

# Kindergarten Daily Schedule for Digital Learning Days

Dear Parents,

The following is a suggested schedule for you to follow during Digital Learning Days.

- [Lexia Learning](#)- Please complete 30 minutes each day
- Sight words - review, write and practice - 15 minutes each day
- Readers practice/reading - 20 minutes each day (AR test are available from 7am -7pm)
- Addition and subtraction facts to 5 - 15 minutes each day
- Rote counting to 100 by 1s and 10s - 15 minutes each day
- Writing numbers 0-30 or higher - 15 minutes each day
- [IXL Math](#) - 10 minutes each day

Enrichment- If you would like more ideas, have your child create a journal documenting his/her day. We also encourage reading books together and taking AR tests. If your child does not know his or her AR login, please Dojo your child's teacher.

Optional- We have provided reading and math print materials for you to pick up at the main office for all BES kindergarten students. Even if you chose the Digital Learning option, these resources are available.

Teachers will be available from 9-2 each day via Dojo or email. Thank you for all your hard work during these days. We hope everyone stays well!

Thanks again,

The BES Kindergarten Teachers and Paras
