY SCHOOL DISTRICT

DEFINITION OF THE DISTRICT SYSTEM

The District's computer systems and Intranet are any configuration of hardware and software. The systems and networks include, but are not limited to, all of the computer hardware (i.e. servers, laptops, probe-ware, presentation stations, smart boards and digital cameras), operating system software, application software, stored text, and data files. This includes, but is not limited to, electronic mail, local databases, externally accessed databases, such as the Internet, CD-ROM, optical media, clip art, digital images, digitized information, communications

technologies, and new technologies as they become available. The District reserves the right to monitor all technology resource activity. All electronic transmissions will be archived according to district policy.

Purpose

Providing access to the District system promotes academic excellence in accordance with the District's educational objectives. This computer technology provides resource sharing, innovation, and communication that will help launch today's schools into the information age. The District system has a limited educational purpose, which includes use of the system for classroom activities, professional or career development, and limited, high-quality, self-discovery activities. Providing students and employees with access to the District system also includes Internet access. Users are expected to use Internet access through the District system to further educational and personal goals consistent with the mission of Amite County School District and its policies.

General User Responsibilities

Users are responsible for appropriate behavior on the District system just as they are in a classroom or on school grounds. Communications on the system are often public in nature. General school rules for behavior and communications apply. It is expected that users will comply with District standards and the specific rules set forth below. The use of the network is a privilege, not a right, and may be revoked if abused. The user and/or his parent/guardian are personally responsible for his/her actions in accessing and utilizing the District system. The user is advised never to create, access, keep, or send anything that they would not want open to the general public. District system users have a limited privacy expectation in the contents of their personal files on the district system. Routine maintenance and monitoring of the District system may lead to discovery that the user has or is violating the District's Acceptable Use Policy or the law.

District Responsibilities

The District maintains and reserves the right to review any material on user accounts for the purpose of maintaining acceptable use of the system. The District will maintain the system properly and efficiently to allow full access to the user. The District will notify the parents about the District system and the policies governing its use. In accordance with the Children's Online Privacy Protection Act, the District will maintain Internet filtering software to limit access to certain sites and to monitor access to electronic resources. The District will make training available to all users in the proper use of the system and will make copies of acceptable use guidelines available to all users. All training in the use of the District system will emphasize the ethical use of this resource.

Educator Responsibilities

Educators are responsible for disseminating and enforcing the District Acceptable Use Policy. Teachers are responsible for teaching proper techniques, for guiding student access to educational use of the system, and for assuring that students understand that if they misuse the network they will lose their privilege to access the Internet from the classroom environment.

Parent Responsibilities

Even though the District maintains a filtering system, it is not possible for the District to monitor and enforce a wide range of social values in student use of the Internet. Furthermore, the District recognizes that parents/guardians bear primary responsibility for transmitting their particular set of family values to their children. This includes setting and conveying standards for appropriate and acceptable use when the student is using the District system, specifically the

Internet. Therefore, it is ultimately a parental/guardian responsibility for the student's understanding of and compliance with the District Acceptable Use Policy including the consequences of non-compliance.

Student Responsibilities

Students are responsible for appropriate behavior on the school's computer network just as they are in a classroom or on school grounds. Communications on the network are often public in nature. General school rules for behavior and communications apply. It is expected that users will comply with district standards and the specific rules set forth in the Student Account Agreement. The use of the network is a privilege, not a right, and may be revoked if abused. The user and/or parent/guardian are personally responsible for his/her actions in accessing and utilizing the school's computer resources. The students are advised never to create, access, keep, or send anything that they would not want their parents or teachers to access.

Conduct of Behavior

Proper behavior, as it relates to the use of District system, is no different than proper behavior in all other aspects of Amite County School District activities. All users are expected to use the District system in a responsible, ethical, and polite manner. Any use of the District system must be consistent with the educational objectives and professional development of Amite County School District.

Consequences of Violating the Acceptable Use Policy

The District may suspend or revoke a system user's access to the District system upon violation of the District Acceptable Use Policy and/or administrative regulations regarding acceptable use. Improper or unethical use may result in disciplinary actions consistent with the existing Student Discipline Policy and/or Employee Policy Handbook as adopted by the Amite County School Board and published in the Student Handbook, as well as the Mississippi Penal Code or other state and Federal Laws. This may also require restitution for costs associated with system restoration, hardware, or software.

Acceptable Uses

The District system will be used only for learning, teaching, and administrative purposes consistent with the District's mission and goals.

Unacceptable Uses

1. Commercial use of the District's system is strictly prohibited.
2. Software may not be placed on any computer, whether stand-alone or networked to the District system, without permission from the school principal or Technology Department.
3. All users are expected to follow existing copyright laws, copies of which may be found in each campus library.

All such losses and collections shall be reported to the principal, and the money transmitted to the State Textbook Board through the superintendent's office.
- E. Teachers, book custodians, and superintendents distributing books to pupils are authorized to collect for any damage or excessive wear of the textbooks. The amount collection should be determined by the extent such damage has impaired the future use of the book and should be sufficient to impress upon parents and children the necessity for proper care and the use of the state-owned textbooks.

WEBSITE

Every teacher in the district is responsible for maintaining SAMs, which includes a grade book program, discipline records, and attendance records.

MAINTENANCE

Computers, printers, and tables in classrooms need to be cleaned on a regular basis. Dust will be pulled into the inside of the computer and can damage the internal components. Not only will this shorten the lifespan of the system, but file systems and applications also may not work properly. When covering computers, use sheets or cloths, NOT PLASTIC. Do not dispose of the sheets that cover the computers.

Please clean crayon and pen marks from monitors, computers, and keyboards. If mouse components or headphones are missing, check with your school administration about ordering replacements. If students damage or take these items, follow school discipline procedures for vandalism or theft.

Use only laser paper, transparencies, labels, etc. in the laser printer. The use of any other types of printer supplies will result in damage to the printers. Please check with your school administration about replacement procedures for consumable items such as paper and printer

toner cartridges. A printer photoconductor unit needs to be replaced along with a toner cartridge for every third toner cartridge.

WORK ORDERS

Before submitting work orders, please make sure that all cables are plugged in securely to the system and to both the electrical and network wall outlets. If the system freezes, many times a reboot will correct the problem. If the printer lights are not on, check the cables to the power connections for both the printer and the printer interface. This will ensure maximum use of limited resources of personnel and equipment. Work orders are to be submitted to the designated person at the school level.

FIXED ASSETS

As per regulations set forth by the State of Mississippi, Office of State Auditor, each school district must conduct an inventory of fixed assets. This is necessary to verify the existence and condition of fixed assets as to reconcile fixed asset records.

In order to meet this requirement, it is the procedure of the Amite County School District to complete a physical inventory twice a year. The inventories will take place during teacher workdays at the beginning and end of each school year. Your campus administrator will inform you of the actual inventory dates.

To complete each inventory, it is the responsibility of the teacher/staff member to verify property code number and serial number of each fixed asset item in his/her assigned location and to notify the school level fixed asset manager of any discrepancy. A room inventory sheet, signed by the staff number and school level fixed asset manager, must be posted in each room and correct at all times. It is also the responsibility of the staff member to notify the school level fixed asset manager of any item(s) that become broken and/or removed from your assigned location during the school year. The school level fixed asset manager will make the necessary corrections within fixed assets and reprint a room inventory list for signatures and posting. All fixed asset items are the responsibility of the staff member to whom they are assigned for proper use and safe keeping.
