

Southern Local Elementary School
Safe Student / Healthy Student Programs
November / December 2020

Listed below are the programs that I will present to our students during November and December. Due to the current situation we are unable to have our outside program presenters visit the elementary school this year. Hopefully next year we will be back to normal. If there are presentations that you would like me to do let me know and I will build the presentation based on your request. If we go remote I will reschedule any cancelled presentations once we return to school.
