

North Carolina Academic Scholars

The North Carolina Academic Scholars are students who have achieved the following: they have an overall four year unweighted grade point average of 3.5 or better, and have completed the following: 4 credits in English, 4 credits in math, 3 credits in science with one credit being chemistry, 4 credits in social studies, 2 credits of the same foreign language, and 1 credit in healthful living. Academic scholars must also have 4 elective credits constituting a concentration from one of the following, career and technical education, JROTC, Arts Education, or Second Languages.

In addition to these classes, an academic scholar, must also take, during their junior and senior year three Honors, Advanced Placement classes, or three community college classes. The following students are Randleman High School's 2019-2020 Academic Scholars;
