

## What is Transition?

“Transition” means moving from one place, stage or relationship to another. Every person experiences transition throughout life.

Preparing your child for post-school life is important. For individuals with disabilities, the challenges that everyone faces with this transition can be even more pronounced. Transition planning is a way to help your child move from school to adult life successfully. There are resources and agencies available to assist with preparing your child for this transition.

### Huron Intermediate School District

1299 S. Thomas Rd.  
Bad Axe, MI 48413  
(989) 269-6406
