

CHAPTER 8.00 - AUXILIARY SERVICES

TELEPHONE SERVICE/CELL PHONES

8.61

- I. To promote efficiency and economy, the Superintendent or designee shall develop a uniform system for implementing effective telephone service systems, including use of telephone lines to support technology. Dale County School System personnel shall be informed of this system.
- II. The Dale County School System shall encourage use of toll free networks or equivalent services.
- III. Telephone service and long distance billings shall be subject to periodic review and audit. No person shall charge unreimbursed long distance personal calls to the Dale County Board of Education.
- IV. Employees may not use pagers, cell phones, or any other electronic communication devices during school hours, except during their authorized break or planning periods.
